Vice Chancellor’s Message

My dear students

I am fully convinced that you are the future architects of prosperous Pakistan. If you want a thriving Pakistan then it has to be a knowledge based Pakistan. You therefore enter the University to seek knowledge and leave to disseminate knowledge. In today’s world high expectations and demands are placed on the centres of higher education. The 21st century calls for new approaches to learning, innovative thinking, the acquisition of specific knowledge not just about the discipline that they belong to but also about the environment, health and citizenship, and the promotion of ethical values and attitudes. In our rapidly changing and interdependent world, the universities not only have to ensure that students acquire solid skills in basic subjects, but also that they become responsible local and global citizens, at ease with new technologies and able to make informed decisions about health, the environment and other local and global challenges. Going glocal is the recipe to international peace, harmony and prosperity. Furthermore, remember one thing; education and all its forms crown those who cultureth her. Character building is an important aspect of education. It is our social capital. Strength of character includes faith, discipline, tolerance, patience, sharing, caring and compassion. Development of these qualities in our institutions will help us reduce trust deficit and intolerance which exist in our society today.

Let us therefore, work together to build knowledge based prosperous Pakistan.

The City Multan

Multan, the city of saints, has been a center of learning, culture and civilization for centuries. It is one of the oldest living cities of the world. Its original name as described by Hiuen Tsang, a Chinese traveller, who visited the city in October 641 A.D., was ‘Mul-lo-san-pu-lu’, which is believed to be a translation of ‘Mulasthan-Pura’. Al-Beruni, who came to South Asia in 1015 A.D. along with his Master Sultan Mahmud Ghaznavi, writes about the town as ‘Mulatana’. He visited Multan the same year and recorded that Multan was originally called ‘Kasyapapura, then Hansapura, then Bhagapura, then Sambapura and then Mulasthan. Sir Gen. Alexander Cunningham, after conducting excavations in the old fort in 1853 A.D. and 1864 A.D., further adds to these names those of ‘Prahladapura and Adysthana’. The first recorded event in the history is the invasion of Alexander the Great in February 325 B.C.

Several other important historians visited Multan including Masudi (915 A.D.), Istakhri (951 A.D.) and Ibn Batuta (1334 A.D.) and they all wrote about the social, cultural and educational activities in Multan. Multan’s importance has always been acknowledged and it has always maintained its distinguished and honorable position among the cities of this region.

The city (740 ft. above sea level) is located almost in the center of Pakistan. It is at a distance of approximately 950 km from Karachi and 630 km from Islamabad, right on the main highway and about six kilometers from the mighty Chenab, in a bend created by the five confluent rivers. The vast plain of Multan Division is dissected by rivers, canals and narrow water channels, forming an ideal agricultural base for the economic development of the region.
The University

Multan has always remained a centre of excellence in education. Hazrat Bahauddin Zakariya (1172 - 1266 A.D.), a Muslim religious scholar and saint, established a school of higher learning in theology in Multan; where scholars from all over the world came for studies and research. Multan has maintained its central position and centuries old cultural heritage and therefore suited ideally to become a center of learning. Thus the University of Multan was established in 1975 by an Act of the Punjab Legislative Assembly. To pay homage to the Great Saint, the name was changed from University of Multan to Bahauddin Zakariya University in 1979.

The University is located at a distance of 10 km from the city center. The main Campus is spread over 960 acres of land. The University has a fleet of 28 buses and 3 coaches which provides transport facilities to students and staff. The University started functioning in 1975 in rented buildings with 8 departments. Presently, it has more than 30 departments/institutes/colleges. Out of its 532 faculty members, 209 hold doctoral degrees and among its around 24,029 students, half are female.

The University offers a wide range of programs: M.A., M.Sc., MBA, M.Com., MCS, M.Phil, and Ph.D. Additionally, in recent years, the University has taken a lead in introducing 4-Year Undergraduate programs in Science, Commerce, Business, Pharmacy, Engineering, and English Literature and Linguistics. Various short-time courses and diplomas have become popular with the general public and are offered from time to time.

The University is widely known as an institution of strong performance and high ambition because it has continued to make excellent progress toward its goals. It plays a significant role in developing indigenous human resources through its highly productive achievements, both in sciences and humanities.

The University through different phases has made tremendous progress, but some recent developments are remarkable. To promote the activities of art and culture, Multan College of Arts was established in 2003. In order to cater the needs of textile industry, which is a major industry of the area, the University College of Textile Engineering was established in 2004. The University has also established three sub-campuses at Sahiwal, D.G. Khan and Layyah to provide education facility at the doorsteps of the people as part of the policy of the Government. Steps have been taken to establish the University’s linkages with the community and Industry. There has been significant enhancement in students’ enrollment. To ensure quality in academics and research, Quality Enhancement Cell has been established. A large number of buildings are under construction. These buildings will provide better facilities to the students. The University has implemented semester system in almost all the departments and organizing international conferences and seminars has been a routine academic activity. A significant number of faculty members have been awarded post-doc research fellowships. The establishment of the Saraiki Area Study Centre, Institute of Molecular Biology and Biotechnology and Faculty of Veterinary Sciences are some recent developments.

The Bahauddin Zakariya University is the fastest growing public university in Pakistan, and it will continue to play a vital role in the development of the country.
Jurisdiction
The main objective of the University is to provide facilities of higher education and research to the population of the Southern region of the Punjab. The University fulfills three functions: teaching, affiliation and examination. The University has 135 affiliated colleges, which include old and prestigious institutions such as the Government Emerson College Bocan Road, Multan, the Government College, Sahiwal and the NFC Institute of Engineering & Technology, Multan.

Administration
The University Senate is the supreme governing/legislative Body of the University. The Syndicate is the executive body of the University and the Academic Council is the main academic body of the University.

University Syndicate:
The University Syndicate is the executive body of the University. The present Syndicate consists of the following members:

- Prof. Dr. Syed Khawaja Alqama
  Vice-Chancellor
  (Chairman)
- Hon’ble Mr. Justice Muhammad Qasim Khan
  Judge, Lahore High Court, Lahore
- The Secretary
  Government of the Punjab
  Education Department, Lahore
- The Secretary
  Government of the Punjab
  Finance Department, Lahore
- Prof. Dr. Saeed Ahmed Malik
  Dean, Faculty of Science
- Justice (Retd.) Zafar Yasin
  22-A/5, Officer Colony, Multan

Academic Departments
The University consists of the following faculties, teaching departments, institutes, centers and constituent colleges.

1. Faculty of Arts and Social Sciences
   - Department of Economics
   - Department of Education
   - Institute of Social Sciences
   - Department of History
   - Department of Gender Studies
   - Department of Pakistan Studies
   - Department of Geography
   - Department of Political Science
   - Department of International Relations
   - Department of Communication Studies
   - Department of Sociology
   - Department of Applied Psychology
   - Department of Philosophy
   - Department of Sports Sciences
   - Multan College of the Arts

2. Faculty of Commerce, Law and Business Administration
   - Institute of Management Sciences
   - Alfalah Institute of Banking and Finance
   - Department of Commerce
   - B. Z. University Gillani Law College

3. Faculty of Engineering and Technology
   - University College of Engineering and Technology
     - Civil Engineering
     - Electrical Engineering
     - Mechanical Engineering
     - Computer Engineering
     - Building and Architectural Engineering
     - University College of Textile Engineering
     - Institute of Advanced Materials

4. Faculty of Islamic Studies and Languages
   - Department of Arabic
   - Department of English
   - Department of Islamic Studies
   - Department of Urdu
   - Sarakiki Area Study Centre (SASC)

5. Faculty of Pharmacy
   - Department of Pharmacy

6. Faculty of Science
   - Institute of Chemical Sciences
   - Center for Advanced Studies in Pure and Applied Mathematics
   - Institute of Computing
   - Department of Physics
   - Department of Statistics
   - Institute of Pure and Applied Biology
   - Institute of Molecular Biology and Biotechnology
   - Department of Biochemistry
   - Department of Environmental Sciences

7. Faculty of Agricultural Sciences & Technology
   - Department of Agronomy
   - Department of Botany
   - Department of Forestry & Range Management
   - Department of Horticulture
   - Department of Plant Breeding & Genetics
   - Department of Plant Pathology
   - Department of Soil Science
   - Department of Agri. Business & Marketing
   - Department of Agricultural Engineering

8. Faculty of Veterinary Sciences

Bahaudin Zakariya University
Sub-Campuses
B.Z.U. Sub-Campus, Sahiwal
   - Department of Business Administration
   - Department of Applied Psychology
   - Department of English
   - Department of Economics

B.Z.U. Bahadur Sub-Campus, Layyah
   - Department of Business Administration
   - Department of English
   - Department of Economics
   - Department of Psychology
   - Department of Sociology
   - Department of Education
   - College of Veterinary Sciences
   - College of Agriculture
Facilities to Students

Library

Library plays a vital role in the academic life of a university. The fundamental role of the library is educational. It should not be operated as a mere storehouse of books, rather it should be a dynamic instrument of education. The Central Library of the university is being organized on these lines. The library collections support not only every course in the curriculum but also include selected stock of general reference books, periodicals, publications, newspapers etc. Most of the departments have their own departmental libraries situated in their own buildings. The total number of books in the Central and Departmental Libraries is 1,66,583. The administration of the Library is vested in the Library Committee, which is responsible for efficient management of the Library. The whole library system is being computerized and online library service will be available through a network after the completion of the computerization process.

Study Tour

Student tours comprise the main part of the University’s co-curricular activities. Each student may participate at least once in a study tour arranged by the concerned teaching department during his/her stay at the university. Such tours are primarily financed by the students and supplemented to a reasonable extent by the University.
Accommodation

The University, at present, has six hostels for boys and six hostels for girls. In all the hostels, the residents are provided with the necessary facilities. Internet facility is also provided in the hostels. The mess is run by students. The places in these hostels are filled on the recommendation of the Chairpersons of respective departments. The students, desirous of staying in the hostel, are, therefore, advised to submit their applications, in quadruplicate, to the office of the Warden of Hostels through the Chairperson of their respective Department.

Medical

Consultation and advisory health services are available for the students. A reasonably equipped dispensary, looked after by two doctors and assisted by qualified staff, exists at the campus. Complicated cases are referred to the specialists in the Nishtar Hospital, Multan. Ambulance service is also available to move the patients in case of emergency. Note: Misuse of ambulance is strictly prohibited. Students involved in misusing the ambulance will be liable for disciplinary action.

Transport

Since the campus is about ten kilometers away from the city, the University has its own arrangement for traveling to the city and back. A fleet of 28 buses and three coasters operates between the Campus and the city according to the schedule announced from time to time by the Transport Officer. The working operation of the Transport Section is looked after by the Transport Officer and Chairman, Transport Committee. A private bus service also has a frequent service between the campus and the city.
Directorate of Student Affairs

The Directorate of Student Affairs is established to provide different services to the students and to assist their co-curricular activities. This office functions as a friend and guide to the students. The Directorate provides all necessary arrangements starting from first admission inquiry to the last day at the Campus. This Directorate also encourages and endorses extra-curricular activities among students. It provides students different opportunities to take part in sports/games. It also provides them different platforms for the development of their literary and artistic potentialities. The purpose of all such activities is to provide students a conducive environment during their academic years in the university. The Directorate also attempts to resolve different problems/issues/conflicts among the students. The Directorate provides information related to the education and future career. Different societies/clubs work under the umbrella of the Directorate. The Directorate supervises different societies. Each society comprises of at least one senior faculty member. The rest of the members are taken from students.

Scholarship Cell

Higher Education Commission, Islamabad, in 2005 started financial assistance to the needy students of Bahauddin Zakariya University, Multan under programs "HEC Japanese Need Based Scholarships in basic and social sciences" and "HEC Maritorious Need Based Scholarships in medical and biomedical sciences". In order to deal with these programs, Students Financial Aid Office (SFAO) was established in 2006 at the 2nd floor of central library of Bahauddin Zakariya University, Multan. Under direction of the worthy Vice Chancellor "BZU Financial Support Program" was launched in the academic session 2007-2008 and 117 scholarships were awarded to the needy students of various Departments of BZU. This office also coordinated with Pakistan Bait-ul-Maal, Punjab, for the financial assistance and 906 scholarships were awarded to the needy students of various departments of Bahauddin Zakariya University, Multan during the academic year 2007-2008. The Student Financial Aid Office got the status of Scholarship Cell in 2008 and is dealing with all types of merit scholarships as well as financial support programs in the University.

Scholarships/Financial Assistance are available to the students under following programs:
• Internal Merit Scholarships
• HEC-Maritorious Need Based Scholarships
• HEC-Japanese Need Based Scholarships
• Pakistan Bait-ul-Maal Financial Assistance Program
• BZU Financial Assistance Program
• NBP Loan Scheme
• Begum Syeda Mubarak Scholarships
• Sardar Korey Khan Scholarships

Career Development Centre (CDC)

Career Development Centre has been established to facilitate students in jobs and internships by developing liaison with public and Private sectors. The major objective of CDC is to facilitate the students in transition to further study and to get employment by providing resources to graduates for making decision, including training and guidance in career management skills. The centre is equipped with material of competitive examinations, recommended text books and strategies for taking these examinations.

CDC can Help Students in the following areas:
• Career Counseling
• Job Search Techniques
• Communication Skills
• Resume writing
• Interview Techniques
• Guidance for Competitive Exams (CSS, PMS, PCS)
Objectives of Career Development Centre

- Conducting Workshops and Seminars to encourage students toward employment
- Conducting Practical Workshops for skill development required for interviews and CV writing
- Providing one to one counseling to students for career selection
- Developing and maintaining a placement board for the students of University
- Maintaining liaison with Federal/Provincial Public Services Commissions for obtaining material on competitive exams for Civil Services
- Inviting prominent members from civil society for interaction with students
- Maintain constant liaison with Institutes of learning, developing interaction of students with scholars
Students Advisory Center (SAC)

Students Advisory Center has been established to provide general guidance, counselling and psychotherapy for different psychological problems. Supervised by a counselling psychologist, Miss Saima Naqvi, the Center is functioning in the Institute of Management Sciences and is providing services to all the students, university staff members and their dependents. The center also organizes Mental Health Camp under the consultation of Lt. Col. (Retd.) Dr. Khalid Memhood, Ex-Head of Psychiatry Department, CMH and the Consultant Psychiatrist at Ar-Rehman Hospital, Multan fortnightly. The center also provides guidance to students in their career planning.

Research and Higher Education Promotion Society (RHEPS)

The function of this society is to promote different research activities among the students.

Literary and Debating Society (LDS)

In order to create a conducive environment for literary activities, the society arranges debates, declamation contests, poetic gatherings etc.

Ladies Club

With the formation of a ladies club a warm and friendly atmosphere is created at the campus. This provides a forum to female students to explore their talent and to handle their problems. The Club is functioning under the supervision of a senior teacher.

Cultural/Dramatic Society (CDS)

This society is organized to add color and warmth to the campus life. The purpose of this society is to create an entertaining and healthy diversion at the campus by organizing concerts, drama festivals, skills competition, picnics, and trips. This society also arranges movie shows.

Foreign Student Club (FSC)

The purpose of this club is to facilitate the foreign students in interacting with local customs and values. This society will help them to interact with the local students and people.

Blood Donor Society (BDS)

This society keeps the record of the blood donor students. At the time of any emergency the society contacts the concerned student for blood donation. The society also has collaboration with blood donor agencies like the Fatimid Foundation etc.

Environmental Protection Club/ Green University Project

This club maintains the membership of the students to create awareness about the environment protection of the region. It also arranges different walks and talks on the issues of the environment in conjunction with different environment protection agencies. It also arranges tree-plantation activities from time to time in the university.

Science Society

A society for science is organized to help students in their problems related to different areas of science. This society promotes students’ potential and interest in different areas of science. The society also promotes research activities in different disciplines of science.

Sports Club
**Placement Bureau**

The Bureau, functioning under a senior teacher as Director, promotes cooperation between the employment agencies and the University. It contacts various business organizations and government agencies and elicits their help and cooperation in the placement of students. This help may also take the form of financial assistance to poor and deserving students for which philanthropists may also be approached. In return, the University provides technical assistance to these organizations or individuals in solving their developmental and operational problems. During the long vacations, the Bureau arranges for the practical training of desirous students in Industry, Public Corporations and Government Departments.

**Scholarships**

The University awards scholarships on the basis of the academic merit of the students. Scholarships are also available to the students on competitive basis from the Government of the Punjab, the Government of Pakistan and Private Trusts and Agencies. Interest-free loans are also made available by the Pakistan Government and the Banking Council. Some of the major awards and scholarships are as under.

- **University Merit Awards**
  On the basis of the results of the B.A./B.Sc. examination, the University offers three merit awards for the first three positions among the successful candidates in the B.A. and B.Sc. examination.

- **Education Department Scholarships**
  The students of this University can apply for merit scholarships offered by the Government of the Punjab through the various Directorates of Education. The candidates have to apply on a form prescribed by the Directorate of Education and the application has to be submitted through the Chairman of the Teaching Department concerned to the Directorate of Education of the Division.

- **Pakistan Atomic Energy Commission Scholarships**
  The Pakistan Atomic Energy Commission offers one scholarship each in the subjects of Physics and Chemistry to a student who has obtained first division in all the public examinations up to the B.Sc. level.

**Fee Concession**

The University grants a prescribed number of fee concessions to each Department. The Chairman, at his discretion, may grant the full fee concession or a number thereof to half fee concessions. Each full fee concession is equivalent to two half fee concessions.

**Loan for Needy Students**

The needy students of the University can avail themselves of the scheme of the Government of Pakistan for obtaining interest-free loans from the funds of the Banking Council which are especially instituted for the purpose.

   ii. Candidates requiring hostel accommodation will have to apply at the time of submission of application for admission.
   
   iii. Hostel admissions will also be completed before the class work starts.
   
   iv. Students studying in the BS programs can be offered Hostel Admission as per criteria laid down by the University.
Semester Rules and Regulations
(Undergraduate & Postgraduate Programs)

Copy of the University Semester Rules/Regulations for the undergraduate and graduate programs can be obtained from the office of the Registrar on payment.

Students Discipline

1. Directorate of Students Affairs
This Directorate, headed by a senior teacher as Director, deals with all the matters relating to students’ affairs, including discipline.

A. Discipline

1) No Student shall:
   i. Utter, do, or propagate, anything repugnant to Islam within and outside the precincts of the University/College;
   ii. Say or do anything which might adversely affect the honor and prestige of Pakistan, the University teachers and his/her educational institution;
   iii. Smoke in the classroom, laboratory, workshop, library, examination hall and University buses etc;
   iv. Form, or associate with an organization/society/club, or any other body promoting caste distinctions and inciting parochial/linguistic/regional feelings;
   v. Organize, or hold any function in the University except in accordance with the prescribed rules/regulations;
   vi. Collect money or receive donations or pecuniary assistance for or on behalf of the University or any University organization except with the written permission of the Syndicate;
   vii. Stage, incite, or participate in a walkout, strike or any other form of agitation which might create or is likely to create law and order problem for the University and affect or is likely to affect its smooth functioning;
   viii. Indulge in immoral activities, use indecent language, wear immodest dress, make indecent remarks, jokes or gesmake indecent remarks, jokes or gestures or behave in an improper manner;
   ix. Cause disturbance to others;
   x. Disturb peace and tranquility of the Institution;
   xi. Keep or carry weapons, narcotics, immoral or subversive literature; and
   xii. Use insalutary or abusive language or resort to violence against a fellow student or employee of the University.

2) Disciplinary action by the Principal of a Constituent/Affiliated College/Chairperson of the University Teaching Department/Director of an Institute/Center and the Discipline Committee against the student(s) may be taken in one or more of the following forms depending upon the severity of the offence:
   i. A student may be fined.
   ii. A student may be placed on probation for a fixed period.
   If during the period of probation he/she fails to improve his/her conduct, he/she may be rusticated or expelled.
   iii. A student may be suspended from the rolls of a College/Institute/Center/Department for a period not exceeding two weeks at a time, excluding the suspension if any, not exceeding 10 days, at one time ordered by the Principal of the College/Director of the Institute/Center/Chairperson of the Department/the Discipline Committee (constituted under Statute-11 of the First Statutes) pending inquiry into the misconduct of the student(s).
   iv. A Student may be rusticated/ expelled, or asked to withdraw from the College / Institute / Center / Department in the manner hereinafter mentioned.

B. Regulations Relating to Rustication, Expulsion and Withdrawal

1. Rustication, whenever imposed on a College/University student, shall always mean the loss of one academic year in so far as his/her Examination are concerned. The period of absence from the College/ University Teaching Department/Institute/Center will, however, depend upon the time of the year when the penalty is imposed. The student under rustication may at the discretion of the Principal of the College/Chairperson of the Department / Director of the Institute/Center be permitted to rejoin the class in the same College/Department/Institute/Center in the beginning of the next academic year.

A rusticated student once re-admitted and again found creating disturbance/ indiscipline, etc. will be expelled from the University.

2) A Student expelled from a College/University Teaching Department/Institute/Center shall not be re-admitted into the same College / Department/Institute/Center or into another College/Department/Institute/Center without the approval of the Syndicate. Re-admission shall in no case be granted before the expiry of one academic year from the date of expulsion.

C. College / Departmental Council

Each College/Institute/Center/Department shall constitute a Council to consider and decide the cases of expulsion, rustication and withdrawal of student(s). The council shall consist of the Principal / Director / Chairman...
of the College/Institute/Center/Department and two members of the teaching staff to be nominated by the Principal / Director/Chairman of whom one shall be the student’s advisor. The Principal/ Director/Chairman of the College/Institute/Center/Department shall be Chairman of the Council who may pass such orders as he may deem fit. Other members shall act in an advisory capacity. The Principal/ Director/Chairman shall communicate to the Registrar the name of the members of the council in the beginning of every academic year.

D. Reporting of the Case

Cases of rustication and expulsion shall be reported to the University by the Principals/Chairperson/Directors of the Department concerned for registration and notification. If a case of rustication/expulsion is revised by the Principal/Chairperson/Director of the College/Department/Institute/Center concerned, it shall be reported to the University with reasons for revising the order and brought to the notice of the Syndicate by placing the case on the Agenda.

E. Welfare

Each Affiliated / Constituent college and University Teaching Department/Institute/Center shall set up a Welfare Committee in order to be in touch with the students, to deal with their problems and look after their welfare in general. The Committee shall consist of the Principal/ Director/Chairperson of the College/Department/Institute/Center and two members of the teaching staff to be nominated by the Principal / Director/Chairperson of whom one shall be the student’s advisor.

F. Code of Honor

The following Code of Honor enunciating the basic principles of conduct expected of a student should be propagated through the Principals of the Affiliated College/Constituent Colleges and the Chairman/ Director of the University Teaching Departments/Institute/Center:

1) All Students must have faith in and respect for the ideology of Pakistan.

2) All Students must in matters of religion respect the convictions of others.

3) Every student is expected to:
   i. Be Loyal to Pakistan;
   ii. Obey the Law of the land as well as the Rules & Regulations of the University/College;
   iii. Maintain law and order as well as the dignity and prestige of the University/College;
   iv. Protect the property of the University/College;
   v. Show due respect to elders, teachers and outside visitors;
   vi. Work hard and co-operate in completing the courses of study within the prescribed period.

G. Discipline Committee

The Discipline Committee constituted under Statute-11 of the first Statutes appended as schedule to the BZU Act, 1975, shall investigate, deal with, hear and punish the following classes of cases of misconduct and indiscipline among the students on the rolls of the University teaching Department /Institute / Center / Constituent College in accordance with the aforementioned Regulations:

i. Case(s) where the students of more than one department are involved and the case(s) cannot be conveniently dealt with at the level of the Department/Institute/Center/Constituent College.

ii. Such other cases as may be referred to the committee by the Vice-Chancellor.

H. Appeal

i. The student(s) who has/have been rusticated/expelled may prefer an appeal with the Chairman Syndicate within 15 days of the date of notification.

ii. If a case of rustication/expulsion/withdrawal is revised by the Chairman of the Syndicate on the basis of an appeal, it shall be brought to the notice of the Syndicate along with reasons for revising the original order.

I. Indulgence in Politics

Every candidate and his/her parents/guardian shall at the time of admission give an undertaking that he/she shall not indulge in politics, failing which, he/she shall not be allowed admission. And if, after the admission, he/she violates such an undertaking i.e. indulges in politics, he/she shall be expelled from the institution without further notice. The finding with regard to “indulgence in politics” given by the Head of the Institution under his seal and signatures shall be final and shall not be questioned except only before the Supreme Court of Pakistan.

Vision

The foremost vision of the department is to augment the quality of education & research in the subject of economics. The department also intends to produce well trained graduates & researchers that can contribute significantly in the economy of Pakistan.

Mission

The mission of the department is to develop economic wisdom, innovative thinking with the promotion of ethical values & attitudes for delivering highest standards of education in Economics. The mission is also to develop the professional capacity building and to promote the culture of research and consultancy.

Goals

Keeping in view the present day requirements of the subject, the Department of Economics has following goals:

i. To endow with quality of education in economics based on strapping theoretical and practical knowledge.

ii. To promote research at various levels on local, national & international Economic issues.

iii. To provide the essential and fundamental knowledge of economics and skill with training to the graduates.

iv. To suggest the appropriate economic policies to decipher the economic issues through academic and professional research.

v. To produce graduates based on market oriented needs through revised and contemporary curricula.

vi. To promote/extend the opportunities of research and consultancy at local, national and international issues.

vii. To develop the strategic linkages with national & international universities/institutes.
Introduction

The Department of Economics is the leading department in teaching and research among the departments of social sciences, commerce and management. The Department is one of the pioneer departments of the university when it started functioning in 1975. The department has produced thousands of graduates so far who are serving in various national and international institutions across the countries.

At present, there are eight faculty members in the department. Four of them hold Ph.D. degrees from renowned universities. One faculty member has also completed his post doctoral research from London School of Economics, UK. During the current academic year, 1 more PhD would be the part of the team to meet the current needs and to cater the future demands and challenges. The faculty members are producing more than 20 research papers annually published in HEC approved national and/or international research journals. The faculty members have competency in diverse branches of economics. The Department of Economics is more competitive as compared to other departments/institutions working all over Pakistan due to its highly committed motivated and well trained faculty.

The department offers a wide range of courses in the field of Economics. The department is running BS 4-years program with the purpose to provide the essential knowledge and skills of Economics to the students. Keeping in view the present day requirements of the subject, the Department of Economics is already offering exciting and academically challenging postgraduate degree of M.Sc. Economics. The program provides expertise in Development Economics, Financial Economics and Econometrics with emphasis on quantitative tools such as Mathematics, Statistics and Computer applications in addition to core courses. The main feature of the course is its blend of core economic concepts and principles with modern research methods. The department is producing more than 180 postgraduates on average annually.

The department of Economics has also introduced a new and challenging program named as Master of Business Economics (MBEcon) which is the blend of Economics and Business Studies, recognized by the Higher Education Commission (HEC). This program is aimed at imparting a full range of knowledge, awareness and expertise mutually in the subjects of Economics and Business. The students of MBEcon would be equipped with theoretical, contemporary and market required practical skills relating to Economics and Business studies together. The graduates of MBEcon would be well prepared to take up their career in the Public / Private Sectors as Business Economist and Analysts in Businesses, consultancy firms, financial institutions and in applied research firms.

The Department also aims at promoting research on various local and national issues. For this purpose, the department has introduced M. Phil. Economics, M. Phil. Business Economics and Ph.D. Economics programs. The department has produced successfully more than 130 M Phil Economics and 15 Ph.D. scholars so far. Presently, 15 students are registered as Ph.D. candidates including HEC scholars. The students’ enrollment strength of the department has now risen to over 500 per academic year. As a bilateral exchange program, the department had established a linkage with the Molde University College, Molde, Norway and accordingly 4 of our colleagues have completed their PhDs over there.

The department has a library of more than 5000 books, plus a collection of national and international journals. Computer facilities are also available in the Department. The department also arranges some co-curricular and extra-curricular activities of the students to sharpen their abilities and performance.

Admission

Admissions are made by the following Departmental Admission Committee according to the criteria laid down by the University.

Admission Committee: 
Prof. Dr. Imran Sharif Chaudhry Chairman
Dr. Muhammad Zahir Faridi Member
Dr. Muhammad Omer Chaudhry Member
Dr. Muhammad Ramzan Secretary

The committee looks after the admission process and can be accessed for interpretation of the rules and regulations.

Admission Criteria

i. BS Economics
Morning/Afternoon
(Semester System)

Eligibility

The candidates who have passed FA/F.Sc. or an equivalent examination with minimum 2nd division from the recognized institution are eligible for admission to BS Economics.

Determination of Merit

The merit will be determined according to the criteria laid down by the University.

Introduction
The Department of Education was established in September, 1986, with the major purpose to produce competent, enlightened and well-disciplined teachers at the Master level, i.e. M.A. Education and M.Ed. for both Arts and Science Students. Later on M.Phil., Ph.D. and BS 4-year programs were also added to these programs.

Initially, the Department started with four teachers. The staff strength has now grown to fifteen. Out of these, five Ph.D and six M.Phil degrees. The initial enrolment in M.A. Education and M.Ed., was 48 students which has at present gone upto round 400. The library of the Department is adequately equipped with relevant text books and reference literature. The department also houses two science laboratories equipped with relevant material and one computer laboratory having 35 P-IV systems connected with the university local area network and internet.

Programs of Study

B.Ed. (Hons) Elementary (4 Years)
(Comprised 8 Semesters)

B.Ed (Hons) Elementary is a 4-year professional degree program being run at the Department of Education. The program offers a variety of courses, frequent school practicum and project/research work. The main purpose of this program is to produce well trained teachers for
schools.

**M.A. Education**
**(Morning & Evening)**

M.A. Education is a two year professional degree program. The main purpose of this program is to produce well trained teachers for schools including the Elementary and Secondary levels. However, the degree holders of M.A. Education can also join Colleges, Universities as Lecturer. In addition, they are eligible to be subject specialists at higher secondary schools. The program offers a wide range of courses regarding knowledge and skills essentially required for an effective and efficient teacher training program.

**Scheme of Studies Available with the Department**

**Admission Criteria:**
The merit will be determined according to the criteria laid down by the university.

**M.Phil.**

M.Phil is a research based postgraduate program offered to Master Degree holders i.e. M.A.Education / M.Ed. The program is run under semester system with a total duration of four semesters (two years). First two semesters comprise taught course work and the last two are fixed for thesis.

**Scheme of Studies Available with the Department**

**Admission Criteria**
The entry requirement for this research degree program is master degree in Education

**Ph.D.**

Ph.D. is a research based postgraduate programme offered to students with M.Phil./M.S. degree. The programme has two parts comprising course work of 18 credit hours (two semesters) following by a research thesis which is to be completed within the time limit as prescribed by the university. For the fulfillment of degree requirements, all the formalities are to be completed as per the standard laid down by the university.

**Scheme of Studies Available with the Department**

**Admission Criteria**
The entry requirements for Ph.D. is M.Phil/MS with at least CGPA 3.00 under semester system or equivalent as per the university criteria. The other details are the same as prescribed by the university given under general rules and regulations available in the prospectus.

Introduction
The Institute of Social Sciences is a unique institute in Pakistani universities which was established in 2012 under the dynamic leadership of Prof. Dr. Syed Khawaja Alqama, Vice Chancellor, Bahauddin Zakariya University, Multan. The major task of the institute is to impart quality education to the students for preparing them to take managerial positions for providing a strong foundation for the future public service leaders in nation building activities, policy analysis, program evaluation, and management in the public and private sectors. Prof. Dr. Muhammad Ishaque Fani was appointed as pioneer Director of the Institute. The major fields of the Institute will be Social Sciences, Public Administration, Public Policy, Public Finance, Social Work, Library and Information Sciences, Criminology, Educational Planning and Management, Special Education, and Anthropology. These programs will produce very useful manpower for national and international market. The Institute prepares candidates with skills that enable them to work in multiple settings from national, state, and local government; and in think tanks, consulting firms, multilateral institutions and non-profit organizations.

Public Administration:
2-Year Master and 4-Year B.S./B.P.A. programs in Public Administration were started in 2012 under the auspices of Institute of Social Sciences. These programs have been started to develop and provide professionally trained managers. The goals of the programs are to prepare students for a successful management and public career. The institute will give its students an education that enables them to face any challenge in their professional life. The courses being offered in Public Administration are found upon the conviction that complex management problems are best tacked using a coherent system approach.

A student will be eligible for the degree of M.P.A. to have completed successfully 20-24 courses, an internship, Written Comprehensive Examination and Viva-Voce Examination.

The Department offers 14-16 compulsory courses and 6-8 optional courses. Each taught course has 3 credits (3 hours/week). Optional courses have to be selected from a list of courses. Besides this, a student is allowed to take non-credit courses as he/she may wish.

Internship
Every student has to spend at least six to eight weeks in any public or private organization during summer vacation after the third semester. The objective is to give students exposure to practical work environment. Students are required to produce an internship report at the end. Internship carries one compulsory credit.

Viva-Voce Examination
The final examination, for the completion of degree is the viva-voce examination. The viva-voce is conducted by a panel of teachers from the Department as well as external examiners. The viva-voce is for one compulsory credit.

Note: Scheme of Studies Available with the Institute
Anthropology:

Introduction
The Anthropology ensures that students get a strong disciplinary foundation with grounding in theory and methods, along with a choice of courses that will allow them to pursue more specialized interests during the course of the program. The Anthropology program at Institute of Social Sciences reflects the interests of the faculty, students and the areas of research range from the study and examination of gifts and exchange, bonded labor, legal anthropology and gender and power systems, to the ethnography of Pakistan and its regions, the Anthropology and Sociology of religion and religious fundamentalism, Medical Anthropology and the Anthropology of art.

Strengthening of Field Research:
In B.S.-4 year and M.Sc. Anthropology, seven and three semesters of course work and one semester compulsory fieldwork is the distinctive feature of the programs, which set it special from other Social Sciences subjects. During Anthropological fieldwork, the students have to live in their respective research sites that are generally rural areas of Pakistan. On the basis of their extensive fieldwork, students are required to write their thesis. The program provides the students an opportunity to learn how to analyze the field data.

It also helps them to develop deep insight about Pakistani Society and culture. Now realizing the changing trends in social sciences world over, and keeping in view the scope of new developments in the country and new emerging issues, emphasis has been shifted to problem oriented research studies so that the graduates of the Anthropology could effectively contribute in the development of the country by identifying the issues of masses and the changes in the society. The focus of the program is now more on current issues such as social change and development, effects of globalization, environment, family planning, social problems, child labor, women & child rights, mother & child health, education and gender issues etc.

Scope of Anthropology:
It is well established now that after completion of Anthropology degree the students participate in nation building activities. The graduates of Anthropology are actively involved in development activities such as, Rural Development, Population Planning, Forestry Development, Rural Health Schemes, and Community Development. The training imparted in the Department enables the students to contribute effectively in the development of the country.

Note: Scheme of Studies Available with the Institute

Public Policy

Program Description
4-Year B.S. and the 2-year Master in Public Policy (MPP) Programs are designed for young professionals who seek rigorous education and training in public affairs. The said program provides a strong foundation for future public service leaders in policy analysis, program evaluation, and management in the public and private sectors. The program prepares candidates with skills that enable them to work in many settings — from national, state, and local government; and in think tanks, consulting firms, multilateral institutions and non-profit organizations. The Master and BS Programs in Public Policy apply a social science perspective to questions of policy and policy management. Students acquire a solid grounding in policy analysis and the policy process, specialize in a field of applied policy studies, and then complete a Policy Project. This course honors students’ expertise in policy studies and provides practical and theoretical insights into contemporary policy management and processes. Students learn how to actively participate in the policy process and influence the way we are governed. Students are prepared to be professional policy practitioners, by developing analytical skills and a practical appreciation of the processes of policy making and implementation. A strong emphasis is placed on the application of analytical skills to practical policy issues and challenges. Students gain real world policy experience through the core course Policy Project. The Master of Public Policy is a coursework degree that takes Four Semesters. The Department offers 14 compulsory courses and 6 optional courses. Each taught course has 3 credits (3 hours / week). Optional courses have to be selected from a list of courses.

Program Objectives and Graduate Attributes
The program prepares students for work which requires analytical skills and a practical appreciation of the processes of policy-making and implementation. The program is oriented to the practice of policy, and students are required to have relevant work experience. This may be in the public sector, unions, business organizations or community bodies.

Note: Scheme of Studies Available with the Institute

CRIMINOLOGY

Introduction
The Institute of Social Sciences offers 2-year Master program and 4-year B.S. programs in the subject of Criminology. This program focuses on the systematic study of crimes as a sociopath logical phenomenon, the behavior
of criminals, and the social institutions evolved to respond to crime. The program includes instruction in the theory of crime, psychological and social bases of criminal behavior, social value systems and the theory of punishment, criminal law and criminal justice systems, penology, rehabilitation and recidivism, studies of specific types of crime, social attitudes and policy, and applications to specific issues in law enforcement administration and policy.

Scope
The world has evolved into a very complex reality and so has the method and technique of crime which has made it difficult to combat with and established a peaceful society. A student in the subject of criminology is better equipped to deal with the complex nature of crimes in this high-tech world. The research and studies in the field of criminology enhance the capability of the society to eradicate crime as much as possible. The objective of the Criminology is development of a body of general and verified principles pertaining to the process of law, crime and treatment or prevention of crime. Criminology has its roots in a multi disciplinary base comprising of sociology, psychology, criminal jurisprudence, political science, history, social work, economics, philosophy, anthropology, public administration, medicine and biology, genetics, computer science, and education.

Note: Scheme of Studies Available with the Institute

SOCIAL WORK

Introduction
The Institute of Social Sciences introduces 2-year Master and 4-year B.S. programs in the subject of Social Work. Social Work is the professional activity of helping individuals, groups, or communities enhance or restore their capacity for social functioning and creating societal conditions favorable to this goal. Social Work practice consists of the professional application of Social Work values, principles, and techniques to one or more of the following ends: helping people obtain tangible services; counseling and psychotherapy with individuals, families, and groups; helping communities or groups provide or improve processes. The practice of Social Work requires knowledge of human development and behavior; of social, economic, and cultural institutions; and of the interactions of all these factors. Social Work is concerned and involved with the interactions between people and the institutions of society that affect the ability of people to accomplish life tasks, realize aspirations and values, and alleviate distress. These interactions between people and social institutions occur within the context of the larger societal good. Therefore, three major purposes of social work may be identified:

Scope
Good governance cannot play its effective role unless society involves with it in the form of Social Work. Moreover, eradication of poverty and progression in the society can also be achieved with the help of the Social Work. The student in the subject of Social Work constantly involves in the development of Social schemes and organizations in order to support and develop the social set up. In fact they involve with government through different non-government organization and provide their skills and expertise for the alleviation of poverty and ignorance. This provides a wonderful opportunity for a well-developed middle class society.

Note: Scheme of Studies Available with the Institute

PUBLIC FINANCE

Introduction
4-Year BS and the 2-year Master in Public Finance Programs have been designed to develop and provide skillful managers in the area of public finance. The program is designed for young professionals who seek rigorous education and training in the said area. In this program, students learn how to actively participate in the processes of public finance. Students are prepared to become professional practitioners by developing analytical skills and practical appreciation of the processes of public finance. During this program, students are encouraged to get real world knowledge of public finance.

Scope
After completion of degree in Public Finance, the students can have the opportunity to participate in nation building activities. The graduates of Public Finance are expected to work in key planning and financial bodies of the country like Planning Commission, State Bank of Pakistan, Ministry of Finance etc.

EDUCATION PLANNING AND MANAGEMENT (EPM)

Introduction
The 4-Year B.S. and the 2-year Master in Educational Planning and Management (EPM) Programs are designed for young professionals who seek vigorous training and education in the planning and management of education. This program provides a strong foundation for to-be the leaders and managers in the field of education in public as well as private sectors. This program aims to develop the skills of dealing with the multiple issues of management of education in Pakistan and enables the professionals to plan education as per modern needs of the current social set up of Pakistan to find a befitting place in the comity of modern and highly developed nations. This training is capable of converting the professionals into the reliable individuals who can turn the field of education into highly beneficial social organization.

Scope
Education, being the most ancient social institution has been constantly evolving into an ever complex part of the society. Its effective planning and management can render the society into a progressive and developed one. The effective planning of education and its management is the only way to turn the society of Pakistan into a well planned and managed social setup. The current socioeconomic situations of Pakistan calls for even better planned and managed education system.

Note: Scheme of Studies Available with the Institute

SPECIAL EDUCATION

Introduction
The institute of social sciences offers 4-Year B.S. and the 2-year Master Programs in the subject of Special Education. This program focuses on the systematic study of special education. This program includes instructions in the theory of special education, psychological administration, social bases of administrative attitude, problems and practices in special education, assessment in special education, specialization in mental retardation, neurological disorder, and orthopedic disorder.

Scope
Special education can play vital and effective role in the society. Moreover, eradication of poverty, sense of responsibility, better living standard, and progression in the society can also be achieved with the help of special education. The students in the subject of special education constantly involves in the development of visual impairment, reduction in mental retardation and improvement in hearing impairment. It also provides facilities of guidance, counseling, and therapeutic services for disable persons. This provides a wonderful opportunity in a well developed middle class society.

Introduction
The Department of History was established in 1976, a year after the establishment of the university. Initially, the Department started functioning in a rented building in Gulgasht Colony, Multan. In 1980, it was shifted to Languages Block (IOL) and finally in 1986 to its own building, the History and Political Science Block at the university campus. Department of History started a diploma program in Pakistan Studies which was later on upgraded to a regular M.A. Pakistan Studies program in 1986. The program of M.Phil. in History has also been started since spring 1997 while Ph.D. program was also initiated from its beginning and the department enrolled Ph.D. students. A number of scholars have received their Ph.D. degrees from this department and many other scholars are working on their Ph.D. projects. Regular course work for Ph.D. is also going on.

The department came into existence with a staff of three regular lecturers, one research scholar and one part time teacher. At present, the Department has the services of six regular teachers including three Ph.Ds., two M.Phil. degree holders and one Master degree holder.

Introduction
The Department of Gender Studies came into existence as a result of bifurcation of the Department Pakistan Studies in 2012. The Department of Gender studies offers the opportunity to explore traditional disciplines through an interdisciplinary perspective which focuses on the significance of sex as a social construction. New scholarly methods and theories arising from interdisciplinary study encourage students to examine historical and contemporary representations of women and men in different walks of life. It fosters scholarly investigation that recognizes Gender as an important stream of reality that is vital for the establishment of equitable and just society. By initiating Gender Studies Program, the Bahauddin Zakariya University is in position to protect and promote the basic rights of women of this area, to eliminate all forms of violence against women, to remove the social obstacles to women’s full participation in public life, to the decision making at all levels and finally, in the promotion of economic autonomy of women and their access to reproductive resources. The Department is raising gender consciousness and sensitivity among the people of Southern Punjab. In this way, the Department develops caring, thoughtful and morally upright society, which will contribute more to its country, often in subtle ways. The Department also helps to promote the advancement of women by expanding and sharing knowledge through the stimulation and support of interdisciplinary research, education and public information. By launching the Gender Studies Program, Bahauddin Zakariya University has become the first institution in the Southern Punjab to offer various kinds of research at BS-4 Year, Master and M. Phil levels in this particular field.

Admission BS (4-Year)
Admission is conducted according to the admission criterion laid down by the university. The merit shall be determined as aggregate marks in FA/F.Sc or equivalent plus 20 mark for hifz-i-Quran.

Introduction

Prosperity and success of a nation is always related to human resource development and the most important aspect of human resource development is education. Bahauddin Zakariya University, Multan has always taken this aspect very seriously. As many disciplines have been established at university campus, the university has decided to take further step by establishing Geography department and offering M.Sc. Geography degree program.

Geography is a science, that deals with the distributive phenomena on the face of earth which effect the knowledge of our environment and nature around us that is certainly essential for our development, better life conditions and progress. Geography provides such knowledge and skills that contribute in the process of making a highly developed human society. It is an enquiry, a study of the causes and an attempt to find out why and how natural surroundings and geographical features influence the life of man on this planet. Diversity and richness in landforms, climate vegetation, animals, deserts and other natural features of South Punjab indicate the fact that a science like Geography must have its roots in this region that will certainly help the people of the region to develop their skills in Geography and contribute in the development of whole nation.

The main objectives of this M.Sc. Geography Program are:

1. Development of Human Resources in South Punjab
2. To provide the people of this region with a facility to learn and research in the filed of Geography.
3. To promote Geography as a practical tool helpful in the understanding of relationship between a man and nature.
4. Availability of Post -Graduate level studies in Geography so that students of all economic stratum can easily get their aspired higher education.
5. To explore the Geographical diversity of this area and to deliver the country with more research and education in Geography.

Degree Requirement

These are the essential requirements for the degree of M.Sc in Geography.

i. The M.Sc. Geography is under semester program.
ii. Successful completion of 19 courses individually carrying 3 credit hours each and with 6 credit hours thesis ( in lieu of two courses)
iii. Securing a minimum CGPA of 2.20 for completion of the program.
iv. Completion of 2-4 weeks internship in an industrial/business/commercial organizations.
v. Passing comprehensive examination on completion of course work.

Eligibility

The Candidates who have passed B.A./B.Sc., B.B.A., B.Com., BCS (or equivalent examination) securing at least 45% marks in aggregate shall be eligible for M.Sc. Geography semester-I.

Computation of Merit

The merit will be determined according to the criteria laid down by the university.

Introduction

The Department came into existence when M.A. Political Science classes, being held at the Government College, Multan since 1963, were shifted to the Bahauddin Zakariya University (then University of Multan) in 1975. The Department started functioning in a rented building in Gulgasht Colony, Multan, it moved to the Language Block (IOL) in 1980 and finally to its present building in 1986.

It is a teaching and research focused department with great ideological and intellectual diversity. The Department has the potential to meet the needs of changing patterns in the education at global level. It provides teaching and research facilities at M.A, M Phil and Ph.D levels. Highly qualified faculty is imparting quality education to the people at very low cost. The faculty believes in innovation, modernization and development.

The Department has been playing an important role in the overall development of the society. It has introduced certificate, diploma and degree programs in other associated disciplines. Journalism (MA) and International Relations (MA) have grown up to independent departments. They have been operating with the nomenclature of Department of Communication Studies and Department of International Relations respectively. Both the departments are offering degrees in BS 4year, MA, M Phil and Ph.D.

Keeping in view the national requirement, latest trend and market need, the faculty took initiative to launch the new Master and M. Phil degree programs in the subject of “Governance and Public Policy” with a core curriculum emphasizing practical and applied dimensions of policymaking. The curriculum includes core courses that provide a foundation in subjects ranging from political science, legal and such specific analytic tools and concepts as microeconomic and macroeconomic theory and quantitative methods for policy analysis. The Program is starting with effect from the Session 2014-16 on regular basis in Evening.

The Department produced renowned scholars, excellent professional and skilled policy makers, who have developed the national and international profile and are serving in various public and private institutes and organizations at national and international level.

Facilities

The Department has a very good library containing more than five thousand books, modern and old manuscripts, a well-equipped computer lab and Seminar hall to cater the needs of students, researchers, scholars, teachers, who want to satiate their thirst of knowledge and are interested in dialogs. The Department has well-furnished building surrounded by high trees and lush green lawns. The Department also encourages sports and extracurricular activities.

Our Mission

. To be the national center of excellence for advanced studies in politics, governance and public policy.
. Committed to address the emerging challenges confronted by the state, society and humanity.
. To deliver the best instruction and research in the discipline,
capturing its theoretical breadth and its methodological complexities.

To be a leading producer of new knowledge in the Faculty of Social Sciences.

Admission
Admissions are conducted by the following departmental committee in accordance with the admission criteria laid down by the University.

Admission Committee
Prof. Dr. Ayaz Muhammad Chairman
Prof. Dr. Shahnaz Tariq Member
Muhammad Imran Pasha Member/Secretary

The committee looks after the admission process and can be accessed for interpretation of the Rules and Regulations.

Introduction

The Department came into existence when the Department of Political Science and International Relations was bifurcated into Department of Political Science and the Department of International Relations, B. Z. University Multan. The University has introduced the semester system in the subject of International Relations from the Academic session 2003-05.

From the previous academic session (2013-2015), the Department has been shifted in the building of Commerce.

At present there are four staff members among whom two hold PhD Degrees, one M. Phil and another M.A. The last two have been carrying out their PhD projects abroad. It is not out of place to mention here that worthy Vice-Chancellor Prof. Dr. Syed Khawaja Alqama himself takes active part in M.Phil Program teaching and research.

Library

The library of the Department is well equipped. There are hundreds of books in the Library containing modern and old manuscripts. A sizable number of Research Journals are also available to cater the needs of the students, teachers and researchers.

Study Tours

The students are encouraged to go on study tours of historical places/Institutions as part of their co-curricular studies for their degree programs.

Program of Study

BS-4 Year in International Relations

The BS-4 Years program in International Relations consists of eight semesters of studies (HEC scheme of studies available with the department).

Admission & Eligibility Criteria

Admission shall be conducted and merit determined according to admission criteria laid down by University.
MPhil 2 Years Program in International Relations

The M. Phil Program in International Relations consists of 24 credit hour course work and six credit hour research. 24 credit hour course works will be completed in two semesters. The qualifying students will carry out their research projects to be completed in one year (Scheme of Studies is available with Department)

Admission & Eligibility Criteria

Admission shall be held once in a year as per schedule notified by the University. All candidates having the M.A or BS-4 years degree in the relevant subjects with at least 3.0 CGPA under semester system will be eligible to apply for admission.

Admission shall be conducted and merit determined according to admission criteria laid down by University.

Introduction

The Department of Communication Studies came into being with the bifurcation of the Department of Political Science and Mass Communication in 1996. Previously in its old shape the Department had been pursuing an evening program of diploma course in Mass Communication since 1987, which was upgraded to Master’s level in 1991, fulfilling the desire and demand of the people of the region. At present, the regular teaching staff for Communication Studies consists of one Associate Professor and one Assistant Professor and eight lecturers holding M.Phil degree except one in the subject of Communication Studies.

The Department provides teaching and research facilities at M.A., M.Phil and Ph.D. levels. Information regarding Ph.D. programme may be taken from the office of the Department. The Department is progressively enhancing its research activities. Six scholars have already completed their Ph.D. from the Department. Currently, 9 students are admitted in Ph.D. class. The purpose envisaged of M.A. Communication Studies programme is to introduce positive values to the media and to equip young people with the latest knowledge and skills so that they may enter into the profession of Communication (Journalism) to play their effective role in national reconstruction and development. Since 1996 evening classes of M.A. of Communication Studies have been started, which is functioning successfully.

Media Labs for professional Training

The most illustrious aspect of the Department of Communication Studies is its professional and proficient training labs outfitted with state of the art contemporary gear. These labs comprise FM Radio, TV Studio, Advertising Lab and IT Lab. The prime objective of these labs is to provide latest professional acquaintance and wealth of practical orientation to the students of the Department of Communication Studies so that they may get a better chance of employment in their particular field.

FM Radio Station 104.6

The Department has established an FM radio station as “FM 104.6” for broadcast training of the students. Radio Station comprises of On air Studio, Production Studio, Student’s Training Booths, Control Room, Digital Recording System and Editing System. It is established with the financial assistance offered by HEC. FM Radio Station is fully operative and providing training to the students. Programs on various issues related to the university, education, agriculture and religion are being broadcast on daily basis. All programs are planned, produced and presented by the University students.

TV Production House

TV Studio is an added aspect of the Department which makes the Department of Communication Studies of BZU one of the most...
sophisticated and technologically well equipped departments in the list of Communication Studies Departments of Pakistan. TV Studio production is also on track. It is a close circuit T.V network and all programmes are produced by the Department’s students. T.V. News Bulletin and documentaries production is a part of their practical learning. At the outset the students are preparing programs of news & current affairs. The first and foremost objective of T.V. Studio is to lend a hand to the students for practical training in electronic journalism. The Department has also plans for offering training courses in film production in future.

Advertising Lab

The Advertising Lab of the Department has all the facilities obligatory for training in the field of advertisement production. The students learn about the editing process and shooting the ads alongwith all the minor details necessary for making of advertisements for print and electronic media.

IT Lab

Department is also offering the courses about computer education. To meet the requirements of the 21st century, computer education is mandatory. The Department understands the need of the hour. That is why a latest computer lab is established where 30 work stations are available for the students.

OB Van

An outdoor Broadcast Van is also available with the Department. The purpose of this OB Van is to cater the needs of students for outdoor recording.

Departmental Newspaper and Magazine

The Department has launched its own newspaper and magazine as laboratory publications for the training of the students in the field. Newspaper titled “Communication Times” appears on monthly basis whereas the magazine titled “UNI-MAG” is a biannual publication. Both these print media entities will help the students to learn the practical aspects of print journalism, which will definitely be beneficial for them to adjust in print media organizations and get better chances of employment.

The Library of the Department

The library is well equipped with the latest books related to advanced media studies i.e. on-line journalism, digital technology, modern mass media research, modern T.V. production related books and community relationing books etc. Videocassettes and CDs pertaining to various disciplines of media studies are also available in the Department. To impart the advance knowledge of Communication Studies, the faculty is using the modern techniques of audiovisual support in this regard.

Development of Communication Skills

Group discussions, seminars, symposiums, debates and speech competitions are often arranged by the Department, in order to develop and polish the communication skills of the future media practitioners of Pakistan.

Similarly renowned electronic and print media practitioners, experts of public relations and advertising, academicians and researchers of media studies, human rights activists and experts of certain media disciplines are frequently invited to the Department for delivering extensive and thought provoking lectures regarding latest scenarios of various aspects of media development in the globe in general and Pakistan in particular.

Co curricular activities

Similarly extra curricular activities like quiz programmes, receptions and farewell programmes, sports week, study and recreational trips as well as programmes of performing arts are being organized by the various groups of the students of the Department. The students are also encouraged to participate in study tours of historical places and media institutions as a part of their study for M.A. and M. Phil Degree.

Sports Activities and Reserved Seats for Sports Person

Department is very keen to promote physical health activities of the students and is offering 1% sports quota in the light of the Prime Minister’s directive for admission in M.A. classes.

Admission

The detail of seats for admission in M.A. Semester-I class is given in relevant chart at the end. The admission in Session-I will be made by the Departmental Admission Committee, according to the admission/merit criteria laid down by the University.

M.A. Program
(Morning & Evening)

Introduction

The development and progress of any country is always related to the development of educational institutions. Throughout the history of Pakistan this very institution of education established its strength by introducing such a behavioral and social sciences had been diverse in domain and narrow in focus. Hence, the Department of Sociology started functioning in 2001 keeping in view the demand of this discipline in Southern Punjab. This facility was not available in the entire region. Sociology as an emergent discipline is the driving force and the main determinant of the development in every society. Bahauddin Zakariya University Multan has always contributed to the development, organization and progress of education and human resource development in Pakistan. Realizing the significance of this popular social science, this initiative was taken to address the socio-economic and cultural issues and their policy implications. Initially, this department was the part of Institute of Management Sciences (IMS) and started on self-finance basis. Later on, in 2005, after having got the PC-I approved from Higher Education Commission (HEC), this department has been working as an independent discipline.

Keeping in view the advancement in various disciplines of social sciences and the quality of education provided in the best universities of the world, Bahauddin Zakariya University, Multan has structured this M.Sc Sociology program as a combination of research and course work.

Our main objectives are to:
- Develop high quality professionals and behavioral scientists who are committed to pursuit of excellence, and are endowed with vision, courage and dedication.
- Improve academic standard in this region through the generation, assimilation, and dissemination of knowledge.
- Make a significant and meaningful contribution towards the social and economic betterment of Pakistan through development of these human resources.
- To prepare people of this area to serve as intellectual resource base in this region.

The Department also houses a computer laboratory having 20 P-IV systems connected with the wireless network. This laboratory has not only been well equipped with multimedia but it also provides free access to the HEC Digital Library from 8 am to 4 pm. The Department has a library containing more than 1650 latest books on diverse social issues along with a few research journals.
Admissions
Admissions are conducted by the following Departmental Admission Committee according to the admissions criteria laid down by the university.

Admission Committee

M.Phil. Program
Introduction
Sociology is the Scientific study of Human Beings with their relation to others, which is the first step of Collective life in the society. It also deals with the systematic observations of different Social Processes and Social phenomena. This subject deals with the comprehensive methodological studies of basic Social Institution of Society to understand the situation of men interdependence on others to promote the Social group life. It attempts to comprehend human nature and hence basic research in this field helps us to improve the quality of Human lives and establish a healthy society which is based on the principles of justice and equity.

There has been a terrific demand for starting classes in M.Phil Sociology as this facility was not available in this whole region. So, in order to promote the research on various local and national issues and keeping this demand in a view, the Department of Sociology introduced M.Phil program in 2004. This postgraduate study and research program is running successfully under the semester system and classes are being held in the evening in the premises of the Department with a total duration of four semesters (Two Years). First two semesters comprise taught course work and the last two are fixed for thesis. The candidates after obtaining degrees are serving in various governmental and nongovernmental organizations.

Admission Criteria
As per University Rules.

Computation of Merit
Merit shall be determined as per the University rules.

Introduction
There has been tremendous demand for starting classes in M.Sc. Applied Psychology as this facility was not available in this whole region. So about ten years ago this program of M.Sc. Applied Psychology was started. A package of latest courses has been developed which will equip the students with the latest techniques and concepts in the field of Applied Psychology. This program is running under annual system and classes are held in the morning.

Realizing the significance of this popular social science, this initiative was taken to address the socioeconomic and cultural issues and their policy implications. Initially, this department was the part of Institute of Management Sciences (IMS) and started on self-finance basis. Later on, in 2005, after having got the PC-I approved from Higher Education Commission (HEC), this department has been working as an independent discipline under the faculty of Art & Social Sciences.

Keeping in view the advancement in various disciplines of social sciences and the quality of education provided in the best universities of the world, Bahauddin Zakariya University, Multan has structured this Applied Psychology program as a combination of research and course work.

Our main objectives are as under:-
- To provide mental health facilities, counseling and guidance and human resource management services to the people of this region.
- Develop high quality professionals and behavioral scientists who are committed to pursuit of excellence, and are endowed with vision, courage and dedication.
- Improve academic standard in this region through the generation, assimilation, and dissemination of knowledge.
- Make a significant and meaningful contribution towards the social and economic betterment of Pakistan through development of these human resources.
- To prepare people of this area to serve as intellectual resource base in this region.

The Department also houses a computer laboratory having 40 P-IV systems connected with the wireless network. This laboratory has not only been well equipped with multimedia but it also provides free access to the HEC Digital Library from 8:00 AM to 4:00 PM. The Department has a library containing more than 1000 latest foreign books on diverse issues of Psychology.

M.Phil. in Applied Psychology

Introduction
Psychology is the scientific study of behavior and cognitive processes. Psychology is curious, interesting and pragmatic. It attempts to comprehend human nature and hence basic research in this field helps us to improve the quality of our lives and establish a society based upon principles of justice and equity. The scope of psychology is an ever expanding phenomenon. Now psychological knowledge is applied to solve the problems of such diverse areas as management, environment, business, education, industry, space, sports, law, justice, hospital, linguistics, psychotherapy, counseling and guidance and critical evaluation of literature and other fine arts, but without any doubt Clinical Psychology is the most important applied area of psychology.

There has been tremendous demand for starting classes in M.Phil in Applied Psychology as this facility was not available in this whole region. So this program was introduced about two year ago. A package of latest courses has been developed which will equip the students with the latest techniques and concepts in the field of Applied Psychology. The Program will be run on semester system and classes will be held in the evening in the premises of the Institute. Our main objectives are as under:-

- To provide mental health facilities, counseling and guidance and Human resource management services to the people of this region.
- Develop high quality professionals and behavioral scientists who are committed to pursuit of excellence, and are endowed with vision, courage and dedication.
- Improve academic standard in this region through the generation, assimilation, and dissemination of knowledge.
- Make a significant and meaningful contribution towards the social and economic betterment of Pakistan through development of these human resources.
- To prepare people of this area to serve as intellectual resource base in this region.

Introduction

Philosophy as a discipline deals with the intellectual growth of human society as an essential process working behind the development of human understanding and its problems-metaphysical, metaphoric, religio-political as well as cultural. This nature of the discipline integrates philosophy with the other disciplines trying to resolve the problems of society and expands the scope of philosophy in all walks of life. The major question for world of knowledge today is how to create a balance between the traditional approaches to knowledge and new challenges emerging out of fast growing world of scientific and Globalized knowledge. The question has made philosophy important for all methodologies, approaches and mechanisms developed for the growth of human knowledge.

The history of mankind reveals that there was an immense growth of philosophical thoughts actually working behind the rise and fall of every human civilization on the mother earth. Department of Philosophy in Bahauddin Zakariya University, Multan has been established to realize this importance of the discipline. The department has a commitment to develop and promote a culture of philosophical insights and its education to resolve the socio-political problems not only of the region, also the globe. The department has developed an innovative scheme of studies encompassing multiple aspects of intellectual concerns and is trying to connect this scheme of studies with the problems of society. The department has developed an understanding of regional thought patterns as well as the placement of these thought in the history of world philosophy.

M. Phil Program in Philosophy of Social Science

Introduction

Social Sciences in Pakistan are facing a major crisis of shortage of qualified and skilled intelligentsia. During the last two decades, a number of institutions, and intellectual forums has address the issue and have identified lack of philosophy approach to the study and research in Social Sciences as a major deficiency and problems in the development and growth of social sciences in Pakistan. M. Phil Program in the philosophy of social sciences is designation to address this problem.

Program Format

The program is introduced for those who are interested in Social Sciences research and are seeking career in teaching research, social work development sector, mass communication and politics. For, it focuses on the debate and purpose of social sciences as well as on the debate on the theories of methodologies and concept of social understanding in social sciences. The program would enable the social scientists to have sound philosophy and methodological understanding of issues emanating during the research.

Part one is consist of two semester course work as per university rules and regulation consist of major philosophy debate in the theory and methodology of social sciences. Second part shell be based on two semester research work harmonized with contemporary and indigenous issues of social, culture, political, economic and culture importance related to the research, specified mother discipline. The program shall follow the main stream Bahauddin Zakariya University structure of M. Phil Program.

Purpose:

∑ Disseminate Philosophical approach in social sciences research
∑ Enable the social sciences to have sound philosophical and methodological understanding of issues emanating during their research
∑ Development a multi-disciplinary approach in social sciences research
∑ Enhance the degree of validity and credibility in social sciences research in Pakistan
∑ Trained the Researchers for a high and policy level research
∑ Prepare the students for Ph.D.

Introduction
With the great vision of the President of Directorate of sports and pioneer chairman Prof. Dr Muhammad Ali, the department was established in 2010 to offer master degree in the discipline of sports sciences. The aim of the department is to provide the future sports scholars and coaches to address the challenges in sports.

The study in the field of sports involves scientific principles of sports exercise and the ability of the body to perform physically. Exercise and sports sciences are the scientific study of physiology and Bio-mechanics in relation to the ability of the human body to adapt to motion, movement and physical activity. Sports sciences graduates generally have strong educational background therefore, they may find work in both training and academic institutes. Alternatively, a degree in sports sciences can also lead to career opportunities in fitness instruction, nutrition and scientific research.

Degree program in sports and fitness helps students to develop skills required by various employers. If you are sports professional seeking to raise the credentials and promotion, career in sports sciences, medicine or fitness can be extremely beneficial. M.Sc degree program in the field equips the students with advanced scientific concepts and techniques that will enable them to better serve the needs of athletes, sports officials and injured individuals.

M.Sc. Sports

Introduction
Multan and its surrounding area is very rich with its ancient and magnificent traditions in art, architecture and music. Thus, it was a demand of time that this region must have an institution of arts which should preserve and continue the stupendous history of art, architecture and music of the soil. Consequently, Multan College of Arts was established in September 2003. In 2004 two programs, 4-year professional courses of Bachelor Fine Arts (BFA) and Bachelor of Design (B. Des) were initiated. And Bachelor of Architecture (B. Arch.), 5-year professional degree program was started in 2012.

A package of latest courses to train the students in the skills of painting, drawing, sculpture, ceramics, architecture and computer based design, photography or film making has been developed to equip the students with the modern techniques and concepts in the field of Fine Arts. Thus, MCA has become the most unique and stupendous institution of art in this region.

Introduction

To develop and provide professionally trained managers, Bahauddin Zakariya University, Multan established the Department of Business Administration in December, 1977 and classes for the first batch started on March 15, 1978. Institute of Management Sciences (formerly Department of Business Administration) is now one of the largest business school of the country with well over 1200 students and a permanent faculty of 35 teachers with a large complex of buildings providing all possible facilities at one place. These, together with the congenial environment offered by a very attractive University Campus, set in unspoiled countryside, will make most memorable stay at the Campus.

The goal of the Institute is to prepare students for a successful management career. Since its inception, the Institute has endeavoured to give its students an education that enables them to face any challenge in their professional life. Up till now, more than 10000 students have graduated from the Institute who occupy middle and senior management positions in the hierarchy of national and multinational organizations in the country.

Mission

We strive for an enabling environment in which our students can develop their skills through flexible and diversified curriculum and comprehensive professional development programs. Our faculty members with highly professional academic background and strong knowledge base of different fields of management and behavioural sciences strive for developing performance standards by means of:

- Critical thinking,
- Creativity
- Team work and participation,
- Interpersonal and analytical skills development techniques
- Sense of ethical, moral and national responsibilities
- Global foresight
- Leadership abilities, and
- Good presentation skills

Our aims are:

- A passing out student should have content knowledge of subjects related to major areas of business administration
- The ability to communicate effectively
- Knowledge of the external environment of business
- The ability to identify, analyze, formulate, and solve business problems using appropriate methodologies and tools
- An appreciation of professional and ethical responsibilities
- The ability to function well in groups, and
- Knowledge of the functional areas of organizations

Computer Education

The Institute was the first to offer computer education in whole of the Southern Punjab. In 1984, a Certificate Course in Computer Applications was offered for the employed personnel in the evening. This course was well received which led to its up-gradation to an advanced Post-Graduate Diploma (PGD) in Computer Programming and Systems Analysis. This program was later on upgraded to a full-fledged MBA (MIS) degree program.

Faculty of the Institute

The permanent faculty of the Institute consists of 33 teachers out of which four teachers had Ph.D. degrees from well reputed local and foreign universities. The teachers are highly committed and motivated. 13 teachers from the faculty of the Institute are currently pursuing higher education from local and foreign universities. The Institute also has a large adjunct faculty consisting of senior teachers of other departments as well as experienced executives from business and industry.

Facilities

The Institute has incomparable facilities in terms of fully equipped class rooms, library and computer labs. Its complex consists of large number of air conditioned well equipped class rooms, with latest furniture and audio-visual system. In each classroom multi-media system facility is also provided to facilitate teaching and learning. A video library containing seminars delivered by experts on various topics is also available in the Business Information Centre.

Executive Center

Executive centre has been established in the Institute which provides
modern facilities to the students. It consists of a spacious lecture theatre, a student lounge, conference rooms, and a business information centre.

**Business Information Center**

The Business Information Centre contains more than 5000 books on various subjects of Business Administration. A number of national and international journals are also available in it for the faculty and students. A large number of Journals pertaining to various titles of Business Administration are available online for free access of the students.

**Computer Labs.**

The Institute has two modern computer labs equipped with latest computing facilities and multimedia systems. All the computers in the Institute are connected through a networking system. To ensure their maximum exposure to the use of computing techniques in business all the students have ready and easy access to computers. Free internet facility is also provided to the students.

**Institute’s Bus Service**

The Institute has two buses which ply between the campus and the city. These buses provide pick and drop facility to the students throughout the day.

**Journal of Business Management**

The Institute has launched an academic journal named *Journal of Business Management* which publishes research papers on issues relevant to business, management and industry.

**Management Link**

A magazine Management Link, of the IMS is published regularly containing quality work produced by the students in the form of articles, essays, short stories, poems, and features etc. both in English and Urdu.

**Newsletter - The IMS POST**

Monthly Newsletters are published by Executive Club, highlighting the activities of the institute. They also update the students about the current changes and developments taking place in business and industry. The Newsletter is circulated widely among industry and business institutions.

**Executive Club/Executive Forum**

Executive Club and Executive Forum are student bodies of the Institute representing morning and evening students respectively. These student bodies conduct various functions and seminars in the Institute and provide opportunities to their community to participate in academic and co-curricular activities and contribute through their creative ideas.

**Alumni**

Zakariyan Business Graduates Alumni (ZBGA) is functioning to look after the interests of the graduates passing out from the Institute and work for the promotion of their alumni matters. The Alumni has more than 2000 members who elect an Executive Council and office bearers, every two years. A number of activities like conferences, seminars and social get-togethers are held at the forum. The Alumni also actively participate for the placement of the graduates and make efforts for the financial assistance of the students.

**Collaboration with other Business Schools**

The Institute of Management Sciences (IMS) and Institute of Business Administration (IBA) Karachi have joined their hands together to introduce the importance of entrepreneurship among the students of this region and conducted a series of seminars on IDEAS TODAY: BUSINESS TOMORROW

**Donors**

Bank Al-Habib Limited has granted donation of Rs. 500,000 to the Institute of Management Sciences in 2011 for purchase of new books and journals. The faculty of IMS is thankful to the team of Bank Al-Habib Limited for their positive contribution to uplift the standards of business education in Southern Punjab.

**Admissions**

Admissions to all Programs (BBA, MBA, and MS) are made by the Institute’s Admission Committee, according to the merit criteria formulated by the University.
Programs of Study
Undergraduate Programs
Bachelor of Business Administration
BBA 4 Years
(Morning/Evening)
(As per HEC New Scheme-2012)

Introduction
The four years BBA program is tailored made to serve the needs of the bright young people who have completed twelve years of education. This program is open to the candidates with diverse educational background including humanities, science, arts, and commerce. However, on account of challenging academic curricula, this program is mainly accessible to those students who have excellent academic record and high potential for success. Accordingly, candidates for this program are carefully sifted and screened through a selective admission test process.

The 4 years BBA program consists of eight (8) semesters. It has been designed to develop requisite skills necessary to acquire before taking up higher level courses to be offered in MBA program. This program offers diversity of subjects in the related areas in order to develop mental faculties and to broaden the vision.

The primary aim and underlying philosophy of the program is to focus on the promotion of managerial skills and to develop competency by introducing students the contemporary ideas in the area of management, marketing and finance. The importance of developing problem solving and communication skills is emphasized, which enable students to improve their understanding to deal with complex business issues. Students on completion of BBA program will be eligible to apply for admission in MBA and MS programs.

Scheme of Study
The Bachelor of Business Administration (BBA) program is of 4 years duration, spread over 8 regular semesters, and consisting of 124-136 credit hours after completing 12 years of education.

Division of Seats
The details of seats for admission to BBA 4-years degree program are given in the enrolment chart given at the end.

Admission Criteria

Eligibility
Applicants who have passed their Intermediate Examination or equivalent from a recognized Board or Institutions securing at least 45% marks in aggregate are eligible to apply for admission in BBA Program. Graduates are not eligible for admission to BBA Program. Candidates who have done “A level” are required to submit IBCC equivalence certificate at the time of submission of application.

Admission Test:
Candidates for this program are carefully sifted and screened through a selective admission test.

Determination of Merit
The merit will be determined as per policy formulated by the University.

Requirements for the award of BBA Degree:
• Maintaining a minimum cumulative grade point average of 2.0 in all semesters and attaining a minimum CGPA of 2.2 at the end of eighth semester.
• Business Internship: 6-8 weeks
• Successful completion of Comprehensive Examination (evaluation shall be made on the basis of Pass/Fail. There shall be no grading or marks for comprehensive examination).

Postgraduate Programs
1. MBA Program 1½ years (Morning/Evening) after 4 Years BBA/BBA-IT (As per HEC New Scheme-2012)
The Master in Business Administration (MBA) program is of 1 ½ years duration; spread over 3 regular semesters and consisting of 30-36 credit hours after completing 4-Years BBA/BBA-IT degree with minimum 124 credit hours (as per HEC guidelines).

Details of the scheme of study is available with the Institute

Eligibility
For admission to MBA 1½ years program, the candidate is required to have at least CGPA of 2.20 in 4 years BBA/BBA-IT Program.

Admission Test:
Candidates for this program are carefully sifted and screened through a selective admission test.

Determination of Merit
The merit will be determined as per policy formulated by the University.

Division of Seats
The details of seats to admission in MBA program are given in the enrolment chart given at the end.

Degree Requirements
The following are the essential requirements for the degree of MBA:
• Successful completion of minimum 10 (each of 3 credit hours) MBA courses individually, or successful completion of minimum 8 MBA courses along with Business Research Project of 6 credit hours in lieu of two elective courses.
• Maintaining a minimum cumulative grade point average of 2.0 in all semesters and attaining a minimum CGPA of 2.2 at the end of third semester.
• Successful completion of Comprehensive Examination (evaluation shall be made on the basis of Pass/Fail. There shall be no grading or marks for comprehensive examination).

2- MBA Program (As Per HEC Road Map)
3½ Years (Morning/Evening) after 14 years of education
The MBA Program offers a broad based knowledge in a number of business areas and prepares the students for versatile management careers. The full-time MBA program requires 3½ years or seven semesters of study in residence. The first four semesters prepare students to build management foundation enough to accommodate any field of specialization a
student may wish to pursue later. After the completion of fourth semester, all students are required to undergo 6-8 week Internship during summer vacation. Specialization options are offered in the 5th and 6th semesters. The students are required to complete the business research project of 6 credit hours in the 7th semester. Normal time for the completion of this program is 7 semesters but the program can be completed in an additional 3 semesters. In course work and special projects assigned by the faculty, the emphasis is on practical learning and the use of computer as a management tool.

The courses offered in the MBA program intend to create and build new skills in the areas of business, social sciences, economics and information technology by integrating a sound theoretical understanding of these areas with case studies and project work.

Specialization
Marketing
This specialization offers students the opportunity to develop their skills, understanding and knowledge of the marketing function both in terms of over all business policy and as a specialist field of activity. Important courses in this area are Promotion Management, Export Marketing, and International Business.

Finance
The objective of this specialization is to enhance the professional finance education of the students by relating their finance expertise to the wider issues of strategic planning and modern corporate finance. Given the importance of multi-national companies in the world economy, the option seeks to give students a thorough understanding of the role of international finance in strategic planning in the modern corporation. Different courses offered under this degree are designed to help students gain some understanding of how organizations effectively utilize their financial resources for achieving the organizational goals.

HRM
The role of Human Resource Management cannot be overlooked in any of the National and Multinational organization of today. Given the dynamic industrial environment, challenging working conditions and the growing demands of organizations on individuals in terms of competences, the profession of HRM has achieved sharp growth in the recent years. Keeping in view the demand of HR professionals in the country, the Institute of Management Sciences has offered specialization in HRM since January 2008. The specialization courses in HRM are aimed at creating knowledge and skills among students pursuing this area regarding significant HR action plans like recruitment and selection, training methodologies, compensation systems and employee management relations. The details of courses offered is provided in the program structure.

Details of the scheme of study is available with the Institute

Introduction

Having focus on identification and fulfillment of diversified and latest needs of the industry and provision of quality education, the University has established “Alfalah Institute of Banking & Finance” in collaboration with Punjab Government and Bank Alfalah Limited. The project has following objectives:

- To produce skilled financial experts to fulfill the growing needs of Banking and Finance sectors.
- To collaborate with the financial sector in research and development to market new financial products.
- To offer refresher courses to the existing workforce in the financial sector.
- To keep the financial sector abreast of the new developments by organizing seminars, symposia, workshops and conferences on various issues of national and international importance.
- To maintain and strengthen a direct linkage between the Institute and Bank Alfalah to ensure fulfillment of future requirements of financial experts.

- Matric 30%
- Intermediate (FA/FSc/ICom etc.) 30%
- Bachelors (BA/BSc/BCom etc.) 40% (including 20 marks for Hifz-e-Quran)

**Degree Requirements**

Following are the essential requirements for the degree of MBA(HRM):

i. Successful completion of 34 MBA (HRM) Courses individually, or 32 Courses and a research thesis of 6 credit hours.

ii. Maintaining a minimum cumulative grade point average of 2.0 in all semesters and attaining a minimum CGPA of 2.2 at the end of seventh semester.

iii. Completion of 6-8 weeks internship in an industrial/business/commercial organization.

iv. Passing comprehensive examination on completion of course work.

---

**Scheme of Studies Available with the Institute**

---

**MSc (Insurance and Risk Management) (2-Year)**

**Introduction**

The program is designed to impart focused professional education in the field of insurance and risk management. The participants of this program will have an in-depth understanding of the core functions of insurance and risk management and allied subjects critical for executive development.

**Division of Seats**

The details of seats for admission to MSc (Insurance and Risk Management) program may be seen in the enrolment chart given at the end.

**Admission Criteria**

**Eligibility**

For admission to MSc (Insurance and Risk Management) program, the candidate is required to have at least 45% Marks in B.A/B.Sc./B.Com. or equivalent. Age limit is 26 years.

**Determination of Merit**

Merit for admission to MSc (Insurance and Risk Management) program will be determined on the following basis:

30% weightage will be given to the marks obtained in Customized Entry test for graduate programs conducted by BZU, 70% weightage will be given to the Marks obtained in Matric, Intermediate and Bachelors Certificate / Degree as per following formula:

- Matric 30%
- Intermediate (FA/FSc/ICom etc.) 30%
- Bachelors (BA/BSc/BCom etc.) 40% (including 20 marks for Hifz-e-Quran)

**Degree Requirements**

The following are the essential requirements for the degree of MSc (Insurance and Risk Management):

i. Successful completion of 20 MSc (Insurance and Risk Management) courses individually, each course carrying three credit hours.

ii. Maintaining a minimum cumulative grade point average of 2.0 in all semesters and attaining a minimum CGPA of 2.2 at the end of fourth semester.

iii. Completion of 6-8 weeks internship in an industrial/business/commercial organization.

iv. Passing comprehensive examination on completion of course work.
MS in Business Administration (2-Years)

Eligibility
For admission to MS program, the candidate is required to have 4 year BBA(Hons) / BBA(IT)Hons / MBA / MBA(IT), MPA, ACMA, C.A with minimum CGPA / Marks percentage as prescribed in the advertisement for the admission.

Determination of Merit
Merit for admission to MS (Business Administration) program will be determined on the following basis:

25% weightage will be given to the marks obtained in Admission test (subject based) conducted by BZU (which is a prerequisite for admission to this program) and 25% weightage will be given to the marks obtained in admission Test conducted by the University.

50% weightage will be given to the marks / division obtained in Matric, Intermediate, Bachelor and Master Certificate / Degree as per following formula:

Degree Requirements
Following are the essential requirements for the degree of MSBA:
i. Successful completion of 8 (each of 3 credit hours) MS Courses individually, and successful completion of a thesis of 6 credit hours.
ii. Maintaining a minimum cumulative grade point average (CGPA) of 2.0 in all semesters and attaining a minimum CGPA of 2.2 at the end of fourth semester.
iii. Passing comprehensive examination on completion of course work.

Area of Specialization

Marketing
1- International Marketing
2- Advanced Topics in consumer Behaviour
3- Product Management
4- Current Issues in Marketing
5- Topics in Brand Management

Finance
1- International Finance
2- Investment & Portfolio Management

3- Banking and Credit Markets
4- Insurance & Risk Management
5- Topics in Capital Budgeting
6- Corporate Finance

Management
1- Cases in Small Business & Entrepreneurship
2- Topics in Quality Management
3- Supply Chain Management
4- Technology Management
5- Current Issues in Management

Human Resource Management
1- Strategic Human Resource Management
2- Corporate Human Resource Management
3- Labour Law & Industrial Relations
4- Current Issues in Human Resource Management
5- Work & Organizational Psychology

Scheme of Studies Available with the Institute

Note:
* The NTS test requirement for all programmes may be converted to the departmental entry test subject to the approval of the admission committee of the University.

Introduction
Department of Commerce was established in 1996 in order to cater the needs of accounting and finance profession in the Southern Punjab by providing students with a solid academic and analytical foundation for practical decision making. The department is instrumental in providing students with thorough knowledge and understanding of the principles of commerce and business. The department is offering four undergraduate programs and four postgraduate programs to fulfill the acute shortage in the discipline of accounting, finance and Business Management. Moreover, it is a matter of immense pleasure to communicate that Department of Commerce Bahauddin Zakariya University, Multan has been awarded the accreditation for its study programs by National Business Education Accreditation Council, HEC Islamabad. These programs are structured on team based learning, class presentations, case studies, field research reports and other reference materials, to make a great mix of theory and practice. These methods of study not only provide to excel in personal development but also prepare and equip the students to tackle future challenges in the fast growing corporate world.

Mission
We strive for excellence in all that we do. Our innovative programs, interdisciplinary research, collaborative partnerships and external outreach are all strategcally aligned to contribute to, influence and...
lead business and society.

Admissions

Admissions are conducted by the following departmental admission committee according to the admission criteria laid down by the university.

Programs of Study

M.Sc. (2-Year)

Accounting & Finance
(Morning Program)

The program is intended to enable the students to understand the dynamics of modern systems of accounting and financial techniques. Having done this, the students would be in a position to adjust themselves in various business organizations in the fields of accounting and finance.

Scheme of Studies Available with the Department

Division of Seats

Chart 1 shows the break up of seats for admission to BS (Commerce).
M.Sc. (3-Year)
Accounting & Finance
(for B.A/B.Sc)
(Evening Program)
This program is intended to open new avenues of professional growth for those students who have no background in accounting & finance related subjects. This is an innovative program which will allow non-accounting graduates to enter into professional core of accounting & finance. The first year will focus on setting a solid foundation in the core areas of accounting & finance and the supporting areas of quantitative skills, economics and business communication. In the remaining two years, students will build upon the skills learned in the first year and reach a level of respectable competence in the core subjects. We expect these graduates to provide a new breed of leaders for business and industry.

Eligibility
Applicants must have passed BA/BSc (Mathematics or Economics) with a minimum of second division (45% marks).

 Determination of Merit
The merit will be determined as per policy formulated by the University.

Master in Commerce
(M.Com.)
(Morning/Evening Program)
Master in Commerce allows the students to specialize in the fields of business and commerce. The program is expected to contribute towards the provision of skilled and specialized personnel for various business organisations.

Scheme of Studies is Available with the Department

Prospectus Year 2014

Division of Seats
Chart 1 shows the break up of seats for admission to M.Com Program.

Admission Criteria

Eligibility
Candidates are required to be at least a Graduate (B.Com./BBA) with a minimum of 2nd Division (45% marks in B.Com. and grade “C” in BBA).

Determination of Merit
The merit will be determined as per policy formulated by the University.

Notes:
1. All courses carry a weight of 3 credit hours except Research Project, which carries 6 credit hours. However students of M.Sc. (A&F) 3 year program will also have to pass the non-credit course Computer Application in Business (CAB).
2. Each student shall have to undergo 6-8 weeks Internship in an industrial/commercial organization as a degree requirement. The internship would carry no weigntage towards the calculation of CGPA.
3. Passing comprehensive examination (on completion of course work and internship) is also a degree requirement.
4. Age of candidate should not exceed 26 years for graduate degree program and 24 years for undergraduate program on the last date of the receipt of applications.
5. Any other requirement laid down in semester rules or as decided by university from time to time will be applicable.
6. Department reserves the right to change the class timings of any program.

M.Phil. Commerce
(2 years)
(Evening Program)
Decision-makers need information on the economic consequences of the range of opportunities facing them, that’s where the commerce comes in. The program is intended to enable the students to show accountancy brilliance and managerial excellence in new dynamics of corporate world. After the completion of this degree, the professionals would be proficient and fully equipped to occupy the key posts of accounting, finance and management in various organizations. In addition to this, these professionals can contribute to the economy by providing employment through entrepreneurship.

Scheme of Studies is Available with the Department

Admission Criteria

Eligibility
Candidates with at least 60% marks in Annual System or 3.00 / 4.00 CGPA in semester system in M.Com, M.Sc. Account and Finance (2 and 3 years), BS Commerce, BS Accounting and Finance and MBA or equivalent qualification.

Determination of Merit
The merit will be determined as per policy formulated by the University.

M.Phil Commerce Courses
Mphil program is divided into four semesters. This period covers total 30 credit hours. The list of courses is given below:

Core Courses

Ph.D. Commerce

In this world of knowledge economy, cutting edge knowledge has become a critical issue in the survival of nation. The future of any nation is directly dependent on the quantity and quality of her accumulated knowledge and the speed at which it acquires further knowledge. We in Pakistan are awakening to this fact rightly, though belatedly. In the process of making this nation competitive on the international scene, the ability of the Pakistani Universities to produce high quality graduates who can rub shoulders with anybody in the world is of paramount importance. However, to move towards achievement of this objective, high quality faculty is most essential. To meet this need of quality faculty, the Department of Commerce offers intensive PhD program in the fast emerging field of Accounting, Finance, Business management and

Entrepreneurship. These are full-time doctoral program of four years in total, with a fourth year reserved for final writing up of the doctoral thesis.

During the first year, PhD students are required to complete a portfolio of postgraduate taught courses and seminars covering accounting, finance and business management theory, econometric, statistical methods and research methodology.

Introducing the Ph.D. Program and hoped that it will help in promoting research and raising the standard of education in Commerce.

Introduction

The B.Z. University Gillani Law College, one of the pioneer educational institutions of the city, was established in January, 1971 by the Anjuman-e-Islamia, Multan. In pursuance of the Government’s policy to nationalize the educational institutions, the College was taken over by the Education Department on 1st September, 1972. The Government provided curricular programs as well as administrative and financial assistance to the College. The administrative control and management of the College was integrated with Bahauddin Zakariya University as its constituent College. Keeping in view the public demand for providing specialized training in the field of Labour and Taxation Law, Diploma class in Labour laws was started in 1983-84 session, and Diploma in Taxation Law in 1986-87.

The Gillani Law College has its own Library containing text books, reference books and law journals. The students can borrow books, from the library according to the rules prescribed by the University. At present Law Moots are arranged by a committee comprising of the Principal or a whole or part-time teacher and students secretaries. The speakers of each moot are selected by the presiding teacher. Opportunity is given to the largest possible number of students to take active part in moots. Efforts are also being made to enhance the research activities.

Previously the College had no building of its own. The worthy Vice-Chancellor took keen interest in this regard and got the P.C. 1 of the same prepared. The P.C. 1 for new building was approved by the HEC and Planning Commission of Pakistan. The foundation stone of new building of the college was laid down by the Prime Minister of Pakistan on 05.05.2008 and inaugurated on 28-10-2010.

The new building has been constructed keeping in view the needs of the College for the next 50 years. It will have the latest requirements for law students which inter alia includes:-

I. Modern Computer Laboratory
II. Vast & Rich Library
III. Law Moot Court room.
IV. Dispute Resolution Centre etc.

The Admission to LL.B 3 Self Finance Evening Program:

i) The program of LL.B. 3-years with 06-semesters is being offered also in the afternoon at Gillani Law College, B. Z. University, Main Campus Multan.

ii) There will be admission of 70 including 10 in service candidates (Government employees) with one section (see the break-up of seats in relevant chart) (Evening Programme) from Academic Session 2008 onward.

iii) The media of instruction and examination will be English.

iv) In afternoon & evening programs there will be no hostel facility for the students.

v) The students will be charged the fee structure as given in the
relevant fees and dues schedule at the end.

vi) The upper age limit for Fresh Graduates will be 26 years while there will be no upper age limit for In-Service candidates however they will have to produce N.O.C. or Study Leave (which ever is applicable under B. Z. University admission rules) from their respective departments before getting the Challan forms to deposit the dues.

vii) Seats reserved for Fresh and In-Service candidates are inter convertible (if necessary), while other reserved seats will not be converted into any other category.

viii) The classes of LL.B. (Self-Finance Evening Program) will be held at Govt. Wilayat Hussain Islamia Degree College, Multan Campus.

ix) There will be 200-seats including 150-seats for fresh graduates, 40-for in service and 10-seats reserved for various categories (see Breakup of Seats) in LL.B 3-years Annual System program.

x) Rule (vi) above will apply age limit for the candidates of LL.B. 3-years under Annual System.

**Admissions**

Admissions are conducted by the following College Admission Committees according to the admission criteria laid down by the University.

**Determination of Merit**

The merit will be determined according to the criteria laid down by the University.

**Admission Committee**

(for LL.B. Morning/Evening Program Under Semester System)

| Mr. Muhammad Saleem Sheikh          | Chairman         |
| Muhammad Asif Safdar               | Member           |
| Rais Nouman Ahmed                  | Member           |
| Madam Naureen Akhter               | Member           |

Background

In 1975, the Government of the Punjab decided to set up four Engineering Colleges at Taxila, Multan, Faisalabad and Bahawalpur in the same order of priority. In accordance with the decision of the Punjab Cabinet, the first Engineering College initially started functioning at Sahiwal and was later, in 1978, shifted to Taxila as a second campus of the University of Engineering and Technology, Lahore. Later its status was raised to an independent University of Engineering and Technology. The proposal for the second College of Engineering and Technology at Multan met the approval of the ECNEC in September 1990.

The College of Engineering and Technology was thus established as a Constituent College of the Bahauddin Zakariya University, Multan. Its broad objective is to produce engineers at undergraduate level with Bachelor’s degree in conventional fields of Civil, Building & Architectural, Electrical, Computer and Mechanical Engineering to meet the engineering and technological manpower requirements of the province/country.

The College offers courses leading to the award of 4-Year engineering degree in Civil, Electrical, Building & Architectural, Computer and Mechanical Engineering. The College envisages to provide teaching facilities to more than 1000 students with intake of more than 250 students per year (in all disciplines of Engineering) after the completion of the project. Due to certain spatial, financial and administrative constraints, the College started Civil Engineering Program in 1994. In 1997, Electrical Engineering Program was started. In 2004 three new disciplines namely Building & Architectural Engineering, Computer Engineering and Mechanical Engineering were launched.

Seventy acres of land at the campus of the University has been allocated for the construction of various academic and administrative blocks of the College. The plans of the administrative and academic blocks, with adequate space for class rooms and laboratories have been prepared. Purchase of equipment for laboratories and books for library had already been taken in hand. The construction work of the Civil Engineering Department was completed in January, 1998. The construction work of Electrical Engineering Department was completed in January, 2000 and that of Mechanical Engineering Department was completed in May 2007. Moreover, the extension of Civil and Electrical Engineering departments are also completed. The construction of a boys hostel to accommodate 600 students, seven residences for teaching staff and twelve residences of other staff have also been completed.

The University College of Engineering & Technology excels in innovative teaching and research, in developing practical applications and approaches to problems and areas of study, and in preparing professionals and leaders who will have worldwide influence on technologies and societies.

Admission Committee (Undergraduate Engineering Programs)
The following Admission Committee has been approved by the Vice Chancellor. The committee will carry out admissions in the Undergraduate Engineering Programs according to the merit criteria announced by the College/University administration.
ADMISSION PROCEDURES/INSTRUCTIONS (B.Sc. Engineering Programs)

A1 GENERAL INSTRUCTIONS
i) Try to submit your application along with the required documents as early as possible. Do not wait for the last date.

A2 ELIGIBILITY FOR ADMISSION
A2.1 Eligibility Requirements:
An applicant for admission to any of the B.Sc. Degree Program offered by the University must fulfill the following requirements:

- He should have obtained at least 60% marks in examination on the basis of which he seeks admission. Marks for Hafiz-e-Quran and entry test where applicable shall be added only for determination of merit.
- He should be a bonafide resident of the area from where he seeks admission.
- He must have appeared in the Entry Test for Session 2014 arranged by the University of Engineering & Technology Lahore, Pakistan.

A2.2 General Eligibility Requirements:

- For admission to the B.Sc. courses in Electrical, Mechanical, Building & Architectural, Civil and Computer Engineering, an applicant must have passed the Intermediate (Pre-Engineering) Examination with Chemistry, Mathematics and Physics from a Board of Intermediate and Secondary Education of Punjab, Federal or an equivalent examination recognized by the University. However, Intermediate with Physics, Mathematics and Computer Science shall be acceptable only for admission in Computer Engineering

A2.3 Seats for Diploma Holders

- For admission against seats reserved for the holders of Diploma of Associate Engineer, the candidate should have passed the relevant diploma examination in the relevant technology with minimum 60% aggregate marks.
- Applicants seeking admission against seats reserved for the holders of 3 years Diploma of Associate Engineer shall only be eligible if their diplomas are in relevant technology as specified against each degree program given below.

Electrical Engineering
i) Diploma in Electrical Technology
ii) Diploma in Electronics Technology

Mechanical Engineering
i) Diploma in Mechanical Technology

Civil Engineering
i) Diploma in Civil Technology

Building & Architectural Engineering
i) Diploma in Architecture

Computer Engineering
i) Diploma in Computer Technology

Explanation:
- A candidate having diploma in any other technology shall not be eligible for admission. The admission of all eligible diploma holders in a specific discipline will be purely based on merit.
- Candidates possessing Diploma of Associate Engineer cannot apply for admission on any other category except that has been reserved for the holders of 3 years Diploma of Associate Engineer.

A2.4 Provisions about admission on the Basis of a B.Sc. Degree:

- For admission to the B.Sc. courses in Electrical, Mechanical, Building & Architectural, Civil and Computer Engineering, an applicant must have passed the B.Sc. examination with Mathematics and Physics.
- A person possessing a B.Sc. degree is NOT eligible for
admission to any Bachelor’s Engg. Degree Program at the College unless he has also passed F.Sc. (Pre-Engineering or Pre Medical) examination as per clause A2.1.

A2.5 Equivalent Examinations:
The University recognizes the following examinations as equivalent to the Intermediate (Pre Engineering) Examination with Chemistry, Mathematics and Physics of the Pakistani Boards of Intermediate and Secondary Education:

a) Cambridge Overseas Higher School Certificate with Physics, Chemistry and Mathematics;
b) British General Certificate of Education (Advanced Level) with Physics, Chemistry and Mathematics;
c) F.Sc. (Pre-Medical) with Mathematics as an additional subject.
d) American High School Graduation Diploma (12th Grade) or equivalent.

A2.6 Gender
Both Male and Female applicants are eligible to apply for admission to B.Sc. Engineering Degree Programs.

A3 DETERMINATION OF MERIT
A3.1 Examination considered for Merit Purpose
For admission to all the Bachelor’s Degree Programs and determination of merit the following examinations are considered:

a) Marks of Entry Test for Session 2013.
b) Higher Secondary School Certificate Examination (H.S.S.C) Pre-Engineering or equivalent.
c) Bachelor of Science (B.Sc.)
d) Diploma of Associate Engineer.

A3.2 Merit Determination
The comparative merit of applicants will be determined on the basis of adjusted admission marks obtained by them in the above examinations.

A3.3 EQUIVALENCE OF CERTIFICATES UPTO H.S.S.C. LEVEL
The equivalence and issuance of certificates, marks up to HSSC level other than issued by Pakistan’s Board is to be determined by the IBCC (Inter Board Committee of Chairmen as per decision of the Supreme Court of Pakistan). Such applicants are required to attach an Equivalence Certificate showing marks with the application for admission issued by the IBCC. The following is the address of the IBCC: Inter Board Committee of Chairmen, Islamabad, at FBISE Building H-8/4, Islamabad-Pakistan

For more information, please visit, http://www.ibcc.edu.pk

A3.4 Credit for Hifz-e-Quran
Twenty marks are added to the academic marks in HSSC or equivalent examination of an applicant who is a Hafiz-e-Quran. He gets the benefit only if he has:

i) Filled in the necessary column provided in the application form, and
ii) Appeared before the Assessment Committee appointed by the University to conduct an oral test and the Committee accepts his claim of being a Hafiz-e-Quran.

A3.5 Determination of Merit in case of Equal Percentage of Admission Marks
If two or more applicants have equal percentage of admission marks (up to three places of decimal), they shall be treated at par for the purpose of admission.

EXPLANATION
In case there is a tie for the last seat in a particular discipline/category, then all the candidates who have secured equal percentage of admission marks (up to three places of decimal) shall be admitted. No transfer or new entry into that discipline/category shall, however, be considered unless the actual number of candidates already admitted falls below the number of allocated seats for that discipline/category.

A3.6 Merit Determination Category-wise
The seats for admission to the Bachelor’s Degree courses at the College are distributed over various categories. These categories are discussed in Section A-4 below. The details of the distribution of seats are available in the Seats Allocation Chart. The applicants for each category are grouped separately. Then on the basis of the percentage admission marks, comparative merit of the applicants comprising the group is prepared. The applicants belonging to a category thus compete for admission amongst themselves for the seats allocated to it.

**A3.7 Transfer on the basis of given preferences**

In case a seat in any discipline/category of higher preference given by a candidate falls vacant and he is eligible for transfer to that discipline/category on the basis of his merit, he shall be automatically transferred to the discipline/category. He will have no right to retain his admission in the previous discipline/category unless he submit a written withdrawl of higher preference well in time before displaying the next merit list. The candidate whose name appears in any merit list against any category/discipline (even of lower preference) will have to deposit fee so that his name may be considered for transfer to the higher preference (if available) as mentioned above. If a candidate fails to deposit fee at any stage when he is offered admission, he will be taken out of the admission process and have no right to claim for admission against any category/discipline.

**A3.8 Unutilized Seats**

If some seats allocated to any category remain unutilized after expiry of the merit list advertised in the newspaper then those seats will be filled according to the policy defined by the BZU Admission Committee on the recommendation of Admission Committee, UCE&T, BZU Multan.

### A4 CATEGORIES & SYMBOLS

The seats for the Bachelor’s Degree Programs are distributed over different categories. For brevity, these categories are assigned symbols. The list of symbols is given as under:

<table>
<thead>
<tr>
<th>Symbols</th>
<th>Categories</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Open Merit seats (All Punjab)</td>
</tr>
<tr>
<td>C</td>
<td>Children of University Teachers.</td>
</tr>
<tr>
<td>D</td>
<td>Diploma Holders (Open Merit)</td>
</tr>
<tr>
<td>E</td>
<td>Children of University Employees.</td>
</tr>
<tr>
<td>FA</td>
<td>Females on open merit.</td>
</tr>
<tr>
<td>G</td>
<td>Foreign students.</td>
</tr>
<tr>
<td>H</td>
<td>Disable students.</td>
</tr>
<tr>
<td>I</td>
<td>Seats for Tribal areas of D. G Khan Division</td>
</tr>
<tr>
<td>K</td>
<td>Seats for Baluchistan</td>
</tr>
<tr>
<td>M</td>
<td>Seats for FATA</td>
</tr>
<tr>
<td>T</td>
<td>Seat for Cholistan</td>
</tr>
</tbody>
</table>

### A4.1 Category A

Open merit seats (All Punjab, For candidates having domicile of Punjab Province).

**Category C**

Seats for real son/daughter of the working/retired/deceased teachers of B.Z. University, Multan.

**Category D**

Seats for students holding 3 years Diploma of Associate Engineer.

**Category E**

Seats for real son/daughter of the working/retired/deceased employees other than teachers of B.Z. University, Multan.

**Category FA**

Seats for female applicants, all Punjab

**Category G**

Seats for Foreign Students only (by nomination from the concerned authority)

**Category H**

Seats for Disabled Candidates only

**Category K**

Seats for Baluchistan (by nomination from the concerned authority)

**Category M**

Seats for FATA (by nomination from the concerned authority)

**Category T**

Seat for Cholistan (by nomination from the concerned authority)

Selection in **Category H** will depend upon merit and the severity of disability as well as the suitability towards a particular discipline. The candidates applying under category “H” must produce a certificate of disability from District Assessment Board duly signed by Director General Social Welfare, Provincial Council for Rehabilitation of disabled persons, Lahore.

### A5 DOCUMENTS REQUIREMENTS

**A5.1 Documents to be submitted by applicants (attested photocopies)**

a) Use **Form-I** to apply for admission in **Engineering Programs** at University College of Engineering & Technology.

b) Degree, Diploma or Certificate of all the examinations on the basis of which admission is sought (i.e. S.S.C. or equivalent, F. Sc. or equivalent, B.Sc., Diploma of Associate Engineer).

c) Detailed Marks Certificates

d) Domicile Certificate (Punjab Only)
e) Application Form duly filled in (in original)
f) Entry Test Marks Certificate
g) Passport size Photograph. (02 No) to be pasted on the application form

A5.2 Additional Documents
To whom applicable
i. If an applicant has passed F. Sc. (pre-medical), he has to submit an attested photocopy of the pass certificate for additional mathematics.
ii. If an applicant is applying for the C & E category seats, he has to submit in original a certificate from the Registrar of the University on prescribed Form. If an applicant is claiming 20 marks for being a Hafiz-e-Quran, he must read the instructions given in section A3.4 under heading “Credit for Hifz-e-Quran” in the Prospectus carefully.

A6 DOMICILE REQUIREMENTS
A6.1 Domicile Certificate to be submitted by all applicants
All the applicants are required to submit with their applications an attested photocopy of their domicile certificate failing which their applications shall not be considered for admission.

A7 APPLICATION PREFERENCE FEE
A7.1 An application preference fee will be charged at the time of submission of application as per given below:
Rs. 100/- charged for each preference
Rs. 500/- for 5 or more preferences.

A8 DEADLINE FOR RECEIPT OF APPLICATION
The Application Form complete in all respect, along with the requisite documents & the preference fee (charged at the time of submission of application) should reach in the office of The Secretary, Admission Committee, University College of Engineering and Technology, Bahauddin Zakariya University Multan. on or before the last date notified for receipt of applications in national newspapers. The application may be delivered personally or sent under registered post. Application received after the closing date shall not be entertained, irrespective of the fact that it was posted before the closing date.

A8.1 Incomplete Applications
Applications which are incomplete in any respect shall not be entertained. Application form, fee and the documents submitted with it shall not be returned on any ground.

A9 PROCEDURE FOR THE SELECTED CANDIDATES
A9.1 Notification of Selection
A list of selectees will be put up on the Notice Board of Electrical Engineering Department, University College of Engineering & Technology, Bahauddin Zakariya University, Multan and also on university website www.bzu.edu.pk.
No candidate will be informed individually about his selection for admission/withdrawal or cancellation of admission in a department.

A9.2 Depositing of Dues and Documents
The schedule for payment of dues and submission of documents will be displayed on the notice board of Electrical Engineering Department with merit lists. A selectee is required to pay the University dues and submit the following documents to the Secretary Admission Committee UCE&T BZU Multan.
a) Medical Certificate duly signed and stamped by University Medical Officer.
b) Five attested copies of the most recent passport size photographs.
c) Original degree and certificates of Matric, F. Sc., B.Sc., Diploma of Associate Engineer, or the equivalent qualifications along with two sets of attested photo copies of all the relevant documents.
d) Original Domicile certificate.
e) Affidavit (Undertaking) duly completed given in the prospectus.
f) Original entry test marks sheet.

A9.3 Forfeiture of right of admission
A selectee who fails to fulfill the requirements laid down in Clause A9.2 within the prescribed time-limit shall forfeit his right of admission. However such affectee may appeal to admission committee of UCE&T after fulfilling the requirement laid down in clause A9.2 if any vacant seat in that particular category of the specific program is available.

A9.4 Provisional Admission
On fulfillment of the obligations mentioned in section A9.2 a selectee will be admitted to the University. This admission shall, however, be provisional until all the original degrees or certificates submitted by him have been checked for their veracity. In case any document proves to be false, fake, or fabricated at a later stage, a
provisionally admitted student shall be liable to expulsion from the University and to any other disciplinary or legal action the University may deem fit. Moreover, all the fees and charges deposited by him shall stand forfeited in favor of the University.

A9.5 Warning

If at any stage, a student is found indulging in politics, his admission will be cancelled as referred to in affidavit form.

RULES AND REGULATIONS

1. Liability for Injury, Damage & Loss
The College teaching programs include training in its workshops and laboratories, places of engineering and architectural interest, industrial concern, and construction jobs. The University or other concerns shall not be responsible in the event of an injury, damage or loss to a student resulting from any cause whatsoever during the course of such training.

2. Modification of Rules & Regulations
The rules and regulations governing various aspects of student’s life at the University (such as discipline, admission, examination, migration, fees and charges etc.) are given in this prospectus as they stood at the time of its publication. There is no guarantee that these rules and regulations will remain unchanged throughout a student’s stay at the College, nor does it in any way restrict or curtail the inherent powers for the University authorities to modify them whenever in their judgment any modifications are called for, and to implement the modified rules and regulations from a date which they deem appropriate.

Entry 2014 for B.Sc. Engineering Programs is under Semester System in UCE&T. Rules & Regulation for Semester system &Scheme of Studies are available with the relevant departments.

ADMISSION PROCEDURES/INSTRUCTIONS
(M.Sc. Engineering Programs)

A1 GENERAL INSTRUCTIONS
i) Try to submit your application along with the required documents as early as possible. Do not wait for the last date.
ii) As soon as the process of selection is completed, the merit list will be notified showing the percentage admission marks of the applicants admitted.
iii) All documents to be attached with the application form should be attested by a Class-I gazetted officer of the government or Class-A officer of this University.

A2 ELIGIBILITY FOR ADMISSION
An applicant for admission to any of M.Sc. Engineering program must fulfill the following eligibility requirements.

A2.1 Eligible Undergraduate Degrees

1) M.Sc. Electrical Engineering with Specialization in Telecommunication
2) M.Sc. Electrical Engineering with Specialization in Power System Engineering

A2.2 General Eligibility Requirements:

a. The applicant should have obtained at least 60% marks under annual/Term system or CGPA 3 on the scale of 4 or equivalent marks in relevant undergraduate degree on the basis of which he seeks admission.

b. The applicant should have secured at least 50% marks in an Entry Test conducted by the Department of Electrical Engineering.

c. The applicant should meet standards of physique and eyesight laid down in the medical certificate.

A3 Determination of Merit

A3.1 Examinations Considered for Merit Purpose

A. B.Sc. Engineering
B. Entry Test
C. Interview

A3.2 Merit Determination

The comparative merit of applicants will be determined on the basis of adjusted
admission marks obtained by them in the above examinations. Merit will be calculated by adding the following:

1. **60% weightage for undergraduate degree**
   
a. Annual/Term Systems:
   
   \[
   \frac{\text{Marks obtained in all academic years (terms)}}{\text{Total marks in all academic years (terms)}} \times 60
   \]

   b. Semester Systems
   
   \[
   \frac{\text{Marks obtained in all semesters}}{\text{Total marks in all semesters}} \times 60 \times 0.85^* 
   \]
   
   *Factor 0.85 is to bring the marks at par with Annual System:

2. **25% weightage of obtained Marks in Entry Test**
   
   \[
   \frac{\text{Marks obtained in GAT}}{\text{Total marks of the GAT test}} \times 25
   \]

3. **15% of Obtained Marks in Interview**
   
   \[
   \frac{\text{Marks obtained in interview}}{\text{Total marks of the interview}} \times 15
   \]

**A3.3 Determination of Merit in case of Equal Percentage of Admission Marks**

If two or more applicants have equal percentage of admission marks (up to three places of decimal), they shall be treated at par for the purpose of admission.

**EXPLANATION**

In case there is a tie for the last seat in a particular discipline/category, then all the candidates who have secured equal percentage of admission marks (up to three places of decimal) shall be admitted. No transfer or new entry into that discipline/category shall, however, be considered unless the actual number of candidates already admitted falls below the number of allocated seats for that discipline/category.

**A3.4 Transfer on the basis of given preferences**

In case a seat in any discipline/category of higher preference given by a candidate falls vacant and he is eligible for transfer to that discipline/category on the basis of his merit, he shall be automatically transferred to the discipline/category. He will have no right to retain his admission in the previous discipline/category unless he submit a written with drawl of higher preference well in time before displaying the next merit list. The candidate whose name appears in any merit list against any category/discipline (even of lower preference) will have to deposit fee so that his name may be considered for transfer to the higher preference (if available) as mentioned above. If a candidate fails to deposit fee at any stage when he is offered admission, he will be taken out of the admission process and have no right to claim for admission against any category/discipline.

**A3.5 Unutilized Seats**

If some seats allocated to any category remain unutilized after expiry of the merit list then those seats will be filled according to the policy defined by the BZU Admission Committee on the recommendation of Admission Committee of the concerned Department/Institute.

**A4 DOCUMENTS REQUIREMENTS**

**A4.1 Documents to be submitted by applicants (attested photocopies)**

a) Application Form duly filled in (in original)
b) Degree on the basis of which admission is sought
c) Detailed Marks Certificates
d) Domicile Certificate
e) GAT Result Sheet f) Passport size Photograph. (02 No) to be pasted on the application form

**A5 DEADLINE FOR RECEIPT OF APPLICATION**

The Application Form complete in all respect, along with the requisite documents should reach in the office of concerned Department/Institute.

**A5.1 Incomplete Applications**

Applications which are incomplete in any respect shall not be entertained. Application form and the documents submitted with it shall not be returned on any ground.

**A6 PROCEDURE FOR THE SELECTED CANDIDATES**

**A6.1 Notification of Selection**

A list of selectees will be displayed on the Notice Board of concerned Department/Institute and also posted on university website: www.bzu.edu.pk

No candidate will be informed individually about his/her selection for admission/withdrawal or cancellation of admission in a department/Institute.

**A6.2 Deposit of Dues and Documents**

The schedule for payment of dues and submission of documents will be displayed
on the notice board of concerned Department/Institute with merit lists. A selectee is required to pay the dues and submit the following documents to concerned Department/ Institute.

a) Medical Certificate duly signed and stamped by University Medical Officer.

b) Five attested copies of the most recent passport size photographs.

c) Original degree and certificates of Matric, F. Sc., B.Sc., Diploma of Associate Engineer, or the equivalent qualifications along with two sets of attested photo copies of all the relevant documents.

d) Original Domicile certificate.

e) Affidavit (Undertaking) duly completed given in the prospectus.

f) Original GAT marks sheet.

A6.3 Forfeiture of right of admission
A selectee who fails to fulfill the requirements laid down in Clause A6.2 within the prescribed time-limit shall forfeit his right of admission. However such affectee may appeal to admission committee of department/institute concerned after fulfilling the requirement laid down in clause A6.2 if any vacant seat in that particular category of the specific program is available.

A6.4 Provisional Admission
On fulfillment of the obligations mentioned in section A6.2 a selectee will be admitted to the University. This admission shall, however, be provisional until all the original degrees or certificates submitted by him/her have been checked for their veracity. In case any document proves to be false, fake, or fabricated at a later stage, a provisionally admitted student shall be liable to expulsion from the University and to any other disciplinary or legal action the University may deem fit. Moreover, all the fees and charges deposited by him/her shall stand forfeited in favor of the University.

A6.5 Warning
If at any stage, a student is found indulging in politics, his/her admission will be cancelled as referred to in affidavit form.

RULES AND REGULATIONS

1. Liability for Injury, Damage & Loss
The College teaching programs include training in its workshops and laboratories, places of engineering and architectural interest, industrial concern, and construction jobs. The University or other concerns shall not be responsible in the event of an injury, damage or loss to a student resulting from any cause whatsoever during the course of such training.

2. Modification of Rules & Regulations
The rules and regulations governing various aspects of student’s life at the University (such as discipline, admission, examination, migration, fees and charges etc.) are given in this prospectus as they stood at the time of its publication. There is no guarantee that these rules and regulations will remain unchanged throughout a student’s stay at the College, nor does it in any way restrict or curtail the inherent powers for the University authorities to modify them whenever in their judgment any modifications are called for, and to implement the modified rules and regulations from a date which they deem appropriate.

Entry 2015 for M.Sc. Engineering Programs is under Semester System.

Rules & Regulation for Semester system &Scheme of Studies are available with the relevant department/institute.
Introduction

The city of Multan is the center of cotton producing region of the Southern Punjab and therefore a need was being felt for an institute that could provide skilled and technically trained manpower to the local textile industry especially one based on Cotton.

The Export Promotion Bureau (E.P.B.) in collaboration with Multan Textile Education Trust took the initiative and founded the Institute of Handloom and Home Textile Technology (hereafter referred to as I.H.H.T.T.). The I.H.H.T.T. offered a three years’ Diploma of Associate Engineering (D.A.E. from now on) in textile technology.

Unfortunately, as more and more science got involved in industrial production of textiles, the inevitability presented itself and a higher degree became quite indispensable. As a result I.H.H.T.T. was taken over by the university and a degree program for Textile Engineering was launched in August 2004 A.D.

Students can choose from four different specializations namely Yarn Manufacturing, Fabric Manufacturing, Textile Chemistry and Garments Manufacturing. Numbers of seats are varied each year to reflect the changing trends in the market for textile engineering graduates.

The syllabus(i) has / have been designed to give students firm grip on not only engineering concepts but also to enhance management capabilities. Out of 44 courses offered here at the college; 12% are of Natural Sciences, 15% are of Humanities, Social and Management Sciences and remaining 73% are of Engineering (distribution based on credit hour(s) of courses offered).

Laboratories and Workshops

Following is the complete list of laboratories and workshop(s) established in BZU.C.T.E.: -

• Spinning / Yarn Manufacturing Laboratory
• Weaving / Fabric Manufacturing Laboratory
• Textile Chemistry / Wet Processing Laboratory
• Garments Manufacturing Laboratory
• Fibers & Yarn Testing Laboratory
• Fabric Testing Laboratory
• Computer Aided Design and Manufacturing Laboratory
• Chemistry Laboratory
• Physics Laboratory
• Computer Laboratory
• Mechanical and Electrical Workshop(s)

Yarn Manufacturing Laboratory
Yarn manufacturing laboratory is equipped with state-of-the-art machines imported from Rieter Machine Works, Winterthur, Switzerland. Details are as under:
• Unifloc A11
• Uniclean B12
• Unimix B71
• Uniflex B60
• Vission Shield (Jossi)
• Condenser A21
• Hi Per Card C60
• Draw Frame RSB-D40
• Simplex / Speed frame F15
• Ring frame G35

Textile Chemistry Laboratory
State-of-the-art laboratory-scale machine(s) has been installed in textile chemistry laboratory and these include all sorts of dyeing and printing machines.

Garments Manufacturing Laboratory
This laboratory includes all industrial cutting, sewing, over and inter-locking and embroidery machines.

Fiber & Yarn Testing Laboratory
It is the most important laboratory for testing variety of textiles for quality assurance. This laboratory houses

Fabric Manufacturing Laboratory
Fabric manufacturing laboratory has variety of machines ranging from low-end hand-loom(s) to high-end air-jet loom(s).

• Dobby and Jacquard hand-loom(s)
• Dobby and Jacquard shuttle-loom(s)
• Terry-towel looms
• Rapier Dobby and Jacquard looms
• Air-jet loom
• Sectional warping machine
• Sizing machine

Computer Aided Designing and Manufacturing Laboratory (CAD/CAM)
A Computer Aided Design and Manufacturing laboratory that is equipped with 15 workstations has been established in the college and is being used for weave designs, pattern making and other tasks related to textile designing.

Chemistry Laboratory
Chemistry laboratory has been refurbished to meet degree standards and ever changing needs of today’s modern scientific world. Thus the laboratory houses everything related to practical work required for preliminary course work in B.Sc. Textile Engineering degree.

Physics Laboratory
Physics laboratory is particularly rich in testing and experiments related apparatus and equipment where students can observe most of the physical phenomena with their own eyes.

Computer Laboratory
Computer laboratory has 45 work stations and all are connected to the Internet. The laboratory is used by students for practical work of computer related subjects and for accessing the Internet to seek references related to their studies.

Mechanical and Electrical Workshop(s)
Both mechanical and electrical workshops have been established at BZU.C.T.E. in order to help students learn practical aspects of machine designing and electrical / electronic circuits designing.

Admission Details, Procedures and Instructions

A1 General Instructions
• Try to submit the application along with required documents as early as possible. Do not wait for the last date!
• Once the selection process is complete, merit lists containing names of candidates admitted to B.Sc. Textile Engineering will be pasted on college notice boards including candidates’ percentage marks at the time of admission.
• Documents that are to be attached with application form must have been attested by a Class-I Gazetted Government officer or class –A University officer.

A2 Eligibility for Admission

A2.1 Eligibility Requirements
An applicant seeking admission in B.Sc. Textile Engineering must possess an intermediate degree with Chemistry, Mathematics and Physics as major subjects from any of the Intermediate & Secondary Education Boards of Punjab or Federal Board of Intermediate and Secondary Education, Islamabad. Candidates with H.E.C. recognized Intermediate equivalent education are also eligible to apply officer or a Class-A officer of the University.

A2.2 General Eligibility Requirements
An applicant seeking admission in B.Sc. Textile Engineering must fulfill following
criteria: -

(a) He / she should have obtained at least 60% marks in examination on the basis of which admission is being sought. Marks for Hafiz-e-Quran and entry test shall be added only for determination of merit where applicable.

(b) He / she ought to be a resident of the area from where he / she seeks admission.

(c) He / she should meet medical standards of eye-sight and physique as are laid down by the University.

(d) He / she must have appeared in the entrance examination for session 2013 held by the University of Engineering & Technology, Lahore.

(e) Candidate / applicant must be free of all sorts of contagious disease as is demanded by the university.

A2.3 Gender
Both male and female applicants are eligible to apply for B.Sc. Textile Engineering Program.

A3 Determination of Merit
A3.1 Examination(s) Accounted for Admission(s) in Degree Programme
For determination of merit and admission in B.Sc. Textile Engineering following examination(s) are accounted for:

- Entry Test Marks
- Higher Secondary School Certificate (H.S.S.C.) Pre-engineering Examination or equivalent.
- Diploma of Associate Engineer
- Bachelor of Science with Mathematics, Physics and Chemistry or Double Math., Physics.

A3.2 Determination of Merit
Merit for admission in B.Sc. Textile Engineering program is determined as given herein:

(A) For candidates applying on the basis of H.S.S.C. Pre-Engineering or Diploma of Associate Engineer or equivalent:

<table>
<thead>
<tr>
<th>Examination</th>
<th>Weightage</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) HSSC (Pre-Engeneering) or equivalent</td>
<td>70%</td>
</tr>
<tr>
<td>(b) Entry Test Marks</td>
<td>30%</td>
</tr>
</tbody>
</table>

(B) For Candidates Applying on the basis of B.Sc.

(B) For candidates applying on the basis of B.Sc.

<table>
<thead>
<tr>
<th>Examination</th>
<th>Weightage</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) Total marks obtained in B.Sc.</td>
<td>35%</td>
</tr>
<tr>
<td>(b) Total marks secured in HSSC (Pre Engg.)</td>
<td>35%</td>
</tr>
<tr>
<td>(c) Entry Test Marks</td>
<td>30%</td>
</tr>
</tbody>
</table>

A candidate in possession of a B.Sc. degree is not eligible for admission unless he / she has passed the intermediate examination with pre-engineering subjects (i.e. Mathematics, Chemistry and Physics)

A3.3 Credit for Hafiz-e-Quran
A candidate gets 20 marks as benefit for being a Hafiz-e-Quran provided that:

- He / she checked the required check-box in application form provided for the purpose.
- Appeared before the “verification” committee appointed by the university and the committee accepts his claim of being a Hafiz-e-Quran.

A4 Categories of Admissions
Following table lists various categories for admission(s) in B.Sc. Textile Engineering program:

<table>
<thead>
<tr>
<th>Sr. #</th>
<th>Category</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A4.1</td>
<td>A: Open Merit Seats</td>
<td>Candidates applying for this category must have passed the intermediate examination with Pre-Engineering subjects (i.e. Mathematics, Physics and Chemistry) from any of Intermediate And Secondary Education Board of Punjab or Federal Board of Intermediate And Secondary Education, Islamabad. Candidates with university recognized equivalent educational background (A-level according to British education system) are also eligible for this category. Both male and female candidates are eligible to apply for this category.</td>
</tr>
<tr>
<td>A4.2</td>
<td>B and C: Employee’s son/daughter and Teacher’s son/daughter</td>
<td>Both male and female candidates are eligible to apply for these categories provided that relevant rules and regulations of the university are duly applied</td>
</tr>
<tr>
<td>A4.3</td>
<td>D and E:</td>
<td>Seats for Baluchistan and Fata areas.</td>
</tr>
<tr>
<td>A4.4</td>
<td>F:</td>
<td>Seats reserved for candidates holding three years diploma of Associate Engineer (DAE) on open merit.</td>
</tr>
<tr>
<td>A4.5</td>
<td>G: Three years diploma in Textile Technology awarded by BZU.</td>
<td>Top five students of three year diploma in Textile Technology, awarded by Bahauddin Zakariya University Multan, will be promoted to B.Sc. Textile Engineering. Both male and female candidates are eligible to apply for this category.</td>
</tr>
<tr>
<td>A4.6</td>
<td>H:</td>
<td>Seat reserved for female candidates</td>
</tr>
<tr>
<td>A4.7</td>
<td>I:</td>
<td>Seats for foreign candidates</td>
</tr>
<tr>
<td>A4.8</td>
<td>J:</td>
<td>Seats for disable candidates</td>
</tr>
<tr>
<td>A4.9</td>
<td>K and L:</td>
<td>Seats for tribal areas of D.G Khan, Rajanpur and nominee from Azad Kashmir</td>
</tr>
</tbody>
</table>

Introduction
Materials Engineering, being one of the most important branches of engineering brings various disciplines of engineering and science closer in fulfilling present day technological requirements. In view of the ever increasing demand for highly qualified manpower in Materials Engineering, the Bahauddin Zakariya University has established Institute of Advanced Materials to offer quality education and training in this vital area of Engineering.

The institute has been established in a purpose built civil structure which houses lecture rooms, a modern library facility having access to various institutes and research organizations through internet facility. The hall-mark of the institute is its laboratories which distinguish it from other institutes. The laboratories have been equipped with most modern and state of the art training and research equipment such as Scanning Electron Microscope, X-ray diffractometer, Thermal analyzer, furnaces for various purposes, and various instruments for testing of engineering materials along with facilities for determining physical and electrical properties of materials. The Labs have been established to prepare its graduates to provide services in sectors such as aerospace, metals and alloys, electrical and electronics, engineering ceramics and industries of strategic importance.

The Institute started its activities by offering 4-year degree program leading to B.Sc. Metallurgy and Materials Engineering. The revised curriculum of this program is so designed as to educate its graduates with various theoretical concepts in Materials Engineering and Technology, along with scientific principles governing designing, processing and applications of materials with a view to meet the needs of student-employer constituencies. The Institute places high degree of emphasis on practical training in relation to theoretical concepts and scientific principles, which is demonstrated by its well-equipped laboratories. The students would find the labs extremely useful in carrying out their research projects, as a part of degree program. Now the Institute has also started M.Sc. in Metallurgy and Materials Engineering.

Facilities

Laboratory Details

Materials Preparation Lab
The Lab serves as basic facility for preparation of various alloys, composites and sintered materials. High temperature arc melting furnace with vacuum is a unique facility.

Metallography Lab.
Metallurgical microscope with Image Analyzer, Optical Microscope, Student Microscopes and a comprehensive sample preparation setup has been established. This lab also holds a state of art, Micro Hardness Tester with software controlling for micro hardness measurement of different materials.

Heat Treatment Lab.
Vacuum and controlled atmosphere Tube Furnaces, Box Furnaces and Muffle Furnaces for heat treatments of different materials.

Materials Characterization Lab.
Scanning Electron Microscope, Xray...
Mechanical Testing Lab. 20kN Universal Testing Machine, Impact Testing Machine, Brinell and Rockwell Hardness Testers. This facility is used for evaluation of mechanical properties of metals, non-metals and polymers.

Foundry and Casting Lab. The lab is providing practical training in molding and casting techniques for ferrous and non-ferrous materials. It houses facilities such as crucible melting and induction furnace with necessary accessories along with mold preparation facilities.

Welding and Non-Destructive Testing Lab. This lab provides training on various joining techniques for metals and alloys comprising of electric arc welding, gas welding and TIG, MIG techniques. The non-destructive testing facilities include Ultrasonic Testing, Magnetic Flaw Detectors and Radiography techniques.

Mineral Processing Lab. This lab holds the facilities of Crushers, Grinding Mills, Wet Magnetic Separators, Shaking Tables and Flotation techniques etc. for processing and beneficiation of different minerals, ores and other raw materials.

Admissions
The admissions will be conducted by the following Departmental Admission Committee according to the admission criteria laid down by the BZU.

Admission Committee
Prof. Dr. Shabbar Atiq Chairman
Engr. Amir Riaz. Secretary
Engr. Waheed Ahmad Member

The committee shall look after the admission process and can be accessed for interpretation of the rules and regulations.

Admission Procedure
(General Instructions)

Try to submit the application along with the required documents as early as possible. Do not wait for the last dates.

As soon as the process of selection is complete, the merit list will be notified as per schedule approved showing the percentages of admission marks of the applicants admitted in B.Sc. in Metallurgy and Materials Engineering.

All the documents to be attached with application form should be attested by a Class-I Gazetted officer of the Government or Class–A officer of this University.

Eligibility Requirements
1. The applicant should have passed the intermediate examination (Pre-Engineering) with Chemistry, Mathematics and Physics from a Board of Intermediate and Secondary Education of Punjab and Federal or an equivalent examination recognized by the University (as per clause 2.5). All male and female students are eligible to apply. For admission to the B.Sc. course in Metallurgy and Materials Engineering on the basis B.Sc., an applicant must have passed B.Sc. examination with Mathematics and Physics.

2. He must have appeared in the entry test for session 2014 conducted by UET Lahore.

2.1 Eligibility Requirements
An applicant for admission to B.Sc. Degree Course in Metallurgy and Materials Engineering must fulfill the following eligibility requirements:

He should have passed the Intermediate (Pre-Engineering) Examination with Chemistry, Mathematics and Physics from a Board of Intermediate and Secondary Education of Punjab, Federal or an equivalent examination recognized by the University (as per clause 2.5).

2.2 General Eligibility Requirements:
An applicant for admission to any of the B.Sc. Engineering Degree Course offered by the University must fulfill the following requirements:

a) He should have obtained at least 60% marks in examination on the basis of which he seeks admission. Marks for Hifz-e-Quran and entry test where applicable shall be added only for determination of merit.

b) He should meet standards of physique and eye sight laid down in the medical certificate.

c) He must have appeared in the entry test for Session 2014 arranged by the University of Engineering & Technology Lahore, Pakistan.
2.3 Seats for Diploma Holders

For admission against seats reserved for the holders of Diploma of Associate Engineer, the candidate should have passed diploma examination of a Board of Technical Education in the following disciplines with minimum 60% aggregate marks. Metallurgy and welding, Foundry & Pattern Making, Glass Cremics, Mechanical, Cast Matel and Foundery.

2.4 Provisions about admission on the Basis of a B.Sc. Degree:

a) For admission to the B.Sc. courses in Metallurgy and Materials Engineering an applicant must have passed the B.Sc. examination with Mathematics and Physics.

b) A person possessing a B.Sc. degree is NOT eligible for admission unless he/she has also passed F.Sc. (Pre-Engineering or Pre Medical) examination as per clause 2.1.

2.5 Equivalent Examinations:

The University recognizes the following examinations as equivalent to the Intermediate (Pre Engineering) Examination with Chemistry, Mathematics and Physics of the Pakistani Boards of Intermediate and Secondary Education:

a) Cambridge Overseas Higher School Certificate with Physics, Chemistry and Mathematics;

b) British General Certificate of Education (Advanced Level) with Physics, Chemistry and Mathematics;

c) F.Sc. (Pre-Medical) with Mathematics as an additional subject.

d) American High School Graduation Diploma (12th Grade) or equivalent.

2.6 Gender

Both male and female applicants are eligible to apply for admission to B.Sc. Engineering Degree Programmes.

2.7 Credit for Hafiz-e-Quran

Twenty marks are added to the academic marks in HSSC or equivalent examination of an applicant who is Hafiz-e-Quran. He gets the benefit only if he has:

i) Filled in the necessary column provided in the application form, and

ii) Appeared before the “Verification Committee” appointed by the University and the Committee accepts his claim of being a Hafiz e-Quran.

3 Determination of Merit

3.1 Examination considered for Merit Purpose

For admission to all the Bachelor’s Degree Courses and determination of merit the following examinations are considered:-

a) Marks of Entry Test for Session 2014.

b) Higher Secondary School Certificate Examination (H.S.S.C) Pre-Engineering or equivalent.

c) Bachelor of Science (B.Sc.)

d) Diploma of Associate Engineer in metallurgy and welding, mechanical technology (production) with specialization in foundry and pattern making technology, mechanical technology (production) with specialization in metallurgy and welding technology.

3.2 Merit Determination

The comparative merit of applicants will be determined on the basis of adjusted admission marks obtained by them in these examinations:-

A) For applicant with H.S.S.C. (Pre Engineering) as the highest qualification:

i) H.S.S.C (Pre Engineering) or equivalent including Hifz-e-Quran marks. 70%

ii) Entry Test marks 30%

B) For applicants with B.Sc. as the highest qualification

i) B.Sc. 35%

ii) H.S.S.C. or equivalent exam including Hifz-e-Quran marks. 35%

iii) Entry Test Marks 30%

C) For Applicants having Diploma of Associate Engineer as the Highest Qualification

i) Diploma of Associate Engineer marks 70%

ii) Entry Test Marks 30%

Note: 20 marks for Hifz-e-Quran will be added to the marks of the examination on the basis of which, admission is being sought.

3.3 Determination of Merit in case of Equal Percentage of Admission Marks

If two or more applicants have equal percentage of admission marks (up to three places of decimal), they shall be treated at par for the purpose of admission.

EXPLANATION

In case there is a tie for the last seat in a particular discipline/
category, then all the candidates who have secured equal percentage of admission marks (up to three places of decimal) shall be admitted. No transfer or new entry into that discipline/category shall, however, be considered unless the actual number of candidates already admitted falls below the number of allocated seats for that discipline/category.

Scheme of Studies Available with the Institute

MS Program (Intake Spring 2015)

This is the for the information of the all concerned that MS degree awarded by the Universities/Degree awarding institutions must meet the following minimum criteria for recognition by the HEC.

MS Program

1. 16 years of schooling or 4 years education (124 credit hours) after HSSC/F.Sc./grade twelve equivalent will be required for admission in the MS program.

2. BZU will design and conduct itself the entrance subject test (score requirement is = to 50%) for admission to MS degree program.

Flow Diagram for Minimum Quality Criteria for MS

Minimum 16 years of schooling/130 credit hours  B.Sc. MME (CGPA=> 3.0 for Semester System and 1st division for Annual System

BZU entrance test score = 50%

Minimum 24 credit hours courses + 6 credit hour thesis

Introduction

The Department of Arabic was established in 1985. Initially, the Department started functioning in a borrowed building of a Government School. But after a short span of time, the Department was shifted to the “Language Block” of Bahauddin Zakariya University, main Campus in 1986. In the beginning, the Department had a strength of 3 Staff members. Which at present has amounted to eight. Three of them hold Ph.D. and four hold M.Phil Degrees. At present, Department is running M.A., M.Phil. and Ph.D. programs alongwith certificate course in Spoken Arabic.

The students of Arabic Department, after obtaining their degree of M.A., M.Phil and Ph.D., are serving in different walks of life all over the country and abroad.

The focus of the departmental interest is Arabic language and Literature. Language is considered the custodian of human knowledge. In this context, Arabic language is not only one of the major languages of the world but is also considered the treasure house of the knowledge produced by Arabic and Muslim civilization through the centuries. By teaching Arabic Language, Department of Arabic, Bahauddin Zakaria University, Multan aims at developing inter-cultural and inter-regional understanding of the growth of human society and human knowledge. For, department focuses on the study of impact of classical Arabic Language on the regional dialects and national languages of south Asian Sub-continent. The Study of contribution of South Asian scholars to the Arabic literature is also a great task which department has taken up. This cannot be done without comparing all this with the contribution of orientalists to the Arabic Language and Literature. By Focusing at these aspects, the department is struggling to contribute in the newly emerging phenomenon of global village through the effectively communication of human knowledge.

“Hazrat Bahauddin Zakariya Chair”

It is noteworthy that Hazrat Bahauddin Zakariya Chair has been established in the Department of Arabic. The functioning of the chair has been started by appointment of a full Professor in this regard since 2009 and the department is determined to play its significant role in dissemination of sufi thoughts and teachings effectively.

Admission

Admissions are conducted by the following Departmental Admission Committee according to the admissions criteria laid down by the University.

Introduction
The Department of English at the Bahauddin Zakariya University, Multan, was set up in 1975 when this University came into existence. The Department offers two Masters Degree programs: M.A. English and M.A. English Language & Literature. M.A. English is predominantly a literature-based program, whereas M.A. English (with specialization in Language & Literature) prepares students for effective teaching of English as a second/foreign language. Diploma in ELT is also aimed at improving the linguistic and pedagogical competence of those who have already earned Masters Degree in English. The Department offers M. Phil. and PhD. Programmes in Linguistics and English Literature. These programs are meant for rigorous training in the field of Linguistics and English Literature. The M. Phil. program in English ultimately leads to PhD. The Department has the distinction of offering one of the largest PhD. programmes in Pakistan. The Department also offers short Spoken English program which is aimed at improving the communicative competence of the students. The graduates from this Department are serving in various prestigious public sector and private organizations in Pakistan and abroad. They are serving in Civil Services, Armed Forces, Judiciary, Media and Educational institutions.

Currently, the Department has 13 faculty members. Five of whom are Ph.D. degree holders while five members are pursuing PhD. research at the universities in Local and Foreign Universities. The rest of the faculty members hold M. Phil. degrees. Three of the faculty members have also conducted post-doctoral research in British and American universities. The specific areas of research interest of the faculty include Linguistics, English Literature, Sociolinguistics, Applied Linguistics and Gender Studies. The faculty has published a large number of papers in national and international HEC recognized journals. The faculty members hold honorary positions in various national and international organizations and are contributing proficiently in this capacity. The Department is not only training personnel to contribute effectively to various sectors but is also engaged in research at the M.Phil. and doctoral level which is leading to the creation of knowledge and training of researchers who can make a difference in academic and professional fields. The faculty and the students of this department have won various prestigious awards like Fulbright, Commonwealth and HEC awards, scholarships and fellowships.

Introduction

The classes of MA Islamic Studies started in 1982 under the administrative control of the Institute of Islamic Studies and Arabic in a borrowed building of a local school. The Institute was shifted in the university’s “Languages Block” in 1986 and was housed along with the Departments of English and Urdu. At various times Prof. Dr. Khawaja Imtiaz Ali (Ex-Vice- Chancellor BZU) Prof. Syed Muhammad Tahir Qadri (Ex-Principal Govt. College of Education, Multan). Prof. Dr. Muhammad Akram Choudhry (Now Vice Chancellor University of Sargodha) and Prof. Dr. Muhammad Hasnain Naqvi have worked as a Director of this Institute. In 1996 the Institute was bifurcated by the University in two separate departments i.e. Islamic Studies and Arabic. The Department shifted in its own building in 2008. The Department has tailored a 2-Year program of M.A. Islamic Studies. In addition to the Master’s program, the Department also has the facilities for M.Phil and Doctoral programs. The Department of Islamic Studies has started BS in Islamic Studies from the session (2009-10). Previously Prof. Dr. Noor-ud-Din Jami (1996-2005) and Prof. Dr. Muhammad Akram Rana (2008-2011) have worked as a Chairmen of the Department. Now Prof. Dr. Saeed-ur-Rahman is working as a Chairman. He has already performed his duty as a Chairman during 2005-2008.

Main Objectives

1. To educate the students who could analyze modern social science i.e. Economics, Philosophy, Political Science and Sociology etc. in the light of the teachings of Islam.
2. To present scientifically and effectively the truth of the revolutionary teachings of Islam in every field of life.
3. To produce the scholars who are experts of Islamic Education with an exposure to modern scientific, technological and social development.
4. To promote the skills to perform the duties in legislation, research, management, teaching and Islamic Banking.
5. To promote the tolerance, brotherhood, unity among the Muslim Ummah, moderation, broad-mindedness, love with human being and other Islamic values, through academic activities.

Department’s Building

The Department’s own building was approved and funded by the Higher Education Commission, Islamabad in 2004. The construction work started on October 14, 2006 and was completed on August 13, 2007. Its
covered area is 12603 s.ft. The total amount spent is Rs. 92,06,255/- The building is comprised of class rooms, Seminar Hall, Reference Library, Computer Lab, Girls Common Room and thirteen offices for teachers and administration. The building was inaugurated by Ex-Prime Minister of Pakistan Syed Yousaf Raza Gilani on 5th May, 2008.

Seerat Chair (SC)
The Seerat Chair is functional since 2002 in the Department of Islamic Studies under directorship of Prof. Dr. Noor-ud-Din Jami. The main purpose of the chair is to develop interest in several areas of Seerat al-Nabi studies and research. The Chair, at present, is working on compilation of the Seerah work published in the country.

Objectives of the Chair
1. To study and promote the teachings of the Holy Prophet (PBUH) in the context of contemporary world’s needs.
2. To remove misconceptions regarding life and mission of the Holy Prophet (PBUH) with scientific methods.
3. To publish books and research reports for transferring the knowledge on various aspects of the Seerah.
4. To organize Seminars, Conferences and national/international scholars’ lectures to explore the new fields of seerah studies in the present age.

Moosa Pak Shaheed Chair (MPSC)
The University Syndicate in its meeting held on 17-02-2010 approved to establish Moosa Pak Shaheed Chair in Islamic Studies to identify and study contemporary issues and present their solution scholarly with reference of teaching of Islam and instructions of Syed Moosa Pak Shaheed, a famous saint of Multan in the era of Mughal emperor Akbar and other saints of the subcontinent with their services in order to assist Pakistani society, to live with peace, brotherhood, social stability and progress and abolish social evils; like intolerance, extremism, terrorism, social injustice and inequality etc.

Prof. Dr. Saeed-ur-Rahman was appointed as Professor, Moosa Pak Shaheed Chair on 08-06-2010. The chair has published a biography of Syed Moosa Pak Shaheed in 2011.

Objectives of the Chair
The master plan of the chair will cover the following fields:
1. To study and interpret the teachings of Islam in the context of the intellectual and scientific progress of the modern world, particularly on Tasawuf.
2. To develop research and illuminate the life and work of Syed Moosa Pak Shaheed Gilani.
3. To translate and explain the significant texts of Tasawwuf and other related books, including books of Syed Moosa Pak Shaheed Gilani.
4. To introduce certificate and diploma courses in various aspects of Tasawwuf and important areas of Islamic Shariah.

- Diploma in Qira‘t
Islamic Research Centre (IRC)

Islamic Research Centre was established in 2007. Prof. Dr. Muhammad Akram Rana was appointed its first Director. Now Prof. Dr. Abdul Quddus Suhaib is working as Director. The Centre at present, is working in the building of Department of Islamic Studies. The main aims of the Centre are to develop a methodology for research in the various fields of Islamic learning, to identify and study contemporary problems and interpret the teachings of Islam in order to assist Muslim Ummah to live according to the imperatives of Islam. The results of the work done at the Centre are to be published in books, monographs, research reports and a Journal of the Islamic Research Centre. The Centre has also organized Seminars, Conferences and a series of Workshops with collaboration of HEC.

Objectives of the Centre

1. Translation of significant Islamic texts related to Tafseer, Hadith, Fiqh, and other Islamic Sciences.
2. Compilation, translation and publication of useful materials carefully selected from the most outstanding works of Islamic learning.
3. Publishing monographs, books, research reports, and such other research material as may be considered necessary for the promotion of knowledge on various aspects of Islam.
4. Organizing seminars, conferences, exhibitions and workshops to promote harmonious understanding amongst various schools of thought in Muslim societies.

Pakistan Journal of Islamic Research (PJIR)

The Centre is publishing a bi-annual research journal, in three languages Arabic, English and Urdu. Which is recognised by Higher Education Commission Islamabad in category “Y” with title of “Pakistan Journal of Islamic Research”.

Introduction

The Department was established concurrently with the University in 1975, when post-graduate classes of M.A Urdu in Government College, Multan were shifted to the University. The University Department thus not only inherited the class but also the bright tradition of the parent Department. Syed Iftikhar Hussain Shah was the founder Chairman of the Deptt., whereas Prof. Dr. Kh. Muhammad Zakariya, Prof. Dr. AB Ashraf, Prof. Dr. Anwaar Ahmad, Dr. Najeeb Jamal and Prof. Dr. Abdul Rauf Sheikh (Late) have also remained Heads of this Department. Renowned scholars, Prof. Khalil Siddiqui, Dr. Shamim Haider Trimizi, Dr. Aslam Ansari and Dr. Naimat-ul-Haq have been associated with the Department as visiting faculty. One of our faculty members Dr. Qazi Abid has completed his post-doc from the University of Heidelberg, Germany on post-colonial discourse. Three of the Department’s prominent students, Dr. Aslam Adeeb, Dr. Farooq Mashhadi and Dr. Saleem Haidrani have earned Quaid-e-Azam scholarship and obtained Ph.D. degrees from U.K.

Fifty seven scholars have obtained their Ph.D. degrees from this Department. At present three scholars have submitted their dissertations and twenty scholars are registered for Ph.D degree. There have been 9 Indigenous Scholars registered from (HEC) till now, five of them have been awarded Ph.D degree. The department is signed an MOU with Osaka University Japan for academic collaboration. From this year the Department is introducing two languages courses for foreign students.

The Department offers facilities for B.S., M.A., M. Phil and Ph.D. programs. Regular M. Phil Program was started from the academic session 1992-93. Till the last year 131 students have obtained M.Phil Degrees. Details regarding M.Phil and Ph.D. Programs may be obtained from the office of the Department. In 2005, a Certificate Course for modern spoken Persian was also started. Forty students got admission and successfully completed the course.

The students of this Department are serving as University / College teachers in Pakistan, talent of several is being utilized in media as well.

Research Facilities:

1. The Department has a Research Library namely iProfessor Khalil Siddiqui Research and Seminar Libraryi where more than 17,000 rare and precious books and Journals are available.
2. A reference collection namely iGosha-e-Rashid Ahmad Siddiquii in central Library has been established only for the researchers by Prof. Latif-uz-Zaman Khan a rare collection of 5000 books on Ghalibiyat is available in this section.
3. In the Library of Department of Urdu (situated at Central Library of the University) more than 25000 books are available on Urdu Language and Literature. These books can help the research students to meet their needs.
4. The Department is connected with National and International Libraries through Internet.
5. There is a computer Lab with 20 systems in I.O.L. building with the service of internet facility.

Eligibility and Merit
See the prescribed admission rules for M.Phil.

The duration of the course will be 2-Years, (30 credit hours) there will be three compulsory and one optional course in each semester comprising 400 marks. After the completion of course work in two semester (24 credit hours) successful candidates will write a dissertation comprising 200 marks (6 credit hours).

Scheme of Studies Available with the Department

Ph.D. Program

This syllabus is only for regular Ph. D Students of B.Z. University, Multan under semester system. In first semester there will be three compulsory courses and in second semester two compulsory and one optional courses. After the completion of course work in two semester (18 credit hours) successful candidates will write a dissertation.

Department Admission Committee (M.Phil. & Ph.D.)
Prof. Dr. Rubina Tareen Chairperson
Dr. Qazi Abid Secretary
Prof. Dr. Aqeela Bashir Member
Dr. Shazia Umbrin Member

Diploma Courses (for foreign students)
Diploma Course in Urdu / Advanced Diploma Course in Urdu

Admission:
Detail of admission seats for Diploma Course in Urdu / Advanced Diploma Course in Urdu is given in Appendix-I. Admission to Diploma Course in Urdu for 6 months and Advanced Diploma Course in Urdu for one year will be made by the Departmental Admission Committee according to the admission/merit criteria laid down by the University / Department.

Eligibility and Merit:
i- Matriculation with Certificate in the target language OR Equivalent is required for Diploma Course in Urdu
ii. Intermediate with Diploma in Urdu or Equivalent is required for Advanced Diploma Course in Urdu
Saraiki Area Study Centre (SASC)

Mr. Hafiz Muhammad Fiaz
Mr. Malik Ammar Yasir Khakhi

Introduction
The establishment of Saraiki Area Study Centre (SASC) in Bahauddin Zakariya University was the outcome of the new perspectives on the Southern Punjab/Saraiki Region with Multan as its political, intellectual and cultural nucleus. Dr. Alamdar Hussain Bukhari prepared a proposal of establishing the Saraiki Area Study Centre which was appreciated by the Vice Chancellor and it came into being on May 23, 2009 after the approval of the relevant authorities. SASC has a brief pre-history. The Saraiki Research Centre (SRC) was established on September 2, 2000. A few important research projects were completed and a number of books were published under its umbrella. It metamorphosed into the Department of Saraiki in May 2006, and the regular classes of M.A. Saraiki were started accordingly. Khawaja Ghulam Farid Chair has also been created for SASC.

The Saraiki Region, being a part of the vast area of the ancient Indus Valley Civilization, owns rich traditions of language, literature, culture, history and archaeology etc. Saraiki is the ancient native language of the Southern Punjab and several districts of Sindh, Balochistan and Khyber Pakhtunkhwa with centuries old shared traditions of literature and cultural activities.

The ex-Prime-Minister Syed Yousuf Raza Gillani inaugurated the Saraiki Area Study Centre on 23rd January 2010. Earlier, the honorable Prime Minister had announced the grant of 30 million rupees for the strengthening and the development of the SASC. A commemorative book “Saraiki Wasaib” was also published on this occasion.

It is worth mentioning that four new academic departments have been approved in the scheme of SASC which may be started in SASC as under:

1. Department of Archaeology
2. Department of Cultural Studies
3. Department of Linguistic Communication
4. Department of Post-Colonial Studies.

Department of Saraiki
The Department of Saraiki (established in 2006) is already functioning with its regular classes as the premier department of the SASC in its elegant new building. The syllabus of M.A. Saraiki is designed with inter-disciplinary approach so that its graduates may get jobs in media, education and other GOs & NGOs. There is a very rich library of rare books, research journals, literary magazines and manuscripts with more than eleven thousand books to its shelves. A large number of books in the library include the valuable donations from Allama Atique Fikri, Dr. Mehr Abdul Haq, Mian Mumtaz Somroo, Wali Muhammad Wajid, Qudratullah Shahab, Dr. Mohammad Amin, Farid Pirzada, Hanif Chuadary, Muhammad Shafiq Ur Rehman (the donation received recently through Mr. Niaz Somro) and Dr. Alamdar Hussain Bukhari.

There is also a newly established cultural museum/Archive and a modern computer lab to assist the researchers and the students for their studies and research. An audio/video recording studio and a conservation lab for museum is also being established with the help of the special grant from the Ex-Prime Minister Syed Yousuf Raza Gillani (which we expect may be revalidated by the Government of the Punjab during the current financial Year). In near future, SASC intends to start diploma/certificate/degree programs in the above...
mentioned disciplines. Some posts of Lecturers in Departments of Archaeology, Cultural Studies and Post-Colonial Studies. M.Phil program in Saraiki is also on top priority. About two dozen research projects about the history, archaeology, culture, language and literature of the Saraiki region have been planned and completed in previous three years. It is also going to launch a comprehensive publishing program in near future and a number of books will be published in this year. A research journal SASC will also be published. The SASC arranges seminars, workshops, conferences, Mushairas and other literary and cultural activities regularly.

Introduction
The Faculty of Pharmacy, Bahauddin Zakariya University, Multan owes its origin to the Department of Pharmacy, established in 1976.
Initially, it was housed in a rented building but later on it was shifted to a part of a borrowed building on Bosan Road, Multan. The Department moved to its present premises, at the University Campus in 1984. With the start of Department in 1976, a three years course for the degree of B.Pharmacy was launched, which was then replaced by a four years course in 1979 on the recommendations of the University Grants Commission (Now HEC). B.Pharmacy (four year programme) has now been replaced by a five years Programme of Pharm.D. from the session 2003-2004. The Programme of studies for the degree of M.Phil. in the subject of Pharmaceutical Chemistry and Pharmaceutics was started in 1986 and M.Phil. in the subject of Pharmacology has been started in 1997. Ph.D Program in the subjects of Pharmaceutical Chemistry, Pharmacology and Pharmaceutics have recently been started in 2012. The Department after its establishment, gradually strengthened its academic Programmes as a result of which in 1992, it was given the status of a separate Faculty of Pharmacy.

**Library Facilities**

An adequate collection of text books, reference books and research journals are available in the library of the Department/Faculty covering various disciplines of Pharmacy. The books are also available to the students from the Book Bank of the University on loan basis. Internet facilities in computer lab is available for maintaining high standards of education in Pharmacy.

**Industrial Tours**

The students during the course of their studies go on industrial tours of various Pharmaceutical Industries and laboratories as a part of their practical/professional training and skill. The Faculty keeps liaison with different employing agencies and Pharmaceutical Institutions which facilitates the students seeking employment.

**Merit Awards**

Two Gold Medals are being awarded to students getting first position in M. Phil. Pharmaceutics and Pharmaceutical Chemistry respectively.

**Laboratory Facilities**

The Department houses modern laboratory facilities and is equipped with the following equipment / instruments:

- HPLC
- Power Lab for Pharmacological Studies
- Rotary Evaporator
- Fraction Collector
- Freeze Dryer
- Filtration Pump
- Electric Incubators
- Spectrophotometers (Digital and Electronic)
- Rotary Compression Machine
- Single Punch Machine
- Disintegrator
- Dissolution Apparatus

**Computer Labs**

The department also houses two computer Laboratories having 20 P-IV systems connected with the University Local Area Network. These laboratories have been established not only to give basic computer training to the students under University Computer Literacy Program but also to meet the requirements of research Programmes of the Department.

**Admission in Pharmacy**

**Morning Class:**

There are 80 seats on merit and 36 reserved seats for admission to Pharm.D. Ist. Professional Class. Admission to Ist. Professional class will be made by the Admission Committee of the Department according to the merit rules and regulations laid down by the Department and the University. Nomination for all reserved seats must be received within one month of the closing date of the morning admission.

**Evening Classes**

There are 101 merit seats in Pharm.D. Ist. Professional class under evening program.

**Division of seats**

Chart-1 shows the break-up of seats for admission to Pharm.D. (5 Year Course).

**Eligibility**

The candidate who have secured at least 60% marks in F.Sc. (Pre Medical) are eligible for admission to Pharm.D.

**Computation of Merit**

The merit shall be determined as aggregate marks in F.Sc. (Pre-Medical) or equivalent plus 20 marks for Hifz-e-Quran.

Lecturers
Mr. Adeel Hussain (On Study Leave)
Ms. Saadat Majeed (On Study Leave)

Introduction
The Department of Chemistry was established in 1975, which has now been upgraded to the status of Institute of Chemical Sciences. It offers BS (4-Year), M.Sc., M. Phil. / MS and Ph.D. programs of studies. It has a highly qualified faculty with diversified research interests. Most research programs / projects run by the faculty are funded by various national / international agencies. It also shares its research activities with different national/international organisations through collaborative programs. The Institute has five Divisions.

A Inorganic Chemistry Division
B Organic Chemistry Division
C Physical Chemistry Division
D Analytical Chemistry Division
E Applied Chemistry Division

The Institute houses different teaching/research laboratories equipped with the following equipment/instruments:
- UV-Visible Spectrophotometer
- IR Spectrophotometer
- FT-IR Spectrophotometer
- GC-MS
- Atomic Absorption Spectrophotometer
- Gas Chromatograph
- HPLC
- Elemental Analyzer
- Thermal Analyzer
- Polarograph
- Digital Density Meter
- Dipole Meter
- Lypholizer
- Ultra-centrifuge Machine
- Magnetic Susceptibility Meter
It also houses a computer laboratory having 20 systems connected with the University Local Area Network. The users can avail the facility of HEC digital library and can have access to several reputed Research Journals of Chemistry. This laboratory has been established to meet the requirements of the recently revised curricula of Chemistry and the research programs of the Institute.

The Institute has a library containing more than eleven thousand books. A number of research journals and periodicals are also available.

The Institute has an excellent record of making contribution towards Human Resource Development by providing trained persons to Education, Industry and R & D Sectors through its active co-ordination with various organizations.

Admissions
Admissions are conducted by the Admission Committee of the Institute according to the criteria laid down by the University.

Admission Committee
Dr. Tariq Mahmood Ansari Chairman
Dr. Ghazala Yasmin Member
Dr. Zahid Shafiq Member/Secretary

The Committee looks after the admission process of all the programs offered and can be accessed for interpretation of the Rules and Regulations prescribed for the purpose.

Programs of Study
BS (4-Year) Program

Break-up of Seats
Chart-1 shows the break-up of seats for admission to BS (4-Year) Program.

Admission Criteria
Eligibility
For admission to BS(4-Year) Program, the candidates must have passed Intermediate examination (Pre-Medical or Pre-Engineering) or an equivalent examination recognized by the University with Chemistry as an elective subject securing at least 45% marks in Chemistry as well as in the aggregate of Intermediate or an equivalent examination.

M. Sc. Program
Since its inception, the Institute is offering M.Sc. Program with the following major and minor areas of studies:

A Inorganic Chemistry
B Organic Chemistry
C Physical Chemistry
D Analytical Chemistry
E Applied Chemistry

The University has introduced the Semester System of Examination at M.Sc. level from the academic session 2012-14. Accordingly, a Scheme of Studies, applicable to both Morning & Evening Programs, has been approved. The same is available with the Institute.

Break-up of Seats
Chart-1 shows the break-up of seats for admission to M.Sc. Program.

Admission Criteria
Eligibility
For admission to M.Sc. Program, the candidates must possess B.Sc. Degree (2-years course) with Chemistry, Botany & Zoology or Chemistry, Physics & Mathematics / Statistics as elective subjects and having secured at least 45% marks in Chemistry as well as in the aggregate of B.Sc. examination.

Admission would, however, be granted strictly in accordance with the merit to be determined according to the scheme given as under:

Determination of Merit
The merit will be determined according to the criteria laid down by the University.

M. Phil. / MS Program
M. Phil. (2-Year) Program was started in the year 2002 under Semester System of Examination. The Institute offers specialization in one of the following fields:

A Inorganic Chemistry
B Organic Chemistry
C Physical Chemistry
D Analytical Chemistry
E Applied Chemistry

The requirements (course work and dissertation) for M.Phil. / MS degree are normally completed within four consecutive semesters. The course work of 24 credit hours is normally completed within first 2 semesters. Seminar of one credit hour and dissertation (based on research) of 25 credit hours shall normally be completed by the end of the 4th semester. The detail of the Scheme of Studies is available with the Institute.

Break-up of Seats
Chart-1 shows the break-up of seats for admission to M.Phil./MS Program.

Admission Criteria
Eligibility and Merit
A person holding M. Sc. Chemistry degree with at least 2nd division under Annual
System of Examination or CGPA 2.5/4.0 under Semester System of Examination and having passed the Entrance Test (Subject Based) conducted by the Institute as per admission requirement of HEC, securing at least 50% marks, will be eligible for admission to M. Phil./ MS program.

Admission to each area of specialization would, however, be granted strictly in accordance with the merit policy of the university.

**Ph.D. Program**

The Institute also offers Ph.D. Program in various sub-disciplines of Chemistry. The applications for registration in this program may be submitted as per schedule announced by the University. Currently, more than fifty research scholars are working on different research projects under this program. Interested candidates may contact any faculty member for further information.

**Admission Criteria**

As per HEC policy.
Prospectus Year 2014

Centre for Advanced Studies in
Pure and Applied Mathematics

Established 1975

Academic Programs
- BS (4-Year / 8-Semesters) (Morning & Evening)
- M.Sc. (2-Year / 4-Semesters) (Morning & Evening)
- MS/M.Phil. (2-Year / 4-Semesters)
- Ph.D. (4-Year)
- PGD (1-Year / 3-Semesters)

Enrollment

Prerequisites

i) BS (4-Year)
   Intermediate Examination (Pre-Engineering) or an equivalent examination recognized by the University with Mathematics as an elective subject

ii) M.Sc.
    B.A./B.Sc. Examination with Mathematics A & B Courses, securing at least 45% marks in each subject (Math A & B), as well as in the aggregate of B.A./B.Sc

iii) MS/M.Phil.
    i) M.Sc./BS (4-Year) Mathematics with at least 50% marks under annual system or CGPA 2.5/4.0 or 2.8/5.0 under semester system.
    Admission test (subject based) conducted by BZU.

iv) Ph.D.
    MS/M.Phil. in Mathematics with a minimum CGPA of 3.0/4.0 under (semester system) or first division (under annual system) or equivalent degree in Physics, Engineering, Economics or Computer Science (with M.Sc./BS Mathematics) with a minimum CGPA of 3.0/4.0 under (semester system) or first division (under annual system);
    Admission test (subject based) conducted by BZU.

Introduction

The Department of Mathematics, Bahauddin Zakariya University, Multan came into being with the establishment of the University in September, 1975. The Department progressed very rapidly and in 1985, it was upgraded as the Centre for Advanced Studies in Pure and Applied Mathematics (CASPAM). The Centre has now twelve teachers with Ph.D. degrees and six with MS/M.Phil. degree.

The Centre is imparting education at the levels of BS (4-Year), M.Sc., MS/M.Phil. and Ph.D. in Mathematics. The Post Graduate Diploma of one year duration in Business & Industrial Mathematics and Computer Programming has also been started from the session 2002-2003, in the evening.

The Centre has the honour of successfully completing a collaboration program with the Department of Mathematics, Bradford University, UK. Under this collaboration not only exchange of teachers took place.
but the computer laboratory of the centre was also equipped with the Sun Computer System.

The graduates of the centre are serving in different Federal and Provincial Government Departments, Armed Forces, Pakistan Atomic Energy Commission, Banks, Insurance Companies and other Financial and Educational Institutions.

Computer Centre

Computer Centre is one of the four sections of the Centre for Advanced Studies in Pure and Applied Mathematics (CASPAM). It was established in 1987 to provide computing facilities to the students of M.Sc., MS/M.Phil. and Ph.D programs of CASPAM. The research students and teachers of the University are also using its computing facilities for research purpose. Computer Centre is responsible for smooth running of the Post Graduate Diploma and other short term computer courses offered by CASPAM from time to time.

Programs of Study

The Centre is offering four degree level programs namely, BS (4-Year), M.Sc. (Morning & Evening), MS/M.Phil. and Ph.D. The admission to any of these programs is made by the Admission Committee of the respective program according to the admission/merit criteria laid down by the University/Centre.

BS Program in Mathematics (Morning & Evening)

The BS program consists of 8 semesters of study with specialization in one of the three areas i.e. Pure Mathematics, Applied Mathematics and Computational Mathematics.

Admission Committee BS Program

**PGD**

**Post Graduate Diploma in Business & Industrial Mathematics and Computer Programming**

There is a great need of trained manpower, equipped with the latest knowledge of computer hardware and software, for Business, Industrial and Government Organizations. The Centre for Advanced Studies in Pure and Applied Mathematics (CASPAM) has been playing a vital role to fulfill this demand to some extent by offering computer courses as part of the syllabus of M.Sc. program and Post Graduate Diploma in Business & Industrial Mathematics and Computer Programming. A wide range of courses is the part of the syllabus of this Diploma, along with the latest courses of Computer Science and Computer Applications. The syllabus of this Diploma has been designed in such a way that the Diploma holders from this Centre can contribute practically to fulfill the demand of skilled persons we lack and enhance the economy of our country.

Keeping in view, the high cost of education in reputed private institutions, a comfortable and affordable fee structure has been designed so that the students who cannot get admission in private institutions and professional courses can be trained to make useful and significant contribution in making our country prosperous. This PGD Diploma is also extremely helpful for those graduate students of Arts, who want to get professional/technical training in the fields of Business/Industrial management and computer programming and find jobs in Industry and other organizations.

The diploma is offered subject to the availability of classrooms and computer laboratory.

**Eligibility**

Applicants must be at-least graduate (in any field) or have equivalent degree with a minimum of 2nd division from a recognized university.

**Merit**

The merit will be determined on the basis of Test and Interview.

---

**Scheme of Studies is available with the Centre.**
Institute of Computing

Established: 2009

Undergraduate Programs: BS(CS), BS(IT), BS(TS)

Postgraduate Programs: MS(CS), MCS, MIT, M.Sc. (TS), MS(IT)

Enrollment:
- MS(CS)
- BS(CS)
- BS(IT)
- BS(TS)
- MCS(Morning & Evening)
- MIT
- M.Sc.(TS)

Please see the relevant chart.

Divisions
- Department of Computer Science
- Department of Information Technology
- Department of Telecommunication Systems

Introduction

The Institute of Computing came into existence in April 2009, as an up-gradation of the Department of Computer Science which was established in 1995. Today, the institute provides an excellent educational environment that aims at bringing out the best in the knowledge-seekers. As the computing industry matured, professional qualifications are becoming more and more essential. The taught curriculum encompasses the recommendation of IEEE and ACM joint committee on Computer Science Curriculum and also conforms to the recommendations of the National Curriculum Revision Committee in the Information Technology, Computer Science and Telecommunication Systems, duly approved by the Higher Education Commission, Ministry of Education and Ministry of Science and Technology.

The students in the Institute of Computing have almost unlimited access to computers and the professional software tools that go with them. The Institute has over 10 teaching laboratories/interactive classrooms, which are equipped with more than 400 Dual Core based multimedia PCs loaded with Windows XP, Linux, Sun V890 Server, Sun StorEdge 6610 SAN and Sun Ultra Sparc Enterprise System with 40 Sun Ray-I workstations. All these teaching laboratories/interactive classrooms are networked to 10 common Dual/Quad Xeon based servers. They are also connected to the university Fiber Optic based Campus LAN and to the outside world via HEC PERN-1 & PERN-2 network. Each of them is fitted with an overhead multimedia projector. The Institute also has the facility of Video Conferencing Room funded by the HEC, which will provide an opportunity of access and connectivity for the University to the human resource across the globe. It will help to boost the level of academic and research activity.

The Institute of Computing is also providing different services to the entire university. Firstly, the Institute of Computing is looking after the huge Fiber Optic based Campus LAN. Secondly, the official website of the University is also being maintained by the Institute. Thirdly, Internet access to the University, including students, faculty and staff members is being provided, monitored and controlled by the Institute. Last, but not the least, a specific section in the Institute provides the technical and support services to all the users of the computers in the University.

For the CISCO Local Academy, CISCO Systems Inc. USA donated a bundle of equipment containing six CISCO 2800 Series Routers and three CISCO 2600 Series Catalyst Switches. The CCNA networking course has already been launched many times. It is useful for the people of Southern Punjab, since no proper network training facility is available in this area. It is also helpful in raising the quality of education in other programs especially Telecommunication Systems program, as computer networks are essential part of their studies. The detail of different academic programs offered by the Institute is given on the subsequent pages.

Schemes of the Study

The Institute of Computing follows the format as well as the outlines given by HEC for the undergraduate and graduate programs. The schemes of study and course outlines for Computer Science, Information Technology and Telecommunication Systems programs are available with the respective Divisions. The Institute has the right to modify, introduce and offer new courses in a study program in any semester as per HEC revised curricula and according to recent needs of the industry.

Admission Procedure

A candidate seeking admission to a program must apply for admission to the respective Division of the Institute of Computing on the prescribed application form which is available with the Treasurer/Authorized branch of the selected banks. The duly filled-in application form must be submitted to the Institute on or before the last date fixed by the University for the receipt of application forms for the Program within the University office hours. The application form must accompany the attested photocopies of the academic and relevant documents. Incomplete applications or application forms received after due date or delivered/submitted somewhere else will not be entertained.

Lists of selected candidates will be displayed only on the Notice Board of the Institute of Computing according to the prescribed admission schedule and will not be communicated by post or any other means.

Computer Science Programs

Computer Science degree is an excellent preparation for a future career. It sharpens the analytical skills of students as they discover the structures underlying software, stretches their creative talents as they design new systems and gives them the confidence to market their ideas to the waiting world. The students will come to understand why systems work as they do - and what they learn will never go out of date for as long as people go on using computers. Although fashions in packages and programming languages come and go, the principles do not change and Computer Science is about principles. Yet it is more than that: the software packages we take for granted today are among the most complex artifacts ever created. To understand them one requires a degree of intellectual activity-matching that is required in any longer established Sciences.

Undergraduate Programs

BS (CS) Program
Four-year Degree Program (Bachelor of Science in Computer Science) 133+ credit hours spread over 8 semesters.

Eligibility
F.Sc. Pre-Engineering, Intermediate with Computer Science/General Science/Commerce or equivalent with 45% aggregate marks.

Admission Criteria
Merit criteria will be determined by as per university policy. The minimum strength for a class to be started is 20.

Postgraduate Programs

MCS Program
2-Year Degree Program (Master of Computer Science – Conversion Course) 70+ credit hours spread over 4 semesters.

Eligibility
B.A./B.Sc. with any of the following: Math, Physics, Computer Science, Commerce, Statistics with 45% aggregate marks.

Admission Criteria
Merit criteria will be determined by as per university policy. The minimum strength for a class to be started is 20.

MS (CS)
2-Year Degree Program (Master of Science in Computer Science) 30+ credit hours spread over 4 semesters (2 semesters Course work plus thesis).
Equivalent to M.Phil (i.e. 18 years education)

**Eligibility**

a) BS(CS) 4 Years Degree Program (min 130 credit hours), or Computer Science Conversion Course 2 Years Degree Program referred to as “MCS” or “MSc (CS)”

b) BS (IT) 4 Years Degree Program (min 130 credit hours), or 2 Years Degree Program of Master of Information Technology referred to as “MIT”. However, if such candidates have not already studied the pre-requisites for advanced subjects, they may be recommended to cover the deficiency.

c) Engineering graduates with 16 years education are also eligible to apply, but they will have to cover deficiency in required subjects, as decided by the department.

d) The candidate should have obtained at least 50% marks (annual system) or CGPA 2.5 (semester system) in the last degree on the basis of which the candidate is eligible to apply.

**Admission Criteria**
Merit will be determined according to the criteria as per University Policy.

**Ph.D Computer Science**

**Scheme of Studies Available with the Department**

Information Technology Programs
The Information Society of the new millennium will require individuals with a range of skills in information handling, information management, multimedia presentation, analytical and problem solving techniques. The programs in Information Technology are designed for the students who wish to apply a high level of expertise to their chosen academic and career pathways in future as well as those who are considering IT related career in education, training, industry or government. The courses of reading for IT have been designed in the light of the recommendations of IEEE and ACM Joint Committee on Computer Science Curriculum and the recommendations of the National Curriculum Revision Committee in the Information Technology and Computer Science approved by HEC and MoST. The Information Technology degree programs are a blend of courses from IT management and produce graduates which are equipped with both IT and management skills.

Undergraduate Programs
BS (IT) Program
Four-Year Degree Program (Bachelor of Science in Information Technology) 133+ credit hours spread over 8 semesters.
Equivalent to MIT/M.Sc. Information Technology (16 years education).

Eligibility
F.Sc. Pre-Engineering/Pre-Medical, Intermediate with Computer Science/ General Science/ Commerce or equivalent with 45% aggregate marks.

Admission Criteria
Merit will be determined according to the policy of university admission committee.

Postgraduate Programs
MIT Program
2-Year Degree Program (Master of Information Technology - Conversion Course) 72 credit hours spread over 4 semesters.

Eligibility
B.A./B.Sc. in any of the following: Business Administration, Mathematics, Physics, Computer Science, Commerce, Statistics,
Economics and Bachelors of Engineering with 45% aggregate marks. Equivalent to BS (IT), M.Sc. (Information Technology) (i.e. 16 years education)

Admission Criteria

Merit will be determined according to the criteria laid down by the university. The minimum strength for a class to be started is 20.

Scheme of Studies Available with the Division

MS(IT) Program

2-Year Degree Program (Master of Science in Information Technology) 30+ credit hours spread over 4 semesters (3 semester course + 1 semester thesis). Equivalent to M.Phil (i.e. 18 years education)

Eligibility

a) BS (IT) 4 Year Degree Program (min 130 credit hours), or 2 Years Degree Program referred to as MSc (IT) or MIT (i.e. 16 years education)

b) BS (CS) 4 Years Degree Program (min 130 credit hours), or 2 Years Degree Program referred to as MSc (CS) or MCS (i.e. 16 years education). However, if such candidates have not already studied the pre-requisites for advance subjects, they may be recommended to cover the deficiency.

c) Other science graduates with 16 year education (i.e. engineering graduates) are also eligible to apply (as per rules and regulations of HEC). However, if such candidates have not already studied the required subjects or pre-requisites for advance subjects, they may be recommended to cover the deficiency.

d) The candidates should have obtained at least 50% marks (annual system) or CGPA 2.50 (Semester System) in the last degree, on the basis of which the candidate is eligible to apply.

Admission Criteria

Merit will be determined according to the criteria laid down by the university. The minimum strength for a class to be started is 10. Merit will be calculated according to the university criteria.
Department of
Telecommunication Systems

Established 2004

Undergraduate Programs BS(TS) (Afternoon)
Postgraduate Programs M.Sc.(TS) (Afternoon)
Enrollment See the relevant chart at the end.

Telecommunication Systems Programs

We live in an environment where telecommunications play a very important role. How we do business, how we spend our leisure time and how we view ourselves is determined by our global telecommunication systems. If you choose a telecommunications degree you will find that you have a wide choice of specializations. Training in telecommunications will give you the skills you will need to advance in a quickly expanding job market. You will be working in an exciting field which is constantly making breakthroughs. You could set up your own business or work for a well established multinational company.

Telecommunication System programs provide you training in the necessary skills including the application of computer technology in telecommunications, how the digital age is applied in the field, fiber optic technology, amplitude and frequency modulation and of course the Internet. Those of you who already have experience in electronics and information technology are already at an advantage and you can expect to have the best opportunities.

Mission

The mission of Department of Telecommunication Communication Systems is to prepare the individuals capable of responding to the rapid changes in the field of telecommunication. The telecommunication industry has witnessed unprecedented growth in the recent years and is still growing. It is imperative that our students developing the necessary expertise to grasp this challenge.

Vision

The vision of the Department of Telecommunication Communications Systems is not only to embrace the rapid changes taking place in telecom sector but also to contribute it through research and innovations.

Undergraduate Programs
BS (TS) Program

Four-Year Degree Program (Bachelor of Science in Telecommunication System) 133+ credit hours spread over 8 semesters.
Postgraduate Programs
M.Sc. (TS) Program

2-Year Degree Program (Master of Science in Telecommunication Systems) 72-credit hours spread over 4 semesters.

Introduction

The Department of Physics is one of the pioneer departments of the University. It came into existence in 1975 along with the establishment of Bahauddin Zakariya University Multan. The department made a modest beginning and has now emerged as the most dynamic and vibrant department due to its excellent facilities and internationally qualified faculty members. The Department offers undergraduate, graduate and postgraduate programs with a wide range of options for specialization. The emphasis of both the undergraduate curriculum and the graduate/postgraduate program is on the understanding of the fundamental principles that appear to govern the behavior of the physical world. The department of Physics strives to be at the forefront of many areas to cater for the active learning environments for staff as well as students. Continuing excellence in both research and teaching is our culture. We enjoy a respectable rank among various departments of Physics in the country. Faculty members of the department offer wide range of subjects of instruction and are engaged in a variety of research fields in experimental and theoretical physics. This broad spectrum of activities is organized in the divisional structure of the department. Graduate students are encouraged to contact faculty members for the guidance of their opted research work. Faculty and students in the Department of Physics are generally affiliated with several research divisions including Magnetic Materials, Non-Crystalline Solids, Physics of Metals and Alloys, Nanomaterials and Photo catalysis, Medical Physics, Condensed Matter (Theory), String Theory, Fuel cells and Energy Storage devices, and Solid State Spectroscopy of Novel Materials.

At present, the Department of Physics is offering various academic programs, namely BS (4 years/8 semesters), M.Sc. Morning/Evening (4 semesters), MPhil (4–semesters) and PhD programs. In addition to the core courses offered in M.Sc./M.Phil. Programs, the students specialize in any one of the fields of Digital Electronics, Industrial...
Electronics, Communication, Renewable Energy Technologies, Bio photonics etc. Following table reflects the current enrolment of the students in different academic programs. The following teaching laboratories are being maintained in the Department in which students are required to complete a number of experiments/practical during studies:

1. Undergraduate Physics Laboratory
2. Modern Physics Laboratory
3. Electronics Laboratory
4. Advanced Electronics Laboratory
5. Computer Hardware Laboratory
6. IT and Computer Software Laboratory

Collaborative research work is being carried out in the following areas and research laboratories are well furnished with latest equipment to provide research facilities to M.Phil./Ph.D. students.

1. Nanomaterials and Photocatalysis Laboratory
2. Advanced Materials Research Laboratory
3. Surface Engineering Laboratory
4. Magnetism and Magnetic Materials Laboratory
5. Laser and Optronics Laboratory
6. Thin Film Laboratory
7. Condensed Matter Computational Physics Laboratory
8. Simulation and Modeling Laboratory
9. Solid State Spectroscopy Laboratory

**Physics Library**

The Library of the Department contains more than five thousand books in various disciplines, such as Physics, Applied Physics, Electronics, Mathematics, Computer Science, Materials Science, Laser Physics etc. In addition to the scientific books, the library also subscribes a large number of reputed National and International journals. The Physics Abstracts from 1958 to 1987 are available in the Departmental Library and efforts are being made to update these. The books in the subjects of Physics and Electronics are also available to the students from the Book Bank of the University on loan basis. Free of cost Internet facility is also available in the library for all the students. Computer and internet facilities are available in almost all Research Laboratories of the Department and Teachers Offices. A Computer Laboratory has been established which has its own small local area network and is equipped with the multimedia facilities. In addition, research students of the Department can also avail computing and internet facilities available in the Departmental Library.

**Admissions**

Admissions are conducted by the following Departmental Admission Committee According to the admission criteria laid down by the University.

**Admission Committee**

Prof. Dr. Ejaz Ahmad Chairman
Prof. Dr. M. Tariq Bhatti Secretary
Dr. Ishtiaq Ahmad Soomro Member
Dr. Amer Bashir Ziya Member
Mr. Anwar Manzoor Rana Member

The Committee looks after the admission process and can be accessed for interpretation of the rules and regulations.

**Break-up of Seats**

The detail of seats for admission to Physics Department is given in relevant chart at the end. The admission will be made by the Departmental Admission Committee according to the admission/merit criteria laid down by the University/Department.

**Eligibility Criteria**

The candidate who has passed B.Sc. (2 Years) examination with Physics, Mathematics A & B (200 marks each) OR Physics, Mathematics and any other valid subject (200 marks) OR with elective Math in F.Sc. will be eligible for admission to M.Sc. Physics as well as to M.Sc. Physics (applied) evening program, provided that the applicant has obtained at least 45% marks in Physics in the B.Sc. as well as in aggregate marks of B.Sc. examination.

**Determination of Merit**

The merit will be determined according to the criteria laid down by the University.

**Programs of Study**

**M.Sc. Physics**
(Morning/Evening)

**M.Sc. Physics (Applied)**
MS/M.Phil. Physics
(2-Year/4-Semester)

M.S./M.Phil. Physics is a self-supporting evening program and scheme of study of this program is available in the Departmental broachers. In addition to the core courses, optional courses are also being offered. The teaching methodology and the evaluation criteria are in accordance with the University Rules and Regulations.

Eligibility Criteria

Ph.D. Physics
(3-Year/6-Semester)

Scheme of Studies Available with the Department

Admission Criteria

a) MS/ M.Phil.

The University also offers an M.Phil. leading to Ph.D. program. The entry requirement for this degree program would be a Master degree in Physics, BS (4 Year Program) Physics, M.Sc. Physics (Applied), Applied Mathematics, Materials Science, M.Sc. Electronics, OR B.Sc. (Electrical/Electronics/Metallurgical) Engineering. Students who have successfully completed the M.Sc. degree, with at least 1st Division in Annual System or 3.00 out of 4.00 CGPA in Semester System +Departmental test (50%).

b) Ph.D.

Minimum 3.00 CGPA in M.Phil./MS & Minimum 60% marks in GRE International test is main requirement for admission in this degree. The candidate would have to fulfill all requirements of the University as well as HEC as and when it may be amended.

Determination of Merit

The merit will be determined according to the criteria laid down by the University.
Department of Statistics

Established: 1975
Academic Programs: BS (4-Year); M.Sc. (Morning & Evening); M.Phil./MS & Ph.D.
Enrolment: See the relevant chart at the end
Prerequisites:
- BS (4-Year) F.A/ F.Sc. or equivalent with at least 45% marks
- M.Sc. B.A/B.Sc. with Statistics as an elective subject with at least 45% marks in B.A/B.Sc. and in the subject, Statistics
- M.S/M.Phil. (Statistics)
  BS (4-Year) Statistics with at least 2.5 CGPA or
  M.Sc. (Statistics) with at least 50% marks (Annual System) or 2.5 CGPA in Semester System
- Ph.D (Statistics)
  As per prescribed by the University (Please, see computation of Merit for more details)

Faculty
Professor
Dr. Ijaz Iqbal Chairman

Associate Professor
Dr. Muhammad Mutahir Iqbal Coordinator M.Phil. Program (HEC approved supervisor)
Dr. Muhammad Aman Ullah In charge Examinations

Assistant Professors

Mr. Muhammad Ejaz Coordinator BS Program

Departmental Admission Committee
1- Prof. Dr. Ijaz Iqbal Chairman
2- Dr. Muhammad Aman Ullah Member
3- Dr. Atif Akbar Member
4- Dr. Muhammad Aslam Secretary

Introduction
The Department of Statistics is one of those departments of the University that started functioning in a rented building in Gulgasht Colony right from the establishment of the University in 1975. It was shifted to its present premises, the Statistics and Mathematics Block at the University Campus in 1987. Recently, the Department has been shifted into its newly constructed building, adjacent to the older one. Beside its very humble start, the Department can now be compared with any top ranking teaching department of the subject in any university of Pakistan. The teaching faculty of the Department consists of eleven teachers; seven of them hold Ph.D. degrees while four of them hold M.Phil. degrees and currently, pursuing their Ph.D.

To get flawless connection with the current world, we need a rapid transportation of information. This need can be fulfilled by the frequent use of computer and emerging technology. The Department has equipped its laboratories with latest computers, multimedia projectors, scanners and audio-visual system. These laboratories provide all the facilities for Computing Statistics, Data Processing, Computer Programming and Data Analysis for research. Modern statistical packages/languages like R, STATA, MINITAB, E-Views, and SPSS etc. are made available to the faculty members and researchers in the computer laboratory of the Department.

The Department is connected with the University Local Area Network (LAN) Server, providing internet facilities to the teachers, research scholars and the students. Printing services, with high quality printers, are also available.

The Department has a well-established library containing a variety of latest books and a collection of prominent research journals of the subject. The Department does not believe in quantity solely, therefore, good quality, expensive and rare books are also made available in the library. An audio-visual system has also been acquired to exhibit recorded lectures of experts of national and international repute to the students. Study tours of the students to various Statistics Departments/ Institutions and Organizations are also being
arranged by the Department as a part of its study program to highlight the importance and implementation of Statistics in practical life.

Since its inception, the Department has been offering classes of M.Sc. Statistics. So far over 1680 students have been awarded the degrees of Master of Science in Statistics. The Ph.D. Program in Statistics has been going on since 1995 and 10 scholars have earned their doctorate degrees, 3 scholars have submitted their theses while a number of scholars are progressing for their Ph.D. research work. Moreover, HEC awardees are also pursuing their research here as the Department has HEC accredited supervisors among its faculty. The Department started M.Phil. leading to Ph.D. program in 2001 on regular basis and a considerable number of students have earned the M.Phil degrees.

The Department is actively involved in research activities under the supervision of the senior faculty members of the Department. The Department participates enthusiastically, in all the activities for the promotion of research in the subject everywhere in Pakistan. The presentation of a variety of research papers, seminars, and lectures delivered by the faculty members and students at different forums are the testimony of its agility.

The graduates of the Department are employed in the Government, Semi Government, non-Govt. and Private organizations.

Admission

The detail of seats available for admission is given in the Chart No. I. The admissions are made by the Departmental Admission Committee, according to the admission/merit criteria, laid down by the University.

BS (4-Year)

BS (4-Year) program has been running under semester system since 2002. Bachelor degree so earned by students after sixteen years of schooling will be in line with the University accepted format of higher education and fulfills the requirements for its international recognition. After BS, students are eligible for admission to MS/M.Phil. Program.

The major aims and objectives of the BS (4-Year) program, in Statistics, are to develop solid foundation for the effective operational and strategic decisions using statistical theory in almost every discipline and to involve the graduates with the help of project-based activities so that they can be trained to pursue the higher degrees and research in the field of Statistics.

Admission in BS (4-Year) program are offered subject to the minimum enrolment of 25 students.

Eligibility for BS (4-Year)

A candidate who has passed intermediate examination from a Board of Intermediate and Secondary Education of Pakistan or an equivalent examination recognized by the University is eligible for admission to BS (4-year) provided that the candidate has secured at least 45% marks in F.A./F.Sc. or equivalent examination. Preference will be given as follows:

1. F.A./F.Sc. with Statistics subject, securing at least 45% marks in the subject
2. F.Sc. (Pre-Engineering/ Pre-Medical)
3. ICS

Computation of Merit

The merit shall be determined as the aggregate marks in F.A./F.Sc. or equivalent plus marks in the subject plus 20 marks for Hifz-e-Quran.

M.Sc. (Statistics)

(2-Year Program)

As mentioned earlier, the M.Sc. has successfully been running since last 38 years.

This is an intensive course and covers all the aspects of statistical training; both in theoretical and practical spectrum.

Keeping in view the concern and desire of the candidates belonging to the Southern Punjab, Department of Statistics has launched M.Sc Evening Program. This program is helpful to those who cannot join in the morning time. The Statutes and Regulations for this program regarding admission system and examination etc. are the same as those already being practiced in this Department.

This program is available to everybody who applies and fulfills the requirements of admission given in the prospectus. The program starts with minimum number of 30 students.

Computation of Merit

The merit will be determined according to the criteria laid down by the university.

MS/M.Phil. Program

(2-Year Program)

Introduction

Statistics is a subject that is relevant to every field of life for the collection, summarization and presentation of information in the most efficient manner. It is also used in analyzing and interpreting the results and modeling of real life situations. Highly qualified and trained statisticians are, therefore, the basic need of every nation for the development of its socio-economic setup. To meet such challenges, the Department of Statistics started M.Phil. classes in 2001. The study of M.Phil. is based on two years training. During the first & second semesters, students undergo the course work and in their remaining year, they are given research task. During this period, the students are given full training of advanced research to meet the requirements of the nation.
**Eligibility for M. Phil. in Statistics**

A candidate who has passed the M.Sc. (Statistics) is eligible for admission provided that he/she has secured at least 50% marks in M.Sc. (Statistics) under Annual System or at least 2.5 CGPA under Semester System and has qualified a Admission test (subject based) conducted by BZU. A candidate who has passed BS (4-year) in Statistics is also eligible with at least 2.5 CGPA in BS (4-year) in Statistics provided that he/she passes the admission test, described above.

**Ph.D. Program**

**Introduction**

In the present world, no subject can survive without the involvement of its students in having higher qualification, training and advancements in research activities. Therefore, the instigation of Ph.D. degree program was the need of time. The regular program for Ph.D. degree was started in 2005. It has already been mentioned that the Department has produced 10 Ph.D. scholars while a number of scholars are pursuing their research. The Department has 7 available potential Ph.D. supervisors among its regular faculty, including 2 HEC approved supervisors.

**Eligibility for Ph.D. Statistics**

As stated by the Higher Education Commission (HEC) of Pakistan.

**Note:** The Schemes of Studies for all the mentioned programs are available with the Department.
Institute of
Pure and Applied Biology

Established: 1984

Academic Programs:
- **Botany:**
  - BS (4-Year), M.Sc. (Morning & Evening), MS/M.Phil., Ph.D.
- **Zoology:**
  - BS (4-Year), M.Sc. (Morning & Evening), MS/M.Phil., Ph.D.
- **Microbiology:**
  - BS (4-Year)

Enrollment:
- **Botany:**
  See the relevant chart at the end
- **Zoology:**
  See the relevant chart at the end
- **Microbiology:**
  See the relevant chart at the end

Prerequisites:
- **Botany**
  - BS (4-year)
  - Intermediate (Pre-medical)
  - M.Sc.
  - B.Sc. with Botany & Zoology as elective subjects
  - MS/M.Phil.
  - BS (4-Year) or M.Sc. Botany Ph.D.
  - As prescribed by the University
- **Zoology**
  - BS (4-Year)
  - Intermediate (Pre-medical)
  - M.Sc.
  - B.Sc. with Botany & Zoology as elective subjects
  - MS/M.Phil.
  - BS (4-Year) or M.Sc. Zoology Ph.D.
  - As prescribed by the University
- **Microbiology**
  - BS (4-Year)
  - Intermediate (Pre-Medical)

Faculty (Botany Division)

**Professors**
- Dr. Seema Mahmood  Director
- Dr. Saeed Ahmad Malik  Dean of Sciences

**Associate Professor**
- Dr. Habib-ur-Rehman Athar

**Assistant Professors**
- Dr. Ghulam Yasin Nosheen Noor Elahi  (On Study Leave)
- Dr. Tasveer Zahra Bokhari
- Dr. Zafarullah Zafar
- Dr. Ahmed Akrem
- Dr. Kausar Hussain Shah  (IPFP)
- Dr. Sibgha Noreen  (TTS)

**Lecturers**
- Shehzadi Saima
- Mirza Ahsan Baig

Faculty (Zoology Division)

**Professor**
- Dr. Aleem Ahmed Khan
- Dr. Zahida Tasawar

**Associate Professors**
- Dr. Muhammad Naeem

**Assistant Professors**
- Dr. Amjad Farooq
- Dr. Furhan Iqbal  (On Study Leave)
- Bakhat Yawar Ali Khan
- Rehana Iqbal

**Lecturers**
- Dr. S. Benish Ali
- Samra Masood  (On Study Leave)

Faculty (Microbiology Division)

**Assistant Professors**
- Dr. Muhammad Qamar Saeed  (IPFP)

**Lecturers**
- Muzaffar Ali Khan  Students Advisor
- Aqal Zaman  (On Contract)

Introduction

At present, the divisions of botany, zoology and microbiology are functioning. Division of genetics is expected to be added in future.
The faculty of the Institute includes highly qualified teachers who are involved in several research projects.

The Institute, at present, is offering several academic programs which include BS (4-Year) in botany, zoology and microbiology; M. Sc. (2-Years), MS/M.Phil (2-Years) and PhD in the subjects of botany and zoology. The medium of instruction is English.

The Institute enjoys a good reputation of producing quality research of international standard. Efforts are being made to further enhance research activity in the Institute through various research grants/projects financed by the Government/autonomous bodies e.g. PSF; HEC, PARC, TWAS (Italy) etc. The Institute also shares its research activities with other leading scientific institutions within the country and abroad through collaborative research programs. Teaching laboratories in the Institute are reasonably equipped with scientific equipment.

It is pertinent to mention that faculty members of the institute have published more than five hundred research articles in national, international and impact factor bearing journals. In addition, several books, chapters in edited books and patent are in credit to faculty members of Botany and Zoology and Microbiology.

An adequate collection of textbooks, reference books and research journals are available in the Library of the Institute covering various disciplines of Botany, Zoology, Microbiology, Genetics, Fisheries, Wildlife, Animal & Plant Pathology and Freshwater Biology. These books are also available to the students from Book Bank of the University on loan basis.

The computer lab. of the institute is equipped with latest computers and high speed internet facility.

BOTANY DIVISION

The Botany Division started functioning in 1984. This Division is located in the Biology Building. The programs of studies BS (4 year), M.Sc., M.Phil and Ph.D. degrees in the subject of Botany are being offered. The Division has the facilities of air-conditioned green house, wire-netting houses, and experimental plots in the Botanic Garden for research/practical purposes. A study of plant life in different areas of Pakistan, especially in the Northern Regions, is an important part of Botany Program. The graduates are employed in Education sector, Agriculture, Forest Department and Research Organizations.

Admission Committee

Prof. Dr. Seema Mahmood Chairperson
Prof. Dr. Saeed Ahmad Malik Member
Dr. Habib-ur-Rehman Member/Secretary
Dr. Ghulam Yasin Member

Programs of Study

BS (4-Year) Botany

A candidate who has passed B.Sc. (2-Year) examination with Botany as elective subject is eligible for admission to M.Sc. Botany, provided that he/she has secured at least 45% marks in the relevant subject as well as in the aggregate.

Computation of Merit

The merit will be determined according to the criteria laid down by the university.

Scheme of Studies Available with the Institute

MS/M.Phil. Botany (2-Year)

The MS/M.Phil Botany program will include two semesters of course work and two semesters of research as given below:

<table>
<thead>
<tr>

Grand Total: 30

Eligibility

A candidate who has passed BS (4-Year) or M.Sc. (2 years) in Botany or equivalent
securing at least second division and has qualified a test equivalent to GAT (General) National Testing Service (NTS).

All those students who have done research in their previous degree and have published papers thereof, will be encouraged admission in M.Phil/Ph.D/ Program.

**Scheme of Studies**

The scheme of studies for this program is available at the Office of the Director, Institute of Pure and Applied Biology.

**Ph.D. Botany**

**Eligibility**

As stated by Higher Education Commission.

**Scheme of Studies**

The scheme of studies for this programme is available at the Office of the Director, Institute of Pure and Applied Biology.

**ZOOLOGY DIVISION**

The Zoology Division started functioning in 1987. This Division is located in the Biology Building. BS (4-Year), M.Sc., M.Phil and Ph.D degree programs in the subject of Zoology are being offered. The study tours are also organized for the students to collect fauna from different areas of Pakistan as a requirement of their studies. The Division has established a museum and an animal house for study and research purposes. Environmental Biology, Fisheries, Wildlife, Limnology, Entomology, Ornithology and Parasitology are the main fields of research. The students completing studies from this department will have an awareness of the animal diversity, strategies to increase meat (fish and live stock), milk and wool production, recent parasitic and pest control programs, Sericulture and Honey Bee Farming. The graduates of the Division are accepted in Agriculture, Fisheries, Wildlife, Plant Protection, PARC, Education Department and Universities.

**Admission Committee**

Prof. Dr. Seema Mahmood Chairperson
Prof. Dr. Aleem Ahmed Khan Member
Dr. Muhammad Naeem Member
Mrs. Rehana Iqbal Secretary

**Program of Study**

**BS (4-Year) Zoology**

**Scheme of Studies Available with the Institute**

**M.Sc. Zoology**

The degree of M.Sc. in Zoology would be awarded after successful completion of the courses of reading/labs. and fulfilling the requirements as laid down by the University. The minimum duration for M.Sc. degree is two academic years.

**Eligibility**

A candidate who has passed B.Sc. (2-Year) examination with Zoology as Elective subject is eligible for admission to M.Sc. Zoology, provided that he/she has secured at least 45% marks in the relevant subject as well as in the aggregate.

**Computation of Merit**

The merit will be determined according to the criteria laid down by the university.

**Scheme of Studies Available with the Institute**

**MS/M.Phil. Zoology (2-Year)**

Prof. Dr. Aleem Ahmed Khan

**Coordinator**

M.Phil./Ph.D.

**Admission:**

i) See the Prescribed admission rules for MS/M.Phil.

ii) The details of seats each for admission to MS/M.Phil. is given in the relevant chart at the end.

**Eligibility:**

A candidate who has passed BS (4-Year) or M.Sc. (2 years) in Zoology B.Sc. or equivalent securing at least second division and has qualified a test equivalent to GAT (General) by National Testing Service (NTS).

All those students who have done research in their previous degree and have published papers thereof, will be encouraged admission in M.Phil/Ph.D/ Program.

**Scheme of Studies**

The scheme of studies for this program is available at the office of the Director, Institute of Pure & Applied Biology.

**Ph.D. Zoology**

**Eligibility**

As per Higher Education Commission policy.

**Scheme of Studies**

The scheme of studies for this program is available at the Office of the Director.
MICROBIOLOGY DIVISION

Microbiology division is being activated this year (2014). This division is located in the biology building. Program of study BS (4-Year) is being offered. The division has dedicated bacterial culture facility along with chemical/molecular biological facilities to identify different microorganisms. Basic molecular virology facility is also available. Future research projects of the division may include but not limited to bioproduction, microbial contaminants of food, antimicrobial resistance, applications of phages in microbial control and development of viral vectors for gene delivery. Graduates of the division will be accepted in food industry, pharmaceutical companies, medical institutions and govt. regulatory agencies.

Introduction
Molecular Biology and Biotechnology is defined as the application of scientific and engineering principles to the processing of materials by biological agents to produce goods and services. The completion of human genome and Arabidopsis genome projects in the year 2000 were great breakthroughs in the field of biotechnology. In the past twenty years, unprecedented progress in molecular biology & biotechnology has been observed, which has made revolutionary impacts on every aspect of human activity such as agriculture, forestry, horticulture, livestock, health, medicine and environment. In agriculture, it is predicted that the next green revolution or more appropriately “evergreen revolution” will be due to biotechnological innovations. In livestock, production of new transgenic animals will not only meet the future needs of protein, dairy products etc but these animals could also be used as bioreactor for the production for various pharmaceuticals products. New safe protein drugs, particularly by site-directed mutagenesis, vaccines, diagnostic kits, antibiotics and enzymes can be produced by exploiting the biotechnology in the field of medicine (Medical biotechnology). The genetic based diagnostic assays for some genetic disorders and other diseases have already been developed and their treatment by gene therapy would be possible.

The primary objective of the Institute of Molecular Biology & Biotechnology (IMBB) is to produce manpower that can contribute to the development of Pakistan particularly in science and technology and its economy in general. Institute of Biotechnology has been established with initial HEC grant of 38 million rupees. It offers M.Sc., M.Phil and PhD programs of study. The Institute houses most modern teaching and research laboratories with the following...
equipment:
• ONR Axis-ClinoStat. PH Meter
• Conducting Meter
• Thermal Cycler (PCR)
• Gel Documentation System
• Vertical/Horizontal gel electrophoresis system
• Fermenter
• Atomic Absorption Spectrophotometer
• Bomb Calorimeter
• Freeze Dryer
• Ultra-centrifuge machine
• Incubators, CO₂ Incubator
• Bench Top Centrifuges
• UV-Visible Spectrophotometer
• Laminar Flow hood
• Rotary evaporator
• Orbital shaker
• Hybridization oven
• Inverted Microscope
• Ultra low temperature refrigerators (-20 to -80 °C)

In addition, a Bioinformatics laboratory has also been established with fifteen high ended computers. The library of the Institute is equipped with the latest and modern books on biotechnology and allied disciplines such as Biology, Genetics, Biochemistry, Pharmacology, Immunology, Agriculture and Microbiology. The institute is also a subscriber of prestigious journals of biotechnology such as Nature Biotechnology, Applied Biotechnology & Microbiology and Journal of Biotechnology.

Admission
Admissions are conducted by the following Admission Committee of the Institute according to the admission criteria laid down by the University / Institute.

Admission Committee
Prof. Dr. Muhammad Ali Chairman
Dr. Hamid Manzoor Secretary
Dr. Rehan Sadiq Shaikh Member
Dr. Sumaira Rasul Member

BS (4-Year) Biotechnology Program
(Morning & Evening)

The Institute of Biotechnology offers BS (4 Years) Biotechnology (Semester System) courses of reading approved by Higher Education Commission, Islamabad.

Eligibility
The candidate who has passed F.Sc. (Pre-Medical) or equivalent exam with at least 60% marks aggregate in F. Sc.

Determination of Merit
Marks in F.Sc. + 20 marks for Hifz-e-Quran (if applicable).

Scheme of Studies Available with the Institute

M.Sc. Biotechnology Program
(Morning & Evening)

The Institute of Biotechnology offers M.Sc. Biotechnology (Semester System) courses of reading approved by Higher Education Commission, Islamabad.

Break-up of Seats
See the relevant chart at the end.

Determination of Merit
The merit will be determined according to the criteria laid down by the university.

Scheme of Studies Available with the Institute

MS/M.Phil. Program
M.S/ M.Phil (2-Year) program will include two Semesters of course work and two semesters of research. Qualifying CGPA for promotion in 2nd semester after setting the minimum pre-required will be CGPA of 2.20/4.0 and candidates have to get through the comprehensive examination. Research will be carried out in the 2nd year (3rd and 4th Semester) it will be of 6 Credit Hours.

Eligibility
A candidate who has passed BS (4-Year) or M.Sc. (2 years) in subject as mentioned above according to university rules and departmental test will be conducted as per University and HEC policy.

Scheme of Studies Available with the Institute

Ph.D. Program
The institute also offers Ph.D. program. The applications for registration in this program may be submitted as per schedule of the university. For admission in Ph.D program applicant must have passed previous exam with atleast CGPA 3.00/4.00. Interested candidates may contact the Director, Admission Committee Institute of Molecular Biology & Biotechnology for further information.

Eligibility
As per HEC Policy

Scheme of Studies Available with the Institute
Department of Biochemistry

Established: 2012

Academic Programs:
- BS (4-Year),
- M. Sc. (Morning program),
- MS/M. Phil (Evening Program)
- PhD (Morning Program)

Enrollment:
- BS (4-Year), M. Sc., M.Phil, PhD
- See the relevant chart at the end

Prerequisites:
For BS (4-Year)
- Intermediate Examination (Pre-Medical or an equivalent Examination recognized by the university with chemistry as an elective subject

For M.Sc
- B.Sc. with Zoology, Botany and Chemistry;
- B.Sc. in Medical Lab Technology;
- B.Sc. Medical Sciences securing at least 45% marks.

For M.Phil
- BS (16 years education) in Biochemistry or relevant field; M.Sc. in Biochemistry or relevant field;
- M.Sc. Biotechnology; Pharm-D; or MBBS securing at least 2.5 CGPA/2nd division/B grade with no 3rd division/C grade at any level.

For Ph.D
- MS/M.Phil in the relevant field as per criteria of HEC.

Introduction
Biochemistry is at the core of basic discipline of life sciences. Graduates of biochemistry may serve in the pharmaceutical and food industries of Pakistan. A number of opportunities are also available in clinical laboratories and research institutions. Over the last 40 years biochemistry has become so successful at explaining living processes that now almost all areas of the life sciences are engaged in biochemical research. Today the main focus of pure biochemistry is to understand how biological molecules give rise to the processes that occur within living cells. This in turn relates greatly to the study and understanding of whole organisms.

The discipline of Biochemistry was working under the umbrella of Chemistry since 1975 at Bahauddin Zakariya University, Multan. A large number of students have obtained their M.Sc, M.Phil and PhD degrees in Chemistry with specialization in Biochemistry. Keeping in view the need of subject in the Country particularly in Southern Punjab, an independent Department was established in August, 2012. Presently the Department of Biochemistry is running BS (4-year), M.Sc., M.Phil and PhD programs of study. The department also caters subsidiary requirements of allied biological subjects. Curricula have been developed under the guideline of Higher Education Commission to cover all the recent areas of Biochemistry.

Library of the Department is equipped with latest and modern books of biochemistry and allied disciplines such as, biology, genetics, biotechnology, immunology, agriculture and microbiology. Presently, the Department is using facilities available at the Institute of Chemical Sciences for the training of the students in practical skills and research work. The Department has also established
collaborations with Central Cotton Research Institute, Multan and Pakistan and Medical Research Council, Nishter Hospital Multan to facilitate the research work of M.Phil and PhD students. In future, depending on the availability of budget, new laboratories will be established and equipped with modern instruments required for the promotion of research in different fields of biochemistry.

Admissions:

Admissions are conducted by the admission committee of the Department according to the criteria laid down by the University.

Admission committee:

Admission Criteria

Eligibility

For BS (4-Year)
The candidates must have passed Intermediate Examination (Pre-Medical) or an equivalent examination recognized by the University with chemistry as an elective subject securing at least 45% marks in chemistry as well as in the aggregate of Intermediate Examination.

For M.Sc
The candidates must have completed their B.Sc. with Zoology, Botany and Chemistry; B.Sc. in Medical Lab Technology; B.Sc. Medical Sciences securing at least 45% marks.

For M.Phil
The candidates must have completed their BS (16 years education) in Biochemistry or relevant field; M.Sc. in Biochemistry or relevant field; M.Sc. Biotechnology; Pharm-D; or MBBS securing at least 2.5 CGPA/2nd division/B grade with no 3rd division/C grade at any level.

For Ph.D
The candidates must have completed their MS/M.Phil in the relevant field as per criteria of HEC.

Determination of Merit
The merit will be determined according to the criteria laid down by the University.

Introduction
Department of Environmental Sciences has been established in June
2010 keeping in view the pivotal importance of this subject in
Pakistan. This subject has gathered a high reputation all around the
world due to its applied nature. Environmental science is a
cosmopolitan subject because it deals with various branches of studies
like chemistry, physics, botany, zoology, geology, geography, and
public health etc. It focuses on the sources, reactions, transport,
effects and fate of physical and biological species in the air, water and
soil along with the effects of human activity upon these. Air, water,
land, and noise pollution constantly imperil quality of life and damage
the pristine environment. World today is facing serious environmental
crisis, for instance, increase in the heat budget of the earth, depletion
of non-renewable resources, air pollution, pollution of surface &
ground waters, heavy metal pollution, massive destruction of habitats,
deforestation, mining, over-fishing and radiation pollution. Ecosystem
of earth is very fragile, and that man’s tampering with it may, in the
end, make the earth unlivable, not only for man but for all life forms.

Environmental pollution drastically reduces the productivity of
plants, and is primarily involved in causing several illnesses to the
humans: ranging from breathing disorders, cancer, stomach upset, skin
allergies, cardiovascular problems, neurobehavioral ailments, kidney
damage, typhoid, hepatitis, and most of the enteric & diarrheal
diseases due to transmittance of microorganisms via the contaminated
water. Atmospheric climate of major cities of Pakistan is also in grave
danger due to unchecked noxious emissions by motor traffic,
industries and other sources. Hence, Pakistan is plagued with a
multitude of environmental problems that needs urgent attention and
appropriate action to save the environment for better tomorrow.
Department of Environmental Science herein BZ University, Multan
will contribute devoted and skilled manpower to address the
environmental problems of the country on scientific grounds. Parallel
to research activities, graduates from this discipline will impart their
knowledge at graduate and postgraduate levels at various educational
institutions of Pakistan and abroad.

Objectives
Environmental awareness among society and especially in students
will be of utmost importance as they are future leaders, future
custodians, planners, policy makers, and educators of the
environmental issues. Students will undertake basic and applied
research on different environmental issues, and will assist government
departments, private sector, and other relevant organizations on the
framing of rules & regulations along with establishment of appropriate
institutions and systems etc. Following are the key objectives of
Department of Environmental Science:

1. To produce enthusiastic, skilled and motivated environmentalists
2. Addressing environmental issues and hazardous wastes/effluents
3. Solid waste management/recycling technologies
4. Causes and control of air, water and land pollution
5. Integrated pest management/biological control of diseases
6. Improving & conserving biodiversity and supporting forestry
7. Fumigation studies for screening native crops and fruits
8. Environmental impact assessment studies
9. Preservation of cultural heritage from pollutants
10. Imparting applied environmental education to society
Graduate Program in Environmental Science

BS (Environmental Science)
Environmental Science is an emerging science as a discipline which is highly inter and multi-disciplinary in nature, integrating natural sciences, social sciences and humanities in a holistic study of the world around us. The Bachelors degree program will be of four years and/or eight semesters, in the semester system. The nomenclature for this four-year degree program will be “Bachelor of Environmental Science (Hons.)” consisting minimum of 130 and maximum of 140 credit hours including compulsory courses of English, Islamic Studies and Pakistan Studies. The following courses were identified by the Higher Education Commission of Pakistan to be included in the curriculum of four-year Bachelor of Environmental Science (Hons.) degree. The proposed workload is maximum in the first year and minimum in the final year for the purpose of giving relief for research work and career-oriented activities.

For Ph.D. Agricultural Engineering
M.Sc. Agricultural Engineering or equivalent qualification

Introduction
Agricultural potential and specific ecological conditions of the region led to the establishment of Agriculture College of Bahauddin Zakariya University, Multan in 1989. The construction of the College building was started in 1990. At present the College has independent academic blocks for Agronomy, Soil Science, Entomology, Plant Pathology, Horticulture, Plant Breeding & Genetics, Forestry & Range Management and Agricultural Engineering. Fully equipped research laboratories have been established by each department for conduct of practical and research work.

Moreover, construction of academic block for Agricultural Economics & Biometrics and Agricultural Education & Extension departments along with 75 staff residences have been completed recently. A boy’s hostel [Hamza Hall] for 250 students and 19 residences for academic staff have also been constructed.

Now, the College is elevated to the status of a faculty named “Faculty of Agricultural Sciences & Technology” with keen interest and auspicious guidance of Worthy Vice Chancellor Prof. Dr. Syed Khawaja Alqama and on the intellectual input of teachers, along with ten independent departments headed by respective Chairman/Chairperson/Teacher Incharge.

The syndicate has endorsed the recommendations of Councils to the Senate for the establishment of the Faculty of Agricultural Sciences and Technology with the following Departments.

1. Department of Agronomy
2. Department of Horticulture
3. Department of Soil Science
4. Department of Plant Breeding & Genetics
5. Department of Entomology
6. Department of Food Science & Technology
7. Department of Forestry & Range Management
8. Department of Plant Pathology
9. Department of Agri. Business & Marketing
10. Department of Agricultural Engineering

The Department of Agricultural Engineering was established at the College in 2004. The department offers courses of studies leading to degree of Bachelor of Science, Master of Science and Ph. D. in Agricultural Engineering. In these degree programmes, the same fundamental courses are taught as approved by the HEC and in other
Agricultural Engineering Institutions with emphasis on agricultural problems, like Water Engineering & Management, Farm Machinery and Environmental Pollution etc. Seven laboratories which include Surveying Laboratory, Drawing Hall, Fluid Mechanics Laboratory, Soil Mechanics Laboratory, Engineering Mechanics Laboratory, Environment & Water Quality Laboratory and I.C. Engine and Tractor Laboratory have been set up for conduct of practical work to the students of Agricultural Engineering while the establishment of other laboratories is in process. The new PC-1 for the Department of Agricultural Engineering has been approved by the HEC and new buildings, laboratories and other infrastructure are being established. The followings are the disciplines under the Umbrella of Agricultural Engineering and Technology:

i) Water Engineering and Management (WEM).
ii) Farm Machinery & Energy (FME).
iii) Structure and Environmental Engineering (SEE).
iv) Food Process Engineering (FPE).

An Independent Administration Block, central library, Museum, Auditorium and a Civic Center have been completed and are functional straight away.

At present the Faculty has **50 regular/full time teachers** and a number of visiting teachers borrowed from various departments of the University, Agriculture Departments & Institutes at Multan. Out of 50 regular/full time teachers, **48 are Ph.D. degrees holders**, while 11 teachers are enrolled for Ph.D. at various universities. Twenty one teachers have done their doctorate or post doctorate from various universities of technologically advanced countries like, Australia, China, Japan, Korea, UK and USA, having a number of research publications in high Impact Factor bearing journals. Eight Assistant Professors are also serving under Tenure Track System of HEC.

**Experimental/Research Farm**

Agricultural Experimental Farm of 40 acres is attached with the Faculty for demonstration of crop production practices, and 20 acres are reserved for faculty research. Research work has been initiated on various aspects of field and horticultural crops. The emphasis is on the development of improved varieties of crop along with improvement of cultural practices, cropping system, weed control, insect toxicology, insecticide resistance, integrated pest management strategies, drip irrigation system, tunnel farming and Agro-forestry suited to the local conditions.

Nine acres of mango and citrus orchard and five acres of Forestry research area with mixed indigenous species have been established under drip irrigation system. Six rows of different tree species along with the Faculty boundary wall irrigated with bubbler and drip irrigation system have also been established for clean and green environment.

**Faculty Library**

The Faculty library has been shifted in new building and more than six thousand volumes of latest books on various disciplines of agriculture and allied sciences are available. It has been converted into fully air-conditioned library to facilitate the readers.
Department of Agronomy

Introduction

Although the discipline of Agronomy was included in the University College of Agriculture since its establishment in 1989, however, a separate department of Agronomy and Soil Science was established in April, 2009. After about 1½ year in 2010, the department was separated into Department of Agronomy. The department has its own academic block. It has well established undergraduate and postgraduate laboratories and research farm.

Academic Programs

The department is offering following degree programs:
1. B.Sc. (Hons.) Agriculture with specialization in Agronomy (Morning/Evening)
2. M.Sc. (Hons.)/ M.Phil. Agronomy
3. Ph.D. Agronomy

All these programs are being offered subject to the conditions and criteria duly approved by the Higher Education Commission (HEC), Board of Advanced Studies and Research, Academic Council, Syndicate & Senate.

Enrollment
See the relevant chart at the end

Prerequisites
For B.Sc. (Hons.) Agriculture
F.Sc. (Pre-Medical)

Admission

The following admission committee of the Department has been constituted to make admissions according to the admission/merit criteria laid down by the University.

Admission Committee

Prof. Dr. Hakoomat Ali Chairman
Prof. Dr. Nazim Hussain Member
Dr. Shakeel Ahmad Secretary

Admission Criteria

i) B.Sc. (Hons.) Agriculture

(Morning & Evening Programs)

B.Sc (Hons.) Agriculture is joint undergraduate program run by the Faculty of Agricultural Sciences and Technology (FAST) under semester system. Students after completion of 4 semesters, opt their fields of specialization. The Students who opt Agronomy as a Major subject join the department and complete their respective degrees. The admission to the B.Sc(Hons.) Agriculture made by the admission committee of the Faculty.

ii) M.Sc. (Hons.) / M.Phil Agronomy

The department offers two years degree program of M.Sc (Hons.)/M.Phil. Agronomy. This is an evening and self-supporting program and the conditions regarding financial liabilities laid by the University (BZU) will apply. There is also provision for M.Sc.(Hons.)/M.Phil. leading to Ph.D. after fulfilling certain conditions laid by the University and HEC. The detailed rules for these programs are available with the University and Department.

Eligibility

As per University policy.

Computation of Merit

The merit will be determined according to the criteria laid down by the university. Plus twenty (20) marks for Hifz-e-Quran.
iv) Ph.D. in Agronomy

The department is also offering Ph.D. Agronomy observing all criteria duly approved and notified by the HEC. Nutrient Management of Arabian Crops, Crops Physiology, Weed Management and Allelopathy, Irrigation Management, Crop Modeling, Crop Production and Herbicides, Seed Sciences and Technology, Water Relations in Plant, Special Problem Crop Management on Problem Soils, Seed Physiology and Climate Change.

Eligibility

As per University policy.

Schemes of Studies for

B.Sc. (Hons) Agriculture, Major Agronomy
M.Sc (Hons) / M.Phil. Agronomy
Ph.D. Agronomy

Are available with the Department
Department of
Entomology

The Department is offering following degree programs:
1. B.Sc. (Hons.) Agriculture with specialization in Entomology to the students admitted in the faculty.
2. M.Sc. (Hons.)/M.Phil.
3. Ph.D.

All these programmes are offered subject to the conditions and criteria duly approved by the Higher Education Commission and University.

Enrollment
See the relevant chart at the end

Prerequisites

For B.Sc. (Hons.). Agriculture
On completion of first four semesters of B.Sc.(Hons.) Agriculture, the students can choose the major subject.

For M.Sc. (Hons.)/M.Phil.
B.Sc.(Hons.) Agriculture with Entomology

For Ph.D.
M.Sc.(Hons.)/M.Phil. with Entomology

Introduction
Agriculture College was established in 1989 in B. Z. University. Entomology has been offered as major subject to B.Sc. (Hons.) Agriculture since its beginning. During 2008 Department of Crop Protection was constituted that included Entomology. Entomology has been established a separate Department with the upgradation of Agriculture College to Faculty of Agricultural Sciences and Technology since 2012.

Fully equipped research laboratories have been established in the Department of Entomology for conduct of practical and research work. In addition six fully functional and equipped research laboratories related to Integrated Pest Management, Insect Ecology, Insect Microbiology and Biotechnology, Insecticide Toxicology and Ecotoxicology are functional for research and teaching. The Department enjoys good reputation of producing quality research. Currently several projects funded by PARB, PSF, HEC, PARC, ASLP etc. are going on. The Department also shares its research activity with other leading scientific institutions within the country and abroad through collaborative research programs.

Mission
To help farming community of Southern Punjab and Pakistan in understanding and managing beneficial and harmful insects through education and research.

Admissions
Admissions are conducted by the Departmental Admission Committee according to the admission criteria laid down by the University.

M.Sc. (Hons.)/M.Phil. Program in Entomology

M.Sc. (Hons.)/M.Phil. is an evening and self-supporting program and the conditions regarding financial liabilities laid by the University will apply. A separate advertisement will appear in national press for admission to M.Sc. (Hons.) /M.Phil. There is also provision for M.Sc. (Hons.) leading to Ph.D. after fulfilling certain conditions laid by the University and HEC. The detailed rules for these programs are available with the University and Department.

Eligibility
See relevant section of faculty of Agricultural Sciences & Technology pages and as prescribed by University in line with HEC.

Scheme of Studies is Available with the Department
Department of Food Science and Technology

Introduction
The Department of Food Science and Technology was established in 2008. Just in a very short period of 6 years, the department has been equipped with a wide range scientific instruments, functional laboratories and processing hall having facilities for baking, pulping, juice and syrup processing. The Department got many research grants from donor agencies like HEC, PSF etc costing around 20 Million rupees since its establishment. Currently, the Department has been able to establish a separate RO Mineral Water Plant.

Academic Programs
The department currently offers following degree programs:
1. B. Sc. (Hons.) Food Science and Technology
2. B. Sc. (Hons.) Agriculture with specialization in Food Science and Technology
3. M. Sc. (Hons.)/M. Phil. Food Science and Technology
4. M. Sc. (Hons.)/M. Phil. Food and Nutrition
5. Ph.D. Food Science and Technology
6. PGD in Food and Nutrition (Two Semesters)

All these programs are offered subject to the conditions and criteria duly approved by the Higher Education Commission, Board of Advanced Studies and Research, Academic Council, Syndicate & Senate.

Enrollment:
See the chart at the end

Prerequisites

For B.Sc. (Hons). Food Science and Technology
F.Sc. (Pre-medical/Pre-Engineering), A’ Level and DAE

For B.Sc. (Hons). Agriculture (Food Science and Technology)
On completion of first four semesters of B.Sc.(Hons.)
Agriculture, the students may opt the major subject Food Science & Technology

For M.Sc. (Hons)/M.Phil. (Food Science and Technology)
B.Sc.(Hons.) Agriculture major Food Science & Technology/B.Sc.(Hons.)
Food Science & Technology

For M.Sc. (Hons)/M.Phil. (Food and Nutrition)
B.Sc.(Hons.) Agriculture major Food Science & Technology/B.Sc.(Hons.)
Food Science & Technology, BS
Dairy Technology/BS Dairy Science & Technology/B.Sc.(Hons.) Dairy Technology/BS Food Engineering

For Ph.D. (Food Science and Technology)
M.Sc.(Hons.)/M.Phil. with relevant subject.

For PGD (Food and Nutrition)
14 years education with background in science subjects.

Faculty:

Assistant Professor(s)
- Dr. Saeed Akhtar
- Dr. M. Tauseef Sultan
- Dr. Aneela Hameed
- Dr. Muhammad Imran

Admissions Criteria

B. Sc. (Hons.) Food Science and Technology
(Morning & Evening Programs)

B. Sc. (Hons.) Food Science and Technology (4-years degree program) was started by the Department in 2013 on self support basis. In addition to this, Morning program on regular basis has been started from the Session 2014. The seats breakup is available for this program in the prospectus at the relevant place.

Eligibility

An applicant seeking admission to B.Sc.(Hons.) Food Science and Technology must fulfill the following eligibility requirements:

a) He/she should passed the F.Sc. (Pre-medical/Pre-engineering) or A’ Level with minimum 45% marks.

b) Two seats reserved for DAE in Food Technology.

B. Sc. (Hons.) Agriculture (Major Food Science & Technology)
(Morning & Evening Programs)

B. Sc. (Hons.) Agriculture is joint undergraduate program run by the faculty of Agricultural Sciences and Technology (FAST) under semester system. Students after completion of 4 semesters (morning and evening), may opt their subject of choice as a major subject provided they meet the merit criteria established by the faculty for particular subjects. The students who opt Food Science and Technology as a major subject join the Department and complete their respective degree. The admission to the B. Sc. (Hons.) Agriculture is made by the Admission Committee of the faculty of Agricultural Sciences & Technology.

M.Sc. (Hons.)/M.Phil.
Program in Food Science and Technology

The M.Sc.(Hons.)/M.Phil. program confers majors in Food Science and Technology. Graduate students may choose the field of research according to their choice including, Food Safety, Dairy Technology, Food Microbiology, Human Nutrition, Fats and Oils Technology, Food Toxicology, Waste Management, Product Development. This is an evening and self-supporting program and the conditions regarding financial liabilities laid by the University [BZU] will apply. A separate advertisement will appear in national press for admission to M.Sc. (Hons.) /M.Phil.

Eligibility

An applicant seeking admission to M.Sc.(Hons./M.Phil. Food Science and Technology must fulfill the following eligibility requirements:

a) The candidate will have to appear and qualify an exclusive admission written test compelled with interview for admission in M.Sc. (Hons.) Food Science and Technology.

b) He/she should be below the age of 45 years on the last date fixed for receipt of applications

M.Sc. (Hons.)/M.Phil.
Program in Food and Nutrition

M.Sc. (Hons.) Food and Nutrition is a link between Human Nutrition and Food Science and is an area of immense importance for consumers, food industry and government as well. To cater the national needs of qualified manpower in the field of Food and Nutrition, the Department has started 2-Years degree program in M.Sc. (Hons) Food and Nutrition.

Eligibility

An applicant seeking admission to M.Sc.(Hons.)/M.Phil. Food and Nutrition must fulfill the following eligibility requirements:

He/she should have passed the B.Sc. (Hons.) Agriculture in the relevant subject for M.Sc. (Hons.)/M.Phil. Food Science and Technology with minimum CGPA of 2.50/4.00 from a recognized University.

a) The candidate will have to appear and qualify an exclusive admission written test compelled with interview for admission in M.Sc. (Hons.) Food and Nutrition.

b) He/she should be below the age of 45 years on the last date fixed for receipt of applications

Ph.D. Food Science and Technology

Department of Food Science and Technology also offers Ph.D. in Food Science and Technology. Currently, there have been many students enrolled as Ph.D. scholars and are doing their research work under the guidance of their respective supervisors. Complete and conducive research environment exist in the department.

Eligibility

An applicant seeking admission to Ph.D. in Food Science and Technology must fulfill the following eligibility requirements:
a) He/she should have passed the M.Sc. (Hons.)/M.Phil. in the relevant subject or equivalent qualification, with minimum CGPA of 3.0 from a recognized University.
b) The candidate will have to appear and qualify an exclusive admission written test compelled with interview for admission in Ph.D Food Science and Technology.
c) A Ph.D. Scholar is required to complete course work of up to 18 credit hours and must qualify
d) All applicants have to fulfill the conditions laid by HEC from time to time.

**PGD (Post Graduate Diploma) in Food and Nutrition**

PGD (Post Graduate Diploma) in Food and Nutrition is a Weekend Programme of one year (two semesters) duration. The Department of Food Science and Technology is providing flexible and conducive learning environment for professionals in the field of Food Science and Nutrition.

**Eligibility**

The graduates seeking admissions to PGD in Food and Nutrition must fulfill the following eligibility requirements:

a) He/She must hold at the minimum of bachelor degree (14 year education) preferably with science subjects especially Food Technology, Chemistry, Botany, Zoology, Health Sciences, Pharmacy, Nutrition, Dietetics, Animal Sciences, Food Services and Public Health.

Scheme of Studies for all above mentioned programs are available with the Department.
Department of
Forestry & Range Management

Established: 2010
Program of Studies:
B.Sc. (Hons.) [4 Years]
M.Phil
Ph.D.
Enrollment: See the relevant chart at the end
Prerequisites:
B.Sc. (Hons.) Agriculture [FRW]
F.Sc. (Pre-Medical)
M.Phil. (Forestry & Range Management)
B.Sc. (Hons.) Agriculture with specialization in Forestry & Range Management
Ph.D.
M.Phil. in Forestry & Range Management

Faculty:
Associate Professor
Dr. Din Muhammad Zahid Khan (On Leave)
Assistant Professor
Dr. Muhammad Zubair (On TTS) (HOD)
Dr. Wasif Nouman (On TTS)
Lecturer
Mr. Syed Amir Manzoor

Background:
The acute shortage of forestry area in Pakistan covering only 4.2% of the forest resource on contrary to minimum inevitable 25% for a country, existing forests merely caging the demand for escalating population. The Punjab is even more constrained having only 2.3% area under forest. Moreover, illegal cutting, fire, insect pests and diseases (Shisham dieback the most important) and a number of administrative and political constraints have dented the resource quite heavily and seized its current capacity by exposing this country to lethal hazards, the most recent is the devastated floods hit almost whole of the nation, forest degradation is one of the root cause of this menace. To be very straight, it is indispensable to increase tree cover in every possible way, the success to this boulevard to increase trained manpower crammed with latest forestry knowledge and an attitude to serve the country.

Forestry sector plays an important role in soil conservation, regulates flow of water for irrigation and power generation, reduction of sedimentation in water conveyance and reservoirs, employment and maintenance of ecological balance. The rapid deforestation, desertification and associated environmental hazards are negatively influencing the climate, the flora and fauna, the economy and ultimately the ever rising population which makes it mandatory to respond to these menaces. What is more appropriate in addition to other factors is to disseminate appropriate knowledge and skills and train manpower that aid in tackling pathetic forestry situation of the country. The Forestry Department at FAS&T will have multitudinal of benefits. The unique position of the university in the Southern Punjab and the FAS&T are conducting research and development activities towards various aspects of crop production, Nevertheless, a wide variety of tree plantations rangelands, wildlife, watersheds and biodiversity conservation with special reference to forestry situation in the country remained unexplored. Student wishing to undertake forestry as profession have to go else where in perusing the profession of their interest. There is also a dearth of training to forestry professionals and institutions involved in various sections of forestry management especially in Punjab and generally the entire country. The forestry department shall offer courses towards sustainable natural resource management, research towards exploring the status and potential of different forest types, irrigated plantation for improving of the forestry situation. Furthermore, the Department shall also a distinctive place for rendering training to farmers and development professional of the public and private sector of southern Punjab in nursery management, tree-crop interface management and attainment of major and minor products and utilization of resources into secondary products and services.

Eligibility
See relevant section of the Faculty of Agricultural Sciences & Technology pages and as prescribed by the University in line with HEC.

Scheme of Studies for B.Sc. (Hons.), M.Phil. and Ph.D. programs are available with the Department.
Department of Horticulture

Introduction

Although the discipline of Horticulture was included in the University College of Agriculture since its establishment in 1989, however, a separate Department of Food and Horticultural Sciences was established in April 2009. After about 1½ year in December 2010, the Department was separated into two independent departments namely Department of Food Science & Technology and Department of Horticulture.

The Department has its own academic block. It has well established undergraduate and postgraduate laboratories, attached citrus and mango orchards, and area to conduct research on vegetables and ornamentals.

Academic Programs

The Department is offering following degree programs:

1. B.Sc. (Hons.) Agriculture with specialization in Horticulture
2. M.Sc. (Hons.) Horticulture
3. Ph.D. Horticulture

All these programs are being offered subject to the conditions and criteria duly approved by the Higher Education Commission (HEC), Board of Advanced Studies and Research, Academic Council, Syndicate & Senate.

Enrollment

See the relevant chart at the end

Prerequisites

For B.Sc. (Hons.) Agriculture
F.Sc. (Pre-Medical)

For M.Sc. (Hons.) Horticulture
B.Sc. (Hons.) Agriculture with Horticulture as a major subject

For Ph.D. Horticulture
M.Sc. (Hons.) Horticulture

Faculty

Professor
Dr. Muhammad Akbar Anjum Chairman

Associate Professor
Dr. Ishtiaq Ahmad Rajwana

Assistant Professor
Mr. Farrukh Naveed
Ms. Safina Naz
Dr. Aamir Nawaz Khan

Dr. Sajjad Hussain On TTS
Dr. Shaghef Ejaz On IPFP

Lecturer
Mr. Khalid Masood Ahmad (Incharge Arboriculture Wing)

Admission

The following Admission Committee of the Department has been constituted to make admissions according to the admission/merit criteria laid down by the University.

Admission Committee

Prof. Dr. Muhammad Akbar Anjum Chairman
Dr. Aamir Nawaz Khan Member
Dr. Sajjad Hussain Member/Secretary

Admission Criteria

i) B.Sc. (Hons.) Agriculture
(Morning & Evening Programs)

B.Sc. (Hons.) Agriculture is a joint undergraduate program run by the Faculty of Agricultural Sciences and Technology under semester system. Students after completion of 4 semesters, opt their fields of specialization. The students who opt Horticulture as a major subject join the Department and complete their degrees. The admissions to the B.Sc. (Hons.) Agriculture are made by the Admission Committee of the Faculty of Agricultural Sciences and Technology.

ii) M.Sc. (Hons.) Horticulture

The Department offers two years degree program of M.Sc. (Hons.) Horticulture. This is an evening and self-supporting program and the conditions regarding financial liabilities laid by the University [BZU] will apply. There is also provision for M.Sc. (Hons.) leading to Ph.D. after fulfilling certain conditions laid by the University and HEC. The detailed rules for these programs are available with the University and the Department.

Eligibility

An applicant seeking admission to M.Sc. (Hons.) Horticulture must
fulfill the following eligibility requirements:

a) He/she should have passed the B.Sc. (Hons.) Agriculture with specialization in Horticulture with minimum CGPA of 2.50 from a recognized university.

b) He/she should have to appear and qualify the test arranged by the Department.

**Computation of Merit**

The merit will be determined according to the criteria laid down by the University.

i. For academic qualifications of matriculation and F.Sc., every first and second division shall carry 10 and 07 points/marks, respectively.

ii. For B.Sc. (Hons.) Agriculture, the Merit will be determined as; 20 points for each first division and 14 points for second division.

iii. Ten marks will be given to each first position holder, while 08 and 05 points will be given to second and third position holders, respectively.

iv. Selected candidates shall get themselves registered as per rules of the University.

**iii) Ph.D. Horticulture**

The Department is also offering Ph.D. in Horticulture observing all criteria duly approved and notified by the HEC.

Research areas include Production Technology of Horticultural Crops, Plant Propagation, Plant Tissue Culture & Biotechnology, Biodiversity & its Conservation, Seed Production, Seed Science & Technology, Post Harvest Horticulture, Stress Tolerance in Horticultural Plants etc.

**Eligibility**

An applicant seeking admission to Ph.D. in Horticulture must fulfill the following eligibility requirements:

a) He/she should have passed the M.Sc. (Hons.) Horticulture or equivalent qualification, with minimum CGPA of 3.0 from a recognized university.

b) International GRE (Subject) or any other test arranged or conducted by the Department/University passed before the admission.

c) A Ph.D. scholar is required to complete course work of up to 18 credit hours and must qualify.

d) All applicants have to fulfill the conditions laid by the HEC from time to time.

**Schemes of Studies for**

B.Sc. (Hons) Agriculture, Major Horticulture  
M.Sc. (Hons.) Horticulture  
Ph.D. Horticulture  
are available with the Department.
Department of  
Plant Breeding & Genetics

Introduction
The Department of Plant Breeding and Genetics is involved in the breeding of crop plants for the benefit of society through the development of novel breeding techniques, the discovery and transformation of new genes as genetic stocks and the training of a new generation of plant breeders.

The aim of department is accomplished through research, teaching, and extension services ranging from the molecular breeding of crop plant to development of elite crop cultivars. Our scientists/researches collaborate with others public and private institutions to integrate the information about their finding and expertise.

Academic Programs
The department is offering following degree programs:
1. B.Sc. (Hons.) Agriculture with specialization in Plant Breeding and Genetics
2. M.Sc. (Hons.) Plant Breeding and Genetics
3. Ph.D. Plant Breeding and Genetics

All these programs are being offered subject to the conditions and criteria duly approved by the Higher Education Commission, Board of Advanced Studies and Research, Academic Council, Syndicate & Senate.

Enrollment
See the relevant chart at the end

Prerequisites
For B.Sc. (Hons.) Agriculture  
F.Sc. (Pre-Medical)
For M.Sc. (Hons.) Plant Breeding and Genetics  
B.Sc. (Hons.) Agriculture with Plant Breeding and Genetics as a major subject
For Ph.D. Plant Breeding and Genetics

Admission Criteria
i) B.Sc. (Hons.) Agriculture  
(Morning & Evening Programs)

B.Sc. (Hons.) Agriculture is joint undergraduate program run by the Faculty of Agricultural Sciences and Technology under semester system. Students after completion of 4 semesters, opt their fields of specialization. The student who opt Plant Breeding and Genetics as a major subject join the department and complete their degrees. The admission to the B.Sc. (Hons.) Agriculture are made by the admission committee of the Faculty.

ii) M.Sc. (Hons.) Plant Breeding & Genetics

The department offers two years degree program of M.Sc. (Hons.) Plant Breeding and Genetics. This is an evening and self-supporting program and the conditions regarding financial liabilities laid by the University [BZU] will apply. There is also provision for M.Sc. (Hons.) leading to Ph.D. after fulfilling certain conditions laid by the University and HEC. The detailed rules for these programs are available with the University and Department.

Eligibility
An applicant seeking admission to M.Sc. (Hons.) Plant Breeding and Genetics must fulfill the following eligibility requirements:

a) He/she should have passed the B.Sc. (Hons.) Agriculture with
specialization in Plant Breeding and Genetics with minimum CGPA of 2.50 from a recognized University

b) He/She should have to appear and qualify the test arranged by the department.

**Computation of Merit**

The merit will be determined according to the criteria laid down by the university.

**iv) Ph.D. in Plant Breeding and Genetics iv)**

The department is also offering Ph.D. in Plant Breeding and Genetics observing all criteria duly approved and notified by HEC.

Research areas: Conventional Breeding of Major and Minor Crops, Molecular Breeding of Crop Plants and Genetics Engineering etc.

**Eligibility**

An applicant seeking admission to Ph.D. in Plant Breeding and Genetics must fulfill the following eligibility requirements:

a) He/she should have passed the M.Sc. (Hons.) in Plant Breeding and Genetics or equivalent qualification, with minimum CGPA of 3.0 from a recognized University.

b) Admission test (Subject based) conducted by BZU.

c) A Ph.D. scholar is required to complete course work of up to 18 credit hours and must qualify.

d) All applicants have to fulfill the conditions laid by HEC from time to time.

**Schemes of Studies for**

*B.Sc. (Hons) Agriculture, Major in Plant Breeding and Genetics*

*M.Sc. (Hons.) in Plant Breeding and Genetics*
Prospectus Year 2014

Department of
Plant Pathology

Introduction
The discipline of Plant Pathology was included in the University College of Agriculture since its establishment in 1989, however, a separate department of Crop Protection was established in April 2009. After about 3 years in 2012, the department was separated as independent department “Department of Plant Pathology”.

The department has its own academic block. It has well established undergraduate and postgraduate laboratories, attached with Mushroom Culture, Mycology, Bactenology, Plant Nematology and Plant Molecular Virology Laboratories, and field area to conduct research on Field crops and Vegetables diseases.

Academic Programs
The department is offering following degree programs:
1. B.Sc. (Hons.) Agriculture with specialization in Plant Pathology
2. M.Sc. (Hons.) Plant Pathology
3. Ph.D. Plant Pathology
All these programs are being offered subject to the conditions and criteria duly approved by the Higher Education Commission, Board of Advanced Studies and Research, Academic Council, Syndicate & Senate.

Enrollment
See the relevant chart at the end

Prerequisites

For B.Sc. (Hons.) Agriculture
F.Sc. (Pre-Medical)

For M.Sc. (Hons.) Plant Pathology
B.Sc. (Hons.) Agriculture with Plant Pathology as a major subject
For Ph.D. Plant Pathology
M.Sc. (Hons.) Plant Pathology

Faculty

- B.Sc. (Hons) Agriculture, Major Plant Pathology
- M.Sc. (Hons.) Plant Pathology,
- Ph.D. Plant Pathology
are available with the Department.
Department of Soil Science

Introduction

The Department of Soil Science was departed in 2010 from Department of Agronomy and Soil Science which was formerly established in 2008. Just in a very short period of 9 years, the Department is equipped with many scientific instruments, operative labs having facilities for soil, plant and fertilizers analyses.

Academic Programs

The Department is offering following degree programs:
1. B. Sc. (Hons.) Agriculture with specialization in Soil Science
2. M. Sc. (Hons.)/M. Phil. Soil Science
3. Ph.D. Soil Science

All these programs are offered subject to the conditions and criteria duly approved by the Higher Education Commission, Board of Advanced Studies and Research, Academic Council, Syndicate & Senate.

Enrollment:
See the chart at the end

Prerequisites

For B.Sc. (Hons) Agriculture (Soil Science)
On completion of first four semesters of B.Sc. (Hons.) Agriculture, the students can opt the major subject

For M.Sc. (Hons)/M.Phil. (Soil Science)
B.Sc. (Hons.) Agriculture with relevant subject

For Ph.D. (Soil Science)
M.Sc. (Hons.)/M.Phil. with relevant subject

Faculty:

Professor
Dr. Muhammad Abid Chairman

Assistant Professors
Dr. Muhammad Zafar-ul-Hye Gondal
Dr. Muhammad Arif Ali
Dr. Abdur Rahim
Dr. Muhammad Farooq Qayyum (TTS)
Dr. Shahid Hussain (IPFP)

Lecturer
Ms. Bushra Muqaddas (On ex-Pakistan leave)

Admission

The following Admission Committee of the Department has been constituted to make admissions according to the admission/merit criteria laid down by the University:

Admission Committee
Prof. Dr. Muhammad Abid Chairman
Dr. Muhammad Zafar-ul-Hye Member
Dr. Abdur Rahim Secretary

Admission Criteria

i) B. Sc. (Hons.) Agriculture (Morning & Evening Programs)

B. Sc. (Hons.) Agriculture is joint undergraduate program run by the Faculty of Agricultural Sciences & Technology under semester system. Students after completion of 4 semesters, opt their fields of specialization. The students who opt Soil Science as a major subject join the Department and complete their respective degree. The admission to the B. Sc. (Hons.) Agriculture is made by the Admission Committee of the FAS&T.

M.Sc. (Hons.)/M.Phil. Program in Soil Science

The M.Sc. (Hons.)/M.Phil. Program confers majors in Soil Science. Graduate students may choose the field of research according to their choice including, soil physics, soil microbiology and biochemistry, soil fertility and plant nutrition, soil salinity, water quality for irrigation, etc.
This is an evening and self-supporting program and the conditions regarding financial liabilities laid by the University will apply. A separate advertisement will appear in national press for admission to M.Sc. (Hons.) /M.Phil. There is also provision for M.Sc. (Hons.) leading to Ph.D after fulfilling certain conditions laid by the University and HEC. The detailed rules for these programs are available with the University and the Department.

**Eligibility and Computation of Merit**

As per University policy.

**Ph.D. Soil Science**

Department of Soil Science is offering Ph.D. Soil Science since its establishment. Currently, there are many students, who have been enrolled as Ph.D. scholars and are doing their research work under the guidance of their respective supervisors.

**Eligibility and Computation of Merit**

As per University policy.
Department of
Agricultural Engineering

Introduction
The Department of Agricultural Engineering was established in 2004, at the then University College of Agriculture, Bahauddin Zakariya University, Multan. The Department is offering courses of studies leading to the degrees of Bachelor of Science, Master of Science and Ph.D. in Agricultural Engineering Discipline. These degree programs focus on the fundamental engineering courses as approved by the Higher Education Commission (HEC) with emphasis on Modern Mechanized Agriculture, associated issues and their solutions. Presently the major areas of emphasis for Agricultural Engineering Discipline include:

- Irrigation/Drainage Engineering & Water Management
- Farm Machinery Engineering & Power/Energy Management
- Environmental Engineering, Pollution Control & Management.

To dissipate practical knowledge to the students of Agricultural Engineering Department along with the theoretical knowledgebase the Department has also established the following laboratories:

- Surveying & Leveling
- Engineering Drawing
- Fluid Mechanics,
- Soil Mechanics
- Engineering Mechanics
- Environment & Water Quality
- Internal Combustion Engine & Tractors
- Implement Shed/Workshop

The Civil works of the New Building for Agricultural Engineering Department has started and will hopefully be completed by next year. The umbrella of Agricultural Engineering also includes the disciplines of

- Food Processing
- Landscape & Forest Engineering
- Precision Agriculture
- Alternate Energy Resources Development etc

Academic Programs
1. B.Sc. Agricultural Engineering
2. M.Sc. (Hons.) Agricultural Engineering
3. Ph.D. Agricultural Engineering

All these programs are offered subject to the conditions and criteria dully approved by the Higher Education Commission, the Board of Advanced Studies & Research, Academic Council, the Syndicate & the Senate of BZU.

Enrollment: See the chart at the end

Prerequisites
For B.Sc. Agricultural Engineering
F.Sc. (Pre-Engineering) / DAE (Agriculture or Civil or Mechanical or Automobile & Farm Machinery Technology)

For M.Sc. (Hons.) Agricultural Engineering
B.Sc. Agricultural Engineering or equivalent as approved by the competent authority.

For Ph.D. Agricultural Engineering
M.Sc. (Hons.) Agricultural Engineering or equivalent as approved by the competent authority.

Faculty:
Teacher Incharge
Engr. Dr. Zahid Mahmood Khan

Assistant Professors
Engr. Dr. Hafiz Umar Farid
Engr. Muhammad Shoaib
Engr. Muhammad Azher Inam
Engr. Fiaz Ahmad

Lecturers
Engr. Faisal Baig
Engr. Muhammad Sultan
Engr. Muhammad Hamid Mahmood
Engr. Faizan Majeed
Engr. Aftab Nazeer
Faculty Library and Computer Lab:
The faculty library has more than six thousand latest books on various disciplines of Agriculture and associated applied sciences and Agricultural Engineering. The faculty also has a well-equipped computer lab with access to the internet. The lab provides free connection to HEC digital library for latest journal articles as well as to BZU-HEC e-library for latest text books. The faculty library and computer lab are air-conditioned to provide good learning environment to the students.

Admission Committee:
The following admission committee of the department has been constituted to make admission according to the admission merit criteria laid down by the university.

Dr. Zahid Mahmood Khan Chairman
Dr. Muhammad Zubair Co-opted Member
Engr. Muhammad Hamid Mahmood Member/Secretary

Admission Criteria

1. B.Sc. Agricultural Engineering

Eligibility:
An applicant seeking admission to B.Sc. Agricultural Engineering (under all admission categories must fulfill the following eligibility requirements;

a) He/she should have passed the Intermediate (F.Sc. Pre-Engineering) Examination with Chemistry, Mathematics and Physics from a Board of Intermediate and Secondary Education of Punjab, or an equivalent examination recognized by the University. However, Intermediate with Physics, Mathematics and Computer Science will not be eligible for admission to B.Sc. Agricultural Engineering.

b) He/she should have obtained at least 60% (i.e. 660/1100) marks in F.Sc. (Pre-Engineering) excluding of 20 marks for Hafiz-e-Quran.

c) He/she should have appeared in the entry test for session 2013 arranged by the University of Engineering and Technology, Lahore.

Seats for Diploma Holder:
For admission against seats for the holder of Three (3) Years Diploma of Associate Engineer, the candidate should have passed the examination of Board of Technical Education in Agricultural, Civil, Mechanical or Automobile and Farm Machinery Technology with minimum of 60% aggregates marks excluding of 20 marks for Hafiz-e-Quran. He/she should have appeared in the entry test for session 2013 arranged by the University of Engineering and Technology, Lahore.

However, the three year Diploma qualification equivalent to F.Sc. (Pre-Engineering) will not be considered for admission on any other category (open merit or reserved seat) except explained/notified otherwise by a competent authority.

Equivalent Examinations:
The University recognizes the following examinations equivalent to the Intermediate (Pre-Engineering) Examination of the Pakistani Boards of Intermediate and Secondary Education:

a) Cambridge Overseas Higher School certificate with Physics, Chemistry and Mathematics

b) British General Certificate of Education (Advanced Level) with Physics, Chemistry and Mathematics;

c) F.Sc. (Pre-Medical) with Mathematics as an additional subject.

d) American High School Graduation Diploma (12th Grade) or equivalent with Physics, Chemistry and Mathematics. Both male and female are eligible to apply for admission to B.Sc. Agricultural Engineering.

Computation of Merit:
The merit of applicants will be determined on the basis of admission marks obtained by them in the following examinations:

A. For Application with H.S.S.C. (Pre-Engineering) as Highest qualification

i. H.S.S.C. (Pre-Engineering) or equivalent plus 20 marks for Hafiz-e-Quran 70%

ii. Entry test marks 30%

B. For Seats Against Diploma of Associate Engineering as highest qualification

i. Three year Diploma of Associate Engineering plus 20 marks for Hafiz-e-Quran 70%

ii. Entry test marks 30%

2. M.Sc. (Hons.) Agricultural Engineering:

Two years degree program of M.Sc. (Hons.) is offered in the discipline of Agricultural Engineering with specialization in following disciplines.

- Irrigation and Drainage
- Farm Machinery and Power
- Structure and Environmental Engineering

This is an Evening and Self-Supporting Program and the conditions regarding financial liabilities laid by the University (BZU) will apply. A separate advertisement will appear in national press for admission to M.Sc. (Hons.) Agricultural Engineering.
There is also provision for M.Sc. (Hons.) leading to Ph.D. after fulfilling certain conditions laid by the University and HEC. The detailed rule for these programs is available with the University and departments.

Eligibility:
An applicant seeking admission to M.Sc. (Hons.) Agricultural Engineering must fulfill the following eligibility requirements
a) He/she should have passed the B.Sc. Agricultural Engineering with minimum CGPA of 2.50/4.00 from a recognized University
b) He/she should have qualified the test equivalent to GAT (General) organized by the HEC through NTS and any other test adopted/conducted by the university.
c) He/she has to appear and qualify the test arranged by the department

Computation of Merit:
The merit shall be determined as per criteria laid down by the University.

a) For academic qualification of matriculation and F.Sc. every first and second division shall carry 10 and 07 point/marks respectively.
b) For B.Sc. Agricultural Engineering the credit will be determined as; 20 points for each first division and 14 points for second division.
c) Ten marks will be given to each first position holder, while 08 and 05 points will be given to second and third position holder.
d) Selected candidate shall get themselves registered as per rules of the university.

3. Ph.D. Agricultural Engineering

Department is offering Ph.D. in the subject of Agricultural Engineering with following specialization observing all criteria duly approved and notify by HEC.

- Irrigation and Drainage
- Farm Machinery and Power
- Structure and Environmental Engineering

Eligibility
An applicant seeking admission to Ph.D. Agricultural Engineering must fulfill the following eligibility requirements
a) He/she should have passed the M.Sc. (Hons.) Agricultural Engineering or equivalent qualification, with minimum CGPA of 3.0 from a recognized University.
b) Admission test (Subject based) conducted by BZU.
c) A Ph.D. scholar is required to complete course work of up to 18 credit hours and must qualify.
d) All applicants have to fulfill the conditions laid by HEC from time to time.

General Rules for Merit Computation for B.Sc. Agricultural Engineering:

Credit for Hafiz-e-Quran:
Twenty marks are added to the academic marks in the H.S.S.C. or equivalent examination of the applicant who is Hafiz-e-Quran. The candidate gets the benifit only if he has:
a) Filled in necessary column provided in the application form and
b) Submitted the documentry proof of Hafiz-e-Quran
c) Hafiz-e-Quran applying for admission to B.Sc. Agricultural Engineering will have to appear before a committee instituted by the Vice Chancellor and get a certificate from committee after passing the test for HiFz.

Determination of merit in case of equal percentage of admission marks:
If two or more applicants have equal percentage of admission marks up to three places of decimals, they shall be treated at par and shall be admitted.

Procedure for the selected candidates:
A list of selected candidates will be displayed on the Notice Board of the department. The number of list to be displayed for this purpose will be mentioned in the prospectus/advertisement. No candidate will be informed individually about his/her selection for admission/withdrawal or cancellation of admission, except displayed on the Notice Board of Department. Subsequently, the intimation about any vacant seat will also be displayed on the notice board and those candidate will be consider for admission on merit (after approval by the competent authority) against such seats(s) who will be physically present on the specified date mentioned in such notice. All the candidates falling below merit will be considered on waiting list and no separate waiting list will be displayed.

Depositing of Dues and Documents
The schedule for payment of fees and submission of documents will be displayed on the notice board of the department or may be given in the prospectus/advertisement. A selected candidate is required to pay the University fee and submit the following documents in original (also given in check list at the end of admission form) to the Secretary Admission Committee

a) Medical fitness certificate duly signed and stamped by the B.Z. University Medical Officer (not by any other
Prospectus Year 2014

Physician/doctor of any govt. or private hospital).
b) Original certificate of Matric, F.Sc./Diploma of Associate Engineer.
c) Result card of the Entry Test.
d) Original Domicile Certificate (Punjab Only) /CNIC.
e) Affidavit (Undertaking) given at the end of Prospectus, duly completed and signed which can be detached.
f) All other rules and regulations amended from time to time and notified by HEC and Bahauddin Zakariya University, Multan will also apply.

Enrolment:

Each student shall enroll himself in each semester for all the credit hours prescribed/offered for those semesters. The schedule will be displayed on Notice Board of the College from time to time.

Re-admission:

The names of regular student shall be dropped from the rolls of the department/University, if he/she absents himself/herself from the class without proper sanction for a period of fourteen working days. Provided if the cause of absence for fourteen days is explained to the satisfaction of the Dean of Faculty and such a student may be readmitted within ten working days after his name was dropped from the rolls, by the Dean Faculty. Provided further that in order to avoid any hardship the Vice-Chancellor may allow admission of such student within 10 working days after the expiry of the aforesaid period.

Uniform Semester Rules

Uniform Semester Rules as notified vide. No.99 Acad/Sem/Regu/3176 date June 14, 2004 and amendment made by the University from time to time are applicable herewith.

Copy of the same is available in the department /Secretary, Admission Committee.

Scheme of Studies of B.Sc., M.Sc., and Ph.D. Agricultural Engg. are available at department.
Faculty of Veterinary Sciences

Prof. Dr. Masood Akhtar
Dean
Faculty of
Veterinary Sciences

Established 2006

Academic Programs D.V.M (Doctor of Veterinary Medicine); 5-year composite degree program accredited by Pakistan Veterinary Medical Council (PVMC) Govt. of Pakistan.

Curricula Approved by PVMC and HEC

Enrollment/Seats Chart at the end.

Dean Prof. Dr. Masood Akhtar

Introduction

Faculty of Veterinary Sciences, Bahauddin Zakariya University, Multan-Pakistan was established in 2006. It is the first accredited Veterinary Faculty in Southern Punjab, a highly populated emerging hub of livestock and poultry sector.

Faculty comprises of four departments:
• Department of Pathobiology
• Department of Biosciences
• Department of Clinical Sciences
• Department of Livestock & Poultry Production

The faculty contributes in animal health and production. All the departments have adequate infrastructure and equipped laboratories for DVM degree program. A fully functional University Veterinary Clinic/Satellite Clinic is working to cater the need of large and small animal health care. In addition, the Faculty has also experimental livestock and poultry farms, a University diagnostic Lab equipped with technically advance equipments for hands on training for the students and to facilitate the farmers.

The DVM degree program is designed to produce skilled Veterinary graduates. Students undergo a compulsory internship program in final semester envisaging on the job training in public/private sectors. Departments of the Faculty are being aided by University Veterinary Clinic to ensure relevance in basic and applied biological sciences through clinical practices.

Faculty has highly competent and experienced teachers who are actively involved in the capacity building of the students. Passed out graduates from this faculty have shown considerable contribution in their professional life.

Mission

To produce highly skilled veterinary graduates to meet the emerging demands of Veterinary profession.

Objectives

1. To produce professionally skilled manpower for sorting and solving husbandry and health problems of livestock and poultry industry to coop national and international needs.
2. To improve the status in multidisciplinary fields of animal sciences and to set innovative trends in veterinary profession.
3. To strengthen the linkages between the professionals and stake holders by effective technology transfer.

Department of Pathobiology

The department of Pathobiology comprise of following sections;
• Microbiology
• Pathology
• Parasitology

The Department mainly focuses on teaching as well as research in the disciplines of Microbiology, Pathology, Parasitology and Immunology along with Molecular biology. The department is actively engaged on the application of advanced diagnostic tools and to introduce recent molecular techniques for diagnosis, treatment and immune-prophylaxis of infectious diseases in small animals, livestock and poultry; thus precisely pinpointing the cause of death and tracing remedial measures.

Department Mission

To provide students with basic knowledge of different parasitic, bacterial and viral diseases, their diagnosis, control and treatment. To train the man power in the field of chemotherapy, epidemiology, bacteriology, virology, immune-parasitology, pathology and necropsy practice. Provide quality laboratory diagnosis facilities for the field veterinarian, livestock and poultry farmers.

Research Activities
• Immunoprophylaxis against parasitic infections in poultry including development/evaluation of vaccines
(Bacterail, Viral and Parasitic) and natural biological response modifiers.
• Exploration of various antiparasitic and Antibacterial drugs.
• Epidemiological surveying of zoonotic diseases.
• Selection and characterization of potential pathogens of animals

Faculty
Professor
Dr. Masood Akhtar

Dr. Muhammad Mazhar Ayaz
Dr. Mubashir Aziz
Dr. Mudasser Nazir
Lecturers
Mr. Muhammad Ali
Mr. Irtaza Hussain
Mr. Muhammad Ali Khosa
Miss. Kinza Khan

Department of Biosciences
Department of Biosciences is a multidisciplinary amalgam, of following five basic disciplines:
• Anatomy
• Histology
• Physiology
• Pharmacology
• Biochemistry

Department is engaged in teaching basic courses of these subjects to DVM students. Department has well equipped labs of each subject and students get opportunity of hands on training with advance laboratory instruments. The department goal is to provide/impart basic knowledge of these disciplines to the students like structural and functional studies at macroscopic and microscopic level (microanatomy, gross anatomy, histology of normal tissues), describing the normal functions of body ultimately providing a way to DVM students to formulate and prescribe drugs for the treatment of different maladies in veterinary practice/profession.

Department Mission
To produce graduates having sound knowledge and skill of techniques used in Anatomy, Histology, Physiology, Pharmacology and Biochemistry; their application in clinical studies and veterinary profession.

Research activities
• Detection of pesticides residues from milk
• Detection of toxic metal residues from edible tissues,
• Disposition kinetics of various drugs
• Comparative efficacy of drug for wound healing in animal models
• Oxidative stress on animal and human models

Faculty
Lecturers
• Mr. Hafiz Muhammad Arshad
• Mr. Muhammad Abdul Basit
• Mr. Zafar Iqbal
• Mr. Arshad Javed

Department of Clinical Sciences
The Department of Clinical Sciences comprises of following sections
• Medicine
• Surgery
• Theriogenology
• Epidemiology and public health

Department of Clinical Sciences is especially involved in Teaching, research and professional services. In addition, faculty members supervise student’s training in clinical problems affecting animals in the University Veterinary Clinic. The department attends more than 3500 clinical cases per year which come from in and around Multan city. The department has well established small/large animal anesthesia, radiology and ultrasonography units. Obstetrical facilities for farm & pet animals, artificial insemination facility for cattle/ buffalo, ultrasound scan and a separate animal reproduction lab is available. The department also imparts teaching on large and small animal reproduction, infertility problems, obstetrical approach and management towards animals. Appropriate clinical and surgical judgment, problem based thinking and problem solving skills and professionalism have also been developed in graduates. The University Veterinary Clinic along with ambulatory service and an outreach clinic is established to facilitate the livestock farmers on their door step.

Department Mission
To produce skilled graduates in the field of Medicine, Surgery & Theriogenology.

Research activities
• Postpartum estrous study in buffalo
• Infertility problems in cattle/buffalo
• Studies on calving interval in buffalo
• Exploration of various anesthetics drugs in animals.

Mr. Saeed Murtaza
Mr. Maqbool Hussain Shah
Dr. Muhammad Amjad Ali
Mr. Muhammad Asif

Department of Livestock & Poultry Production
Department of Livestock & Poultry Production is a multidisciplinary compilation of following subjects that cover the production aspects of the Veterinary & Animal Sciences
• Animal Breeding & Genetics
• Livestock Management
• Animal Nutrition
• Poultry Production
• Wildlife & Fisheries

The Department holds five laboratories that include Livestock Management, Animal Nutrition, Animal Breeding & Genetics and Poultry Production. To carry out undergraduate teaching program effectively, the department has its own livestock and poultry farms for hands on training. The continuous linkage of the department with the various progressive farmers outside the university also strengthens the students’ skill regarding field oriented aspects of the profession. Advisory services to livestock & poultry farmers are permanent feature of the department.

**Department Mission**
To impart knowledge, and skill in the production aspects of animal profession to students and at farmer level with the objective to build up sustainable Livestock and Poultry Sector.

**Research Activities**
• Development of alternative methods of estimating live weight in small animals.
• Ecological importance of wildlife diversity in selected protected areas of southern Punjab.
• Epidemiological studies on various Eimerian species in commercial poultry of Southern Punjab.

**Faculty**

**Assistant Professor**
Dr. Abdul Waheed
Dr. Fehmeeda Bibi

**Lecturers**
Mr. Abu Bakar Sufyan
Mr. Muhammad Jamshed Khan
Mr. Abdur Rauf Khalid

---

**M. Phil Program in Pathobiology**
Department of Pathobiology offers M. Phil Program in the discipline of Parasitology, Microbiology and Pathology. The detailed rules for the programs are available with the University and the Department as well.

**Eligibility**
An applicant seeking admission to M. Phil in the discipline of Parasitology, Microbiology and Pathology must fulfill the following eligibility requirements:

a) He/she should have passed DVM or equivalent degree with minimum CGPA of 2.50/4.00 from a recognized university/institution

b) He/she should have to appear and qualify the test arranged by the concerned department or any other test adopted / conducted by the University.

**Determination of Merit**
The merit will be determined according to the criteria laid down by the university.

---

**PhD Program in Pathobiology**
The Department of Pathobiology also offers PhD Program in the discipline of Parasitology, Microbiology and Pathology. For admission in PhD program applicant must have passed M. Phil or equivalent examination in the relevant discipline with at least CGPA 3.00/4.00.

**Eligibility**
As per HEC/University Policy

**Determination of Merit**
The merit will be determined according to the criteria laid down by the university.

---

* A separate add for postgraduate admissions in the department of Pathobiology will be published according to university schedule.

Introduction
The Governor of Punjab as Chancellor of the University conceived the idea of opening sub-campuses of the universities in Punjab to provide equal opportunities of higher education to the people of all the localities. The idea was highly appreciated by the academics and the other sections of the society. It was immediately implemented by the B.Z.University Multan and one of it’s the sub-campuses has been opened at Sahiwal since January 2005 to promote the policy of the Government to bring education at the doorsteps of the masses. The city of Sahiwal is ideally located at the centre of the Punjab and it has been known as a city of excellence in education since long however, it was lacking in the field of higher education. To bridge the gap, the university has come forward with full devotion providing all the needed resources.

The Sahiwal Campus started functioning since Jan, 2005. However, it was formally inaugurated by the Honorable Chancellor / Governor of Punjab on 9th of March, 2005. Initially MBA program was initiated at the Sahiwal Campus in Feb, 2005. And then BBA (Hons) program was launched in Aug, 2005 and MBA (Executive) program and MBA (Evening) started in 2009.

Detailed information about the programs along with eligibility criteria, scheduled courses etc. is provided hereafter in the prospectus.

Admission schedules are provided at the end of the prospectus.

Admission test will be held at the Sahiwal sub - campus according to schedule given in the prospectus.

It is evident from the foregoing that only market driven programs are being offered at the campus. Every possible effort is being made to disseminate modern as well as quality education. The sub-campus is closely linked with the respective departments of the main campus and we have worked a regular mechanism of knowledge sharing with them.

Qualified and professionally experienced teachers are imparting the professional /real world education in the field of finance, management, marketing, computer etc. senior teachers, including Professors of the IMS also participate in sharpening the knowledge, skills and business techniques required by the students for coping with the challenges of real world business.

Faculty from IMS (Main Campus) frequently visit the campus and deliver lectures on all the subjects for extended period of time. This gives the special advantages and novel positions to the Department of Business Administration, Sahiwal campus.

Our students have access to varied sources of knowledge and training due to regular faculty of the Department as well as from the most experienced and highly qualified faculty members of the Institute of Management Sciences (IMS), BZU Multan. A computer lab has also been established at the campus for providing education and training in the field of information technology.
Programs of Study
Bachelor of Business Administration
BBA (Hons.) 4-Year Program

BBA (Hons) 4-Years Program consisting of 8 semesters has been designed to develop requisite skills necessary to acquire before taking up higher level courses to be offered in M.B.A. the program offers diversity of subjects in the related areas, to develop capabilities and broaden their vision. The primary aim and underlying philosophy of the program is to focus on the promotion of management skills and competence by introducing students to some of the most contemporary ideas in the area of management. The importance of problem solving and communication skills development is emphasized which enable students to improve their understanding to deal with complex business issues. The course integrates the cutting edge knowledge with necessary background understanding of more traditional courses. i.e. marketing, accounting, financial and human resource management.

Eligibility

Applicants who have passed their intermediate examination or equivalent from a recognized Board or institution securing at least 45% marks in aggregate are eligible to apply for admission in BBA (Hons) program. Graduates are not eligible for admission in the BBA (Hons) program. Maximum age limit for BBA (Hons) candidates is 24 years.

Breakup of Seats

See the relevant chart at the end.

Determination of Merit

The merit will be determined according to the criteria laid down by the university.

Scheme of Studies as in the IMS (Main Campus)

MBA Program (3½-Year)
(Morning & Evening)

The MBA program offers broad based knowledge in a number of business areas and prepares the students for a versatile management career. The full time MBA program requires three and a half years or seven semester of study in residence. The first four semesters prepare students to build management foundation broad enough to accommodate any field of specialization a student may wish to pursue later. After the completion of fourth semester, all students are required to undergo 6-8 week internship during the summer vacation. Specialization options are offered in the 5th and 6th semesters. The students are required to complete the business research project( with 6 credit hours) in 7th semester. Normal time for the completion of this program is 7 semesters but the program can be completed in an additional 3 semesters. In course work and special projects assigned by the faculty, the emphasis is on practical learning and the use of computer as management tool. The courses offered in the MBA program intend to create and build new skills in the areas of business. Social sciences, economics and information technology by integration of a sound theoretical understanding of these areas with case studies, practical and project work.

Specialization

Marketing
This specialization offers students the opportunity to develop their skills understanding and knowledge of the marketing function both in terms of over- all business policy, export marketing and international business and to the interrelation between marketing and corporate strategy.

Finance
The objective of this specialization is to enhance the professional education of the students in the field of finance by relating their finance expertise to the wider issues of strategic planning and modern corporate finance. Given the importance of multinational companies in the world economy, the option seeks to give students a thorough understanding of the role of international finance in strategic planning in the modern corporation. Different courses offered under this degree are designed to help students gain some understanding of how organizations effectively arrange and utilize their financial resources for achieving organizational goals. Its importance is increasing day- by- day and scope of this field is expanding. We disseminate on ever changing practical aspects of financial managements along with some theoretical backup.
Note:- Any other specialization can be furnished on the availability of specialized faculty members.

Human Resource Management
This specialization offers students the opportunity to develop their skills Understanding and knowledge of the human resource management both in terms of over- all Business policy, human resource development and Corporate strategy.

Degree Requirements
The following are the essential requirements for the degree of MBA.

1. Successful completion of 34 MBA courses individually, each course carrying at least three credit hours and a business research project of 6 credit hours.

1. Successful completion of 34 MBA courses individually, each course carrying
at least three credit hours and a business research project of 6 credit hours.

2. Maintaining a minimum cumulative grade point average of 2.0/4.0 in all semesters and attaining a minimum CGPA of 2.2/4.0 at the end of the fourth semester.

3. Completion of 6-8 weeks internship in an industrial/business/commercial organization/banks.

4. Passing comprehensive examination on completing of course work.

Eligibility
For admission to MBA class, the candidate is required to have at least 45% marks in BA/B.Sc/B.Com/professional examination.

Computation of Merit
The merit will be determined according to the criteria laid down by the university.

Break – up of Merit Seats

Scheme of Studies as in the IMS (Main Campus)
Introduction

There has been a tremendous demand for starting classes in M.Sc. Applied Psychology as this program was not available in this whole region. A package of latest courses has been developed which will equip the students with the latest techniques and concepts in the field of Applied Psychology. This program is running under Semester System and classes are held in the morning.

Main objective of the program are:

- To provide mental health facilities, counseling and guidance and Human Resource Management Services to the people of this region.
- To produce high quality professional and Behavioral scientists that are committed to the pursuit of excellence, and are endowed with vision, courage and dedication.
- To improve academic standard in this region through the generation, assimilation, and dissemination of knowledge.
- To make a significant and meaningful contribution towards the social and economics betterment of Pakistan through development of these Human Recourses.
- To prepare people of this area to serve as an intellectual resource base in the region.

Admission:

These are the essential requirements for the degree of M.Sc. Applied Psychology.

1. The M.Sc. Applied Psychology will be a two years program
2. Successful completion of 14 courses individual carrying 3 credit hours each. English and computer courses will be non credit writing of thesis of 6 credit hours in lieu of paper of V & IV.

Eligibility

1. The applicants must be at least graduate, (bachelor’s degree in any field with minimum second division from a recognized University.
2. The maximum age limit is 26 years.

Determination of Merit

The merit will be determined according to the criteria laid down by the university.

Duration

The Advance Diploma in Clinical Psychology Program shall consist of three semesters. The diploma of Clinical Psychology shall consist of 14 courses with credit hours as shown against each course with a
thesis of 6 credit hours and two internship of 6 credit hours.

**Minimum Eligibility Criteria for Advance Diploma in Clinical Psychology.**

1. Second class/ second division master’s degree in Psychology / Applied Psychology form an HEC recognized University and Institute.
2. Passing of Department selection test.

**BS in Applied Psychology**

To elevate the standard or education in the area of psychology, the Department of Applied Psychology is offering BS. 4 year program in Applied Psychology which is a degree of international Standard.

**Minimum Eligibility Criteria**

F.A/F.Sc/ I.CS/I.Com or equivalent with minimum 2nd division

**Break up of Seats:**

See the relevant chart at the end.

Introduction
The Department of English at Bahauddin Zakariya University Sub-Campus Sahiwal was established in 2007. M.A. English is predominantly a literature based program, aimed at improving communicative competence of students and cope with the problems which they face while communicating in English. In order to improve the communication skills, spoken English courses have also been launched by the Department.

Eligibility
The candidates who have passed B.A/B.Sc. Examination, securing at least 45% marks in aggregate as well as in English Language/English literature, are eligible for admission to MA English (language and literature).

Determination of Merit
The merit will be determined according to the criteria laid down by the university.
Introduction

Keeping in view the present day demand of the subject, the department of Economics is planned to offer exciting and academically challenging post graduate degree of M.A. Economics. The program provides a foundation for modern techniques of quantitative economics, financial economics and econometrics with emphasis on science based subjects such as mathematics, statistics and computer applications. The central feature of the course is its blend of core economic concepts and principles with modern research methods. M.A. economics is a two year program.

Eligibility B.S. Economics

i. The candidates who have passed F.A./F.Sc. examination, securing at least 45% marks in aggregate as well as in economics as an elective subject (200 marks) are eligible for admission to BS Economics.

ii. The candidates who have passed I.Com/D.Com examination, securing at least 45% marks in aggregate as well as in economics are eligible for admission to BS Economics.

Computation of Merit M.Sc. Economics

The merit will be determined as under:

i. Aggregate marks of B.A./B.Sc. Plus marks of elective economics plus 20 marks each for statistics and mathematics studied at B.A./B.Sc. or F.A./F.Sc. level plus 20 for Hifz-e-Quran (if applicable).

ii. Aggregate marks obtained in B.Com plus marks of Economics studied B.Com plus 20 marks for Hifz-e-Quran (if applicable).

Determination of Merit

The merit will be determined according to the criteria laid down by the university.

Admission

Break-up of seats at the end.
Introduction
Keeping in view the importance of computer science for country, the Department of Computer Science was established at BZU Sub-Campus Sahiwal in 2014. Currently department is offering MCS Program in morning and evening sessions. The students in Department of Computer Science have unlimited access to the computers & the professional software tools.

Computer Lab
The Department has modern computer lab equipped with latest computing technology. The department of Computer Science has two computer labs equipped with state of the art technology. All the computers in the sub campus are connected through a networking system and provide services such as HEC digital Library etc. The students and staff have access to Internet facilitates during working hours.

Master of Computer Science (MCS)
Introduction
The program has been designed for the preparation of Computer Science experts to serve in academia and industry. The purpose is to sharpen the analytical and research skills of students in the field of computer science and make them able to work in national and international organizations. The students will learn latest techniques and skills in this field. Our MCS and BS programs are all about these skills and techniques.

Eligibility and Determination of Merit
The merit will be determined according to the criteria laid down by the university.

Breakup of Seats
See the relevant chart at the end.

Scheme of Studies:

Scheme of Studies as in the Institute of Computing, Computer Science Division (Main Campus)

Introduction

In order to equip the people of remote areas with research and higher studies, Bahadur Sub-Campus of Bahauddin Zakariya University has been established at Layyah under the direction of the Chief Minister of Punjab. In Pakistan, Layyah is one of those areas which is rich in human capital and blessed with one of the highest literacy rates among the districts of the Southern Punjab. To shape up this potential, a need was felt to cater higher educational and research needs of Layyah and its adjacent areas. Through this campus, the people of Layyah can have their due share and contribution in the national economy. This campus which is not less than a blessing for the people of Layyah will prove a true oasis in Pakistan.

The goal of the campus is to provide quality education. Focus has always been to establish a close connection with the industry in such a way as the alumni of this campus can demonstrate themselves substantially in their respective areas and fields. For this purpose the campus has introduced market driven courses. The sub-campus has also its club named Layyah Campus Club (LCC) to arrange and conduct seminars and other co-curricular activities in the campus regularly, so that students’ potential personalities can be groomed and nurtured aptly.

Layyah Campus Club (LCC) maintains a directory of the experts. The Campus has started a series of seminars/workshops in all the departments respectively. All the departments try their level best to conduct at least one seminar / workshop in each semester in collaboration with Layyah Campus Club (LCC).

Bahadur Sub Campus Layyah is offering seven Masters’ degree programmes: MA English which is predominantly a literature based program, MBA, MSc Psychology, MA Economics, MA Education, M.Sc Sociology, M.Ed and four undergraduate level programmes: DVM (5-year), B.Sc. (Hons.) Agri. (4-year), BBA (4-year), BS-Economics (4-year). Further more the Bahadur sub campus also offers a certificate course in Spoken English which is particularly aimed at improving the communicative competence of the participants. The university started evening programs of MBA, MA Education, M.Sc. Sociology, BBA, B.Sc. Economics at Bahadur Campus Layyah.

Bahadur Sub Campus Layyah has also started seven Masters’ level as well as diploma courses programmes: MA English, M.Sc Economics, MA Education, MA Health & Physical Education, M.Sc Sociology, M.Sc Psychology, LLB and a diploma in Veterinary Assistant under Distance Education Program from the session 2011-13.

BZU Bahadur Sub-Campus Layyah has highly qualified faculty. They are imparting professional education in the field of Agriculture, DVM, Psychology, Business Administration, Economics, Sociology and English. Moreover, the faculty of Bahadur Sub Campus is also research oriented with international publications in the renowned and HEC approved journals of research.

Senior faculty members of the concerned departments from the main campus also visit the sub campus Layyah frequently and deliver their fruitful lectures. They also facilitate the junior staff through negotiations and offer constructive feedback regarding problems in the respective fields and subjects.

Bahadur Sub-Campus Layyah is also equipped with the state of the art computer laboratory. It is equipped with the modern technology called NComputing which is advance as well as cost effective. The computer laboratory of Bahadur Sub Campus has 80 PCs with the availability of WiFi internet facility. The laboratory is also linked with the main campus as well as digital library of HEC to provide the students with all the research related facilities available in the main campus Multan.

Bahadur Campus holds a distinctive position among other campuses of BZU as it has a latest and up to the mark language laboratory. The campus has established the language laboratory to increase English proficiency and communication skills of the participants as well as faculty of the campus. The language laboratory is furnished with both audio and video facilities, a multi media system, an overhead projector and high speed internet connectivity.

The importance of a well furnished library can not be under-emphasized in any institute of learning. Recently Bahadur Sub-Campus Layyah has completed a mega purchase of latest books worth Rs. 7.0 millions for the students of all the departments. The Campus has also purchased a new bus to provide the facility of transportation to the local students of the Campus. The building of New Campus constructed on 150 Acres at Karor Road is ready to handover for classes of Agriculture & DVM.

MBA Program

Introduction
The Master of Business Administration (MBA) program is a multidisciplinary professional program. The MBA program has been introduced with a vision to create and equip prospective managers with leadership skills, lateral thinking and critical evaluation abilities that go to make successful entrepreneurs and successful managers of tomorrow. Master in Business Administration is designed to provide students with all the essential skills needed to transform them into peak performers in the journey of lifelong excellence. This program begins with a sequence of core courses and is followed by a range of elective courses with a focus on the development of certain professional disciplines. The goal of the department is to prepare executives destined for a successful management career.

Eligibility
i. For admission to MBA class, the candidate is required to have at least 45% marks in B.A./B.Sc./B.Com./Professional Examination.
ii. The maximum age limit is 26 years.

Computation of Merit
The merit will be determined according to the criteria laid down by the university.

BBA (Hons.) Program

Introduction
BBA (Hons) 4-year program consisting of 8 semesters has been designed and started at BZU Bahadur Sub-Campus Layyah from session 2010-11. The program is aimed to expose students to a variety of core subjects and also allow them to specialize in some specific area. This 4-year BBA program is designed to help the students in sharpening their managerial skills by giving them basic knowledge and understanding of the functions of an organization through practical experience in the form of case studies, projects, presentations, industrial visits, and interaction with experts from the industry.

Eligibility
Applicants who have passed their intermediate examination or equivalent from a recognized Board or Institution securing at least 45% marks in aggregate are eligible to apply for admission in BBA (Hons) program. Graduate are not eligible for admission in the BBA (Hons) program.

Computation of Merit
The merit will be determined according to the criteria laid down by the University.

Introduction

Keeping in view the importance and current demand of the subject, BZU Bahadur Sub Campus Layyah offers Master in Economics. It is a vital subject to meet the socio-economic needs of our society. The department of economics aspires to produce competent graduates possessing professional competence in the various fields of economics such as financial economics, econometrics, micro economics and macro economics.

Main objectives of this course are the following:-
• To prepare and train the students of this region to serve as intellectual resource hub.
• To make significant contribution towards the economic betterment of Pakistan.
• To work for the establishment of developing economy like Pakistan

In line with the decision of Higher Education Commission (HEC), the Department of Economics has started BS 4-year program, from the academic session 2010-11. The main purpose of this program is to expose students to a broad spectrum of economic concepts, theories and economic analysis. The curriculum provides a strong and broadening overview of economic thought and policy and intends to prepare students for productive careers. The program trains students to be real life problem solvers so that upon graduation they are ready to be employed in business, financial institutes, public and private research institutions.

Eligibility for M.A.

i. The candidates who have passed BA/B.Sc Examination, securing at least 45% marks in aggregate as well as in economics as an elective subject (200 marks) are eligible for admission to MA Economics.

ii. The candidates who have passed B.Com Examination, securing at least 45% marks in aggregate as well as in economics are eligible for admission to MA Economics.

iii. The maximum age limit is 26 years.

Computation of Merit for M.A.

The merit will be determined according to the criteria laid down by the university.

Eligibility for BS (4-Year) Program

Intermediate (FA/FSc) or equivalent with economics as an elective subject with minimum 45% marks from a Board of Intermediate and Secondary Education of Pakistan.

Determination of Merit

The merit will be determined according to the criteria laid down by the university.

Introduction

The department of Psychology at BZU Bahadur Sub Campus Layyah aspires to be a premier department in the social and behavioral sciences in this region. The Department of Psychology strives to provide students with training in psychological theory and methods in an atmosphere of intellectual rigor and technical competence. To this end, the department of Psychology promotes the understanding of behavior, emotion, and cognition through strong commitment to excellence in research, teaching, and service.

Department of Psychology is intended to create high quality graduates with life long learning in highly competitive post-baccalaureate academic as well as professional arenas. It also provides the graduates with various employment opportunities in the country.

Main Objectives of the program are:

• To provide mental health facilities and guidance and human resource management services to the people of this region.
• To produce high quality professional and behavioral scientists that are committed to the pursuit of excellence, and are endowed with vision, courage and dedication.
• To improve academic standard in this region through the generation, assimilation and dissemination of knowledge.

Eligibility

i. For M.Sc. Psychology the applicant must be graduate (bachelor’s degree in any field with minimum second division from a recognized University).
ii. For M.Sc the maximum age limit is 26 years.

Computation of Merit

The merit will be determined according to the criteria laid down by the university.

Introduction

Keeping in view the importance and ever growing demand of this subject all over the country and at local level, BZU Bahadur Sub Campus Layyah has started Master of Arts in Education (M.A. Education) & Master of Education (M.Ed). This is a two-year professional degree program and has become more important than ever before. There is more demand for teachers and other education related positions for candidate who is master in education. The main purpose of this program is to produce well-trained teachers for schools of Elementary and Secondary levels. However, the degree holders of MA Education can also join colleges, universities and can work at administrative level in different institutions. The program offers a wide range of courses regarding knowledge and skills essentially required for an affective and efficient teacher and educationist.

Admission Criteria

The merit will be determined as under:

i. Admission will be granted to the applicant with B.A./B.Sc. degree.

ii. The maximum age limit is 26 years.

iii. In case of the candidates serving in the education department, the admission criteria for M.Ed will be:

- Maximum age limit will be 40 years
- In-service candidates will have to produce NOC and last pay slip (LPS) (as per BZ University admission rules) issued by the concerned competent authority of their respective departments before getting the challan forms to deposit the dues.

iv. Seats reserved for Fresh and In-service candidates are inter convertible (if necessary), while other reserved seats will not be converted into any other category.

Computation of Merit M.A./M.Sc.

The merit will be determined according to the criteria laid down by the university.

Introduction
Agriculture sector plays a vital role in Pakistan’s economy. It is the 2nd largest sector, accounting for over 21% to GDP. The sector employs about 45% of the country’s total labour work force. Almost 62% of the country’s population live in rural areas and is directly or indirectly linked with agriculture for their livelihood. The sector is a primary supplier of raw materials to downstream industry, contributing substantially to Pakistan’s exports.

There are three ecological zones in Punjab i.e. Barani Districts, Northern Irrigated Districts and Southern Irrigated Districts including Cholistan. Layyah is located in Barani Area and is situated between the rivers Indus and Chenab in the central area of Pakistan. The district has variety of soils, being more fertile on western side near the Indus River and barren in the east. As we go from west to east, soil fertility decreases and at the extreme east there is desert “Thal” with sand dunes. The western areas of the district are canal irrigated while the eastern part is rain fed (Barani). Due to varsity in ecological conditions, almost all types of agronomic and vegetable crops and tropical and subtropical fruits can be grown. The district also has forests, rangelands and livestock farms. As far as geographical position is concerned, Bhakkar district is in the north, Muzaffargarh in the south, Jhang is in the east and Tehsil Taunsa Sharif of D.G Khan district is in the west across the Indus river. Human population of Layyah is 1.1 million as per Population Census 1998, percentage break-up of the rural and urban population is 87.2 and 12.8 respectively.

In the neighbouring districts of Layyah i.e. Bhakkar, Mianwali, Khushab, Jhang and Muzaffar Garh there is no Agricultural College to offer graduate and postgraduate degree programs. District Layyah is one of the least industrially developed districts of Punjab. Majority of the population depends upon agriculture for their livelihood. Realizing the need for the agriculture in the area, Honourable Chief Minister Punjab approved the establishment of the College of Agriculture at Bahadur Sub-campus of Bahauddin Zakariya University at Layyah in 2011. In this College, the study will be focused on all aspects of crop production, protection and improvement. This will help in poverty alleviation in region and at the same time will help in the enhancement of food production to feed the increasing population in the country.

The establishment of Agriculture College will enhance the number of agricultural graduates in Punjab. The College has initiated 4-years degree program of B.Sc (Hons.) Agriculture with specialization in various disciplines. Later, M.Phil and Ph.D program will also be launched which will hopefully help in meeting professional / skilled manpower for the Agriculture Sector particularly in the Southern Punjab. The College has been established at the available land of Bahadur Sub-campus. The class of B.Sc. (Hons.) Agriculture will be started from the coming session i.e.2012.

Objectives

a. The College of Agriculture, Layyah, will take responsibility of providing leadership & professionalism in crop production, improvement and other allied sectors throughout Punjab in general and local region in particular.

b. To provide facilities of education, teaching, training and research in various disciplines of Agricultural Sciences. The trained professionals will contribute to the scientific advancement in Agriculture Sector. The College hopefully will produce 60 Agricultural graduates initially then 100 graduates annually. Similarly, 50 M.Phil will also be admitted in different disciplines during the 5th year of the project. The College after its development phase will also train more than 100 persons annually by offering short courses and diploma programs.

c. To undertake extension activities in various fields of specialization
to benefit the community by their higher knowledge and expertise.

d. To provide the required professional and skilled manpower for crop production and allied sectors, which will help to enhance the production potential of the food and cash in the region. This will help in meeting the demand for foods for ever increasing human population in the country.

e. To help in enhancing the socio-economic status of the rural population engaged in Agriculture Sector resulting in poverty alleviation.

**Admission Criteria for B.Sc. (Hons) Agriculture Program**

**Eligibility**

An applicant seeking admission to B.Sc (Hons) Agriculture must fulfill the following eligibility criteria.

i. He/She should have passed the Intermediate (Pre-Medical) Examination with Chemistry, Biology and Physics from a Board of Intermediate & Secondary Education of the country, or an equivalent examination recognized by the University.

ii. He/She should have obtained at least 50% i.e. 550/1100 marks, in F.Sc. (Pre-Medical), excluding 20 marks for Hafiz-e-Quran.

iii. Both male and female are eligible to apply for admission to B.Sc. (Hons) Agriculture.

**Computation of Merit**

The merit shall be determined on the basis of marks obtained by them in the Intermediate (Pre-Medical) or equivalent exam plus 20 marks for Hifz-e-Quran.

**Scheme of Studies Available with the College**

The schedule for admission to:

B.Z. University Main Campus
BBA (Hons), BS(CS), BS (Accounting & Finance) and BS Commerce, Biotechnology, Microbiology BS (Islamic Studies), Pharm-D, B.Sc. (Hons) Agriculture, B.Sc. (Hons) Food Science & Technology, B.A. LL.B. (Hons) (5 years Program), DVM, BS (4-Years) Program in Botany, Chemistry, Biochemistry Mathematics, Physics, Statistics, Zoology, English, Economics, Environmental Science, Psychology, Philosophy, Sociology, International Relations, Mass Communication History, Education, Pakistan Studies, Gender Studies, Urdu, B.Ed. (Hons.) 4-Year Elementary, BFA and B. Design, B. Arch., BS Anthropology, BPA, BBA (Hons.) Banking & Finance.

Sub-Campus Sahiwal
BBA (Hons)
BS Chemistry

Bahadur Sub-Campus Layyah
BBA (Hons), B.Sc. (Hons.) Agriculture

1. Last date for receipt of applications: 25-09-2014 (Thursday)

2. Merit list No.1 of selected candidates: 30-09-2014 (Tuesday)

3. Last date for payment of dues for the selectees of Merit List No.1: 02-10-2014 (Thursday)

4. Merit list No.2: 03-10-2014 (Friday)

5. Last date for payment of dues for the selectees of Merit List No. 2: 09-10-2014 (Thursday)

6. Merit list No.3. 10-10-2014 (Friday)

7. Last date for payment of dues for the selectees of Merit List No. 3: 13-10-2014 (Monday)

8. Class work will start from: 24-10-2014 (Friday)

Note:
Lists of selected candidates will be displayed only on the Notice Board of concerned Department/Institute/Constituent College on the date announced in the admission schedule. The candidates are, therefore, advised to see the Notice Board of the respective Department/Institute/Constituent College for information regarding provisional admission/withdrawal or cancellation of admission in a Department/Institute/Constituent College.

Candidates will not be informed individually about their provisional admission/withdrawal or cancellation of admission and the University, therefore, will not accept any responsibility in this regard.

Information about conversion of seats from one category to the other category if any will be displayed on the Notice Board of the concerned Department/Institute/Constituent College only up to one day before the start of classes.

* Information for this list be taken from the respective departments.

---

Admission Schedule for Undergraduate Engineering Programs
Session, 2014-2015

Admission Schedule for B.Sc. Engg. in all disciplines i.e. Electrical, Civil, Mechanical, Building & Architectural, Computer, Agricultural, Textile and Metallurgy & Materials Engineering will be provided in the advertisement in the Newspaper.
Admission Schedule (Undergraduate Programs)
Session 2014-2015 (Evening/Afternoon)

The schedule for admission to:

**B.Z. University Main Campus**
BBA (Hons.), Pharm-D, BS (IT), BS (TS), BS Anthropology, BPA, BS Library Science, BS Social Work, BS Accounting & Finance, BS Commerce, Mathematics, Environmental Science, Food Science & Technology, Public Policy, Crimininology, Public Finance, Special Education, Educational Planning and Management, Applied Psychology, B.Arch, DVM, B.A. LLB (Hons.) 5-year.

**Sub-Campus Sahiwal**
BBA (Hons)
BS Chemistry

**Bahadur Sub-Campus Layyah**
BBA (Hons.),
BS Economics

1. Last date for receipt of applications: 25-09-2014 (Thursday)
2. Merit list No.1 of selected candidates: 14-10-2014 (Tuesday)
3. Last date for payment of dues for the selectees of Merit List No.1: 16-10-2014 (Thursday)
4. Merit list No.2: 17-10-2014 (Friday)
5. Last date for payment of dues for the selectees of Merit List No. 2: 20-10-2014 (Monday)
6. Merit list No.3: 21-10-2014 (Thursday)
7. Last date for payment of dues for the selectees of Merit List No. 3: 23-10-2014 (Thursday)
8. **Class work will start from:** 24-10-2014 (Friday)

**Note:**
Lists of selected candidates will be displayed only on the Notice Board of concerned Department/Institute on the date announced in the admission schedule. The candidates are, therefore, advised to see the Notice Board of the respective Department/Institute for information regarding provisional admission/withdrawal or cancellation of admission in a Department/Institute.

Candidates will not be informed individually about their provisional admission/withdrawal or cancellation of admission and the University, therefore, will not accept any responsibility in this regard.

Information about conversion of seats from one category to the other category if any will be displayed on the Notice Board of the concerned Department/Institute only up to one day before the start of classes.

A Forth merit list will be displayed on the Notice Board if the merit seat remain vacant after displaying of the third merit list.

* Information for this list be taken from the respective departments.
